5. Applicants who are unable to provide a specimen when requested shall be given a reasonable time period, up to three hours, to provide the sample. To encourage urination, the applicant may be given up to eight ounces of water every 30 minutes, with the amount not to exceed 40 ounces. This information shall be recorded on the DOC 0529.

 - d. If the Medical Review Officer determines that the positive results are due to a legitimate medical explanation, the drug test shall be reported to the Department Drug Screening Coordinator as negative and the respective Chief Administrator shall be notified in accordance with Paragraph II.H.8.a.
