S.E.I.U. LOCAL 1

COVERING WAGES, HOURS, AND

WORKING CONDITIONS OF WINDOW CLEANERS

for the Period

August 1, 2018 through July 31, 2023

THIS AGREEMENT, made and entered into this 1st day of August, 2018, by and between ______________________, hereinafter referred to as the EMPLOYER, and S.E.I.U., LOCAL 1, hereinafter referred to as the UNION.

The terms of this Agreement were negotiated through coordinated bargaining by a group of Contractors which included American National Skyline, Inc., Millard Chicago Window Cleaning, LLC, Service One, Inc., Superior Service Solutions, Inc., Donald Hamel Window Cleaning Company, ABM (hereinafter referred to collectively as “Coalition”).

ARTICLE 1

GENERAL CONDITIONS

1.1. Employer. The term Employer shall be defined to include all individuals, co-partnerships or corporations engaged in the window cleaning industry, and hiring employees.

1.2. Bargaining Unit Work. No more than one member of any firm or corporation, whether owner, partner, officer, stockholder, or agent which employs more than one window cleaner shall be permitted to wash windows. In all shops employing only one person, the working Employer shall perform the same type of work as the employee, but shall not be permitted to work longer hours than his employee. If there is not sufficient work for both, then the employee shall be given preference.

1.3. Union Right to Cancel Agreement. The Union reserves the right to refuse or cancel an agreement with any Employer who does not meet the following requirements:

a. Maintain an established shop at which the employees can report for work and at which there are adequate locker facilities for all employees.
b. Fully licensed and bonded with the city of origin.

c. Fully covered by compensation insurance and approved by the Illinois State Industrial Commission.

d. Carry Public Liability Insurance.

e. Furnish proof of adequate financial responsibility to protect any wages due employees.

f. The Union and/or Safety Committee may inspect all equipment pertaining to window cleaning and may condemn any equipment found unsafe.

The Union will retain a copy of Insurance Certificates verifying the coverage outlined in 1.3 (b) (c) and (d). All Certificates on file must reflect current coverage.

1.4. Seniority List. Each Employer shall furnish the Union on a quarterly basis a complete list of all window washers employed on the 16th day of each month.

1.5. Employment Reports. The Employer must notify the Union immediately upon discharge of any employee or when an employee leaves the Employer's employment. All employees must report to the Union's office in person when being hired by an Employer. An Employer must notify the Union within two (2) working days if the person was not employed by the Employer.

1.6. Successor Contractors. Whenever an Employer takes over a job that is serviced by an employee covered by the terms of this Agreement, said employee shall maintain all seniority rights and accumulated seniority. The successor Employer, however, shall not be liable for any claims by the said employee arising out of his prior employment.

1.7. Physical Examination. The Employer has the right to demand that a new employee pass a general physical including screening for controlled substances before hiring, at the Employer's expense.

1.8 General Conditions. Within 10 days after execution of the new CBA, each party will provide the other with the name, telephone number and email address of the individual designated to receive all notices required under the Agreement. Any change in the designated person shall be given within three working days of said change.
ARTICLE 2
MANAGEMENT RIGHTS

2.1. Rights of the Employer. Except as otherwise provided in this Agreement, the Employer retains the rights and functions of management that it has by law. Without limiting the generality of the above statement, these rights include:

A. Direction and arrangement of working forces, including the right to hire, suspend, transfer, relieve employees from duty and discharge for just cause including but not limited to:

   a. intoxication;

   b. diverting business from the Employer or soliciting business for himself or some other party on time while employed by the Employer;

   c. performing work for themselves or some other party on the Employer's time;

   d. failure to properly perform the work assigned;

   e. dishonesty; false or inaccurate reporting of time worked;

   f. drug abuse, including illegal drug use;

   g. malicious destruction of property.

   h. refusing to cooperate in requested drug or alcohol test.

   i. possession of current illegal drugs and/or alcohol while working.

   j. buying or selling of controlled substances and/or alcohol while working.

   k. not wearing fall protection equipment on scaffolds or RDS equipment

   l. The determination of services to be rendered, including the right to implement, modify, or abolish work rules. Union will receive employee rules and policies and a thirty-day notice of any change of rules and the right to grieve.

   m. The maintenance of discipline and control and use of company property.

   o. All discharges for just cause and disciplinary action for just cause of employees shall be the exclusive prerogative of management.

   p. The right to establish quality standards and judgment of workmanship required. The continued failure of an employee to meet Employer quality standards will be considered just cause for discipline, including discharge.
q. The employee will be subject to immediate discharge if employment was obtained on the basis of false or misleading information.

r. Management has total discretion to unilaterally provide employees with certain benefits above and beyond the wages, hours, terms and conditions set forth in the contract. Providing such benefits shall not create any precedent or past practice, or rise to the level of a contractual privilege, and the employer can decide if and when it will provide such benefits to any employee.

It is further agreed that the above detailed enumerations of management rights shall not be deemed to exclude any other management prerogatives that may not have been specifically enumerated.

2.2. Drug Testing. The Employer shall have the right to test employees for the use of illegal drugs or alcohol on a random basis. Employees who test positive for illegal drugs may, in the Employer’s discretion and as a condition of continued employment, be referred to a rehabilitation program on a mandatory basis, at the employee's expense, and be required to document their successful completion of all required treatments. If an employee refuses treatment, they shall be terminated.

2.3. Posted Rules and Regulations. Reasonable rules and regulations for the conduct of business, as the Employer shall consider necessary and proper, which do not conflict with the terms and spirits of this agreement, shall be observed by all employees. Such rules and regulations shall be posted or made available to employees and employee will sign off and Employer will keep copy of such sign offs.

2.4. Reporting Unlawful Activities. The union and its members agree to report to the Employer acts of theft, hours reporting violations, damage, or the taking of the Employer’s or its customer's property, materials or trade secrets. The Union will assist the Employer in recovering items taken, to include sending a certified letter to the member notifying the member of any charges made by the Employer and send a copy to the Employer.

2.5. Maintenance of Quality. Both parties recognize that it is to their mutual interest and to the best interest of both the Employer and its employees to see that the quality of workmanship is maintained. The Union will encourage its members to attain these ends.

2.6. Public Standing. It is agreed that the Union, the employees and members of the management staff shall do everything within their power to conduct themselves individually and collectively so as to reflect favorably on the industry and to improve the public standing of the Employer, the Union, and employees.

2.7. Labor-Management Committee. The parties recognize the benefit of exploration and study of current and potential problems and differences by meetings of representatives of the parties and an exchange of views and information without the stresses and time limitation, which may exist at the bargaining table. Accordingly, the parties agree to establish a committee to function during the term of the labor agreement to develop approaches
and possible solutions to matters of vital concern both to the Employer and the Union. Consequently, a joint study committee is to be established as follows:

A. The Employer and the Union agree to establish a joint study committee to study, explore and make recommendations to the parties during the life of this Agreement concerning labor relation problems referred to the committee by the parties.

B. The committee shall consist of equal members from the Union and from the Employer, a number to be named later. The Employer to this Agreement shall have one seat on any Labor-Management Committee and be given notice of any meetings at which such committee shall meet.

C. Persons from either party who are specialists in a subject under discussion may be brought into committee meetings by agreement of the co-chairmen.

D. The committee’s authority shall be limited to discussion, exploration and study of subject referred to it by the parties. Any committee recommendations to the parties are to be on a confidential basis.

E. The committee shall have no authority to bargain for the parties on any issue, or to determine the disposition of any grievances, which the committee may review.

F. Each party shall pay the expenses incurred by its permanent committee members.

G. The meetings shall be scheduled once every 2nd month unless deemed necessary to meet more frequently if mutually agreed upon.

H. The Union and the Coalition agree that in the month following the acceptance and ratification of the 2015-2018 contract, representatives of the parties will meet to formulate the criteria for the A-B-C rating system for all window cleaners. The following steps are to be taken by the Employer and the employee:

1. Employer will rate their own window cleaners.

2. If employee disagrees with the rating, he has the right to take the written, oral and practical tests that were developed by the Labor-Management Committee.

3. If the employee still challenges the rating, he has the right to bring the matter before an arbitrator whose decision will be final and binding on both parties. All costs will be borne equally by the union and the Employer.

2.8. **Union Responsibility.** The Union will attempt to recover work lost to non-union employers whenever possible. Union will copy the Employer on all letters that the Union has written to management.
ARTICLE 3-RECOGNITION OF
UNION SECURITY AND CHECKOFF

3.1. Recognition of Union. The Employer recognizes the Union as the sole and exclusive bargaining agent for all window cleaners in their employ and the work covered by this bargaining unit. This Agreement shall include, but shall not be limited to, the washing of both inside and outside surfaces of windows, glass cases and all other surfaces and all other work both inside and outside any building on which the employee works which is incidental to the cleaning of window surfaces.

3.2. Recognition

A. The Union recognizes the Coalition as individual window cleaning employers engaged in coordinated bargaining. No employer has delegated bargaining rights to the Coalition and the Coalition does not have the authority to act on behalf of any employers other than those identified above as participants in the Coalition.

B. Recognition of Independent Employers. The union recognizes that there are window cleaning Employers operating within the geographic jurisdiction of SEIU Local 1, who are not members of the Coalition and who have not authorized the Coalition to be their agent or act on their behalf. The Union and the Coalition recognize that the Union may enter into individual agreements with such Independent Employers.

3.3. Union Security. It shall also be a condition of employment that all employees covered by this Agreement and hired on or after the date on which this Agreement is signed, shall on the thirtieth (30th) day following the beginning of such employment become and remain members in good standing in the Union. Membership as provided herein only requires the payment of dues and initiation fees.

3.4. Dues Check-Off. The Employer recognizes the right of employees to authorize deductions or check-offs from their accrued wages to cover the expense of Union membership. This authorization must be in the nature of a written assignment in form conforming to all applicable laws. The check-off must be voluntarily signed by each employee and may cover only Union initiation fees and dues. Check-off authorizations must be procured by the Union and delivered to a proper official of the Employer.

The parties acknowledge and agree that the term “written authorization” as provided in this Agreement includes authorizations created and maintained by use of electronic records and electronic signatures, including electronically recorded phone calls. The Union shall be solely responsible for ensuring that all such electronic authorizations are fully compliant with State and Federal law. The Union, therefore, may use electronic records to verify Union membership, authorization for voluntary deduction of Union dues and fees from wages for remittance to the Union, and authorization for voluntary deductions from wages for remittance to
COPE Funds, subject to the requirements of state and federal law. The Employer shall accept confirmations from the Union that the Union possesses electronic records of such membership and give full force and effect to such authorizations as "authorization" for purposes of this Agreement.

The Employer agrees that it will deduct from the pay check of each employee who has signed a check-off authorization during the first month of each quarterly period, namely January, April, July and October, dues, initiation fees, and assessments. Remittance of these deductions shall be forwarded to the Union Office before the last day of each month as is so designated above.

3.4(B) Employment Reports/Notice of Hiring/Failure to Give Notice.

A. Employers who fail to notify the Union of the hiring of new employees pursuant to Section 3.3 of this Agreement shall be issued a written warning for each person so employed for whom the required notice was not given for the first offense, for each person so employed for whom the required notice was not given. If the same Employer fails to give the required notice for a different employee a second time within the same calendar year, the Employer shall pay liquidated damages in the sum of $20.00 for each person so employed for whom the required notice was not given, and $40.00 for each additional new person so employed for whom the required notice was not given for the third time within the same calendar year.

B. In the event the failure of such notification extends beyond an additional thirty (30) days after written warning by the Union is given, the liquidated damages shall be $75.00 for each person so employed for whom the required notice has not been given. For each successive thirty (30) day period there will be an additional liquidated damages of $75.00.

C. Such damages as assessed or awarded are to be paid within ten (10) days from the date of assessment or award.

D. Such damages as assessed or awarded are to be paid to the Union.

3.5. Indemnification. The Union agrees to indemnify and hold harmless the Employer against any and all claims, suits, orders or judgments brought or issued against the Employer as a result of any action taken by any person pursuant to 3.3 and/or 3.4.

ARTICLE 4
WAGES

4.1. Wages will be based on A-B-C classifications. The Employer will rate their window cleaners based on the six categories of expertise. Ratings must be given to union. See article 2.7.H 1-3 for disputes in rating.

These classifications are:
1) Powered scaffolds and pedestrian canopies
2) Rope Descent Systems (RDS) and/or Industrial Rope Access (IRA)
3) Extension and section ladders
4) Manlifts, boom lifts and rolling tower scaffolding
5) Poles
6) Cleaning solutions/chemicals

An "A" card employee must be proficient on all 6 categories.
A "B" card employee must be proficient in 5 of the 6 categories.
A "C" card employee must be proficient in 3 of the 6 categories

One of the following methods listed below shall be an acceptable method for the contractor to establish a journeyman's A-B-C rating classification.

A. The Contractor will provide an in-house test approved by the Union, which shall determine the A-B-C rating status. The window cleaner must also be able to show "hands on" knowledge of the equipment.

B. The Contractor shall furnish the International Window Cleaners Certification Institute's (IWCCI) course study and on line testing for the purposes of establishing the A-B-C rating status. The route and ground course shall be used for C card status, the suspended operations for RDS shall be used for B card status and the suspended scaffold course shall be used for A card Status.

C. If the Contractor does not make either of the above testing methods available, the length of continuous service as a union journeyperson will determine the rating as below:

- "A" card 8 years or more of continuous service with one employer.
- "B" card 7 years of continuous service with one employer.
- "C" card 1-3 years of continuous service with one employer.

Note: Tests will be based upon acceptable industry standard safety practices and safety standards. Course study material provided by the Contractor may include copies of the IWCA ANSI-I-1-14, ASME A-120, ANSI A-14, and applicable OSHA Regulations. Appropriate information and governmental/agency documents for these tests will be provided by each contractor for preparing for these tests.
4.2. Wages. Each Employer shall employ to perform labor as window washers only competent and skilled journeypersons and apprentices who shall receive for their labor for periods starting August 1, 2018 through July 31, 2023 the following wage scales:

5.1. Work Week/Overtime. A week's work shall consist of forty (40) hours on the basis of an eight (8) hour working day. Time and one-half shall be paid for all hours worked over forty (40) hours weekly provided, however, the employees who opt to be paid on a commission based system offered by the Employer shall not be subject to the terms of this article. All employees shall receive double time when working Sundays and holidays. Employer does not guarantee a forty (40) hour week, per employee, per week.

5.2. Pay Report. The Employer shall furnish employees with a statement each payday showing the following:

a. number of hours worked, including overtime;

b. amount earned;

c. itemized list of deductions;

d. week and date on stubs.

5.3. Shop to Shop Pay. Hourly employees must report at the shop unless mutually agreed upon by Employer and employee. These employees shall be paid by the Employer for car fare or provide transportation to the job site.

5.4. Starting Time. Starting time when working on truck, shall begin with the loading of the truck and end with the unloading of the truck, and shall be considered as time worked. This provision shall not apply to employees on piecework. Employees working hour for hour who report late to work without providing advance notice to the Employer or without adequate explanation for their failure to give notice in advance may be sent home without pay. Late for work shall mean any time after posted starting time.

5.5. Overtime Assignments. Employees must accept overtime assignments unless they have a reasonable or justifiable excuse for refusing such work. The Employer must give the employee forty-eight (48) hour notice of overtime assignments.

5.6. Reporting Pay. If on account of weather conditions or any other reasons not the fault of the Employer, no work can be done, two (2) hours show-up pay shall be allowed at the prevailing wage unless compensation is made on the basis of piecework or on the basis of a commission pay system offered by the Employer. The Employer shall have the right to require any employee entitled to show up pay to perform work of a similar nature at the shop.

5.7. Work Outside the City. On all work performed out of the City of Chicago, requiring overnight housing, the Employer shall pay the cost of housing plus $10.00 per day expense allowance. Employee's time shall include time spent traveling to the job, and after completion shall include time required in returning to Chicago. The Employer shall furnish
transportation to the job on all work performed beyond the City limits and also back to within a reasonable distance to suitable transportation inside the city limits. All out of town work is voluntary where overnight lodging is required.

5.8. Pay Over Rate in Agreement. Any employee whose wages have been computed on the basis of an hourly rate of pay in excess of that provided for in this Agreement for the applicable period of time shall continue to receive the same additional hourly differential over the rate in the Agreement provided for herein in those situations where the higher rate was regularly stated and agreed to by the Employer.

5.9. Union Inspection of Payroll Records. The payroll records involved in any dispute regarding wages shall be presented for inspection upon demand of the Union representative after a three day written notice is given to the Employer.

5.10. Breakdown Pay. If the motor on an electric chair or scaffold breaks down and it is not the fault of the employee, the Employer will pay up to but not more than two (2) hours per man per day of breakdown time.

5.11. Committee on Skill Testing. The Employer and the Union agree to set up a Committee of equal numbers of Union and Employer members within ninety (90) days of the Agreement's implementation. This Committee will develop a program of skill testing and possible wage differentials proposed by the Contractors during negotiations on this Agreement. This Committee will have a concise program formulated within six (6) months. This section shall only refer to the A-B-C differentials described in Section 4.1 of this agreement.

5.12. Time Recording. The Employer shall have the discretion to develop a procedure to maintain an accurate record of the time work commences and ends each day. No employee however shall be required to punch in and out for a lunch period of thirty (30) minutes, which shall be deducted from the total time recorded. This applies to hourly paid employees.

ARTICLE 6
PIECEWORK

6.1. Pay by Piecework. All employees shall have the right at their sole option to receive compensation upon a piecework basis, to perform specified jobs at a piecework rate of a specified amount per window, per floor, or per drop, completed in a workmanlike manner, provided that the piecework rate per window, per floor, or per drop, when performed during overtime hours, if any, shall be one and one-half times the piecework rate for the same job performed during regular hours.

For all jobs compensated on a piecework basis, the minimum piecework rate shall be no less than the hourly wage rate provided in this Agreement under Article 4.1. The Employer must provide the amount the job pays in dollars or hours to the employees who are compensated on a piecework basis on a work ticket or another company record at the employee's request. Any and all jobs paid in dollars and cents rather than hours will increase in dollars and cents in the same percentage as the increase in wages to the base hourly rate.
6.2. Other Terms of Agreement. During the period any piecework rate is in effect, all other terms of this Agreement (other than the hourly rate) shall remain in effect, and upon the termination of the piecework arrangement, all terms of this Agreement shall be in effect.

6.3. Piecework Disputes. In the event of any dispute between the employee and the Employer relating to the piecework agreement entered into between employee and Employer pursuant to this Agreement, the Union business representative shall have the right to inspect all applicable agreements.

6.4. Dispute Resolution Procedure. In the event of any dispute between the employee and the Employer as to whether the piecework rate applicable to a particular job provides an equitable earnings opportunity, that matter may be referred by the Union to a Joint Committee consisting of two Union representatives, one of whom shall be a business agent and the other a rank and file member, whose service on the Committee will be paid for by the Union, and two representatives from the Employer. If this Committee is unable to agree that the piecework rate for the job in question provides an equitable earnings opportunity, the members of the Committee shall select a neutral expert. This neutral expert shall review the piecework rate in question taking into consideration the requirements of the job and other factors relevant to the determination of whether the piecework rate provides an equitable earnings opportunity for a normally qualified employee motivated and working at an incentive pace. If the parties are unable to agree upon a neutral expert, they shall select by lot among a panel of experts designated by the Union and the Employer. A dispute as to whether the piecework rate applicable to a particular job provides an equitable earnings opportunity shall not be subject to the grievance and arbitration provisions of this Agreement.

6.5. Continuation of Rate. Unless the method of performing or the nature of a job is changed, each job shall continue to be paid at the same piecework rate for the term of this Agreement. In the event that the job is performed by a new or modified method or the nature of a job changes, disputes as to the proper rate for that job shall be resolved in accordance with 6.4.

6.6. Increase in Base Rates. The Employer shall provide the amount the job pays in dollars and/or hours or points to the employees when they are compensated on a piecework/commission basis either before the job is started or within twenty-four (24) hours after starting.

6.7. Commission Pay Option. The Employer, at the Employer’s sole and exclusive discretion, may implement a Commission pay structure to replace the Piecework pay structure governed by Article 6 of the collective bargaining agreement. The initial implementation of a Commission pay structure may occur at any time provided that, at the time of this initial implementation, employees will be given at least fourteen (14) days’ notice of the implementation and allowed to choose to be paid pursuant to the Commission pay structure or by the hourly rates then in effect as contained in the collective bargaining agreement. The Employer, may, at its sole discretion after implementing a Commission Pay structure, decide to terminate the Commission pay structure and return to Piecework under this Article 6 provided however that such change can occur only as part of the employee selection procedure on the 1st
day of February, June or October of any year. The Employer may return to a Commission pay structure at any time provided that such change can occur only as part of the employee selection procedure on the 1st day of February, June or October. At any time the Employer offers Piecework, Article 6 of the collective bargaining agreement shall govern and any time the Employer offers a Commission Pay structure, the Addendum language shall apply. In the event that a Member implements a Commission pay structure, Article 6 (Piecework) of the collective bargaining agreement shall be replaced by the language set forth in Appendix C to this Agreement governing Commission Pay structure.

ARTICLE 7
HEALTH AND WELFARE

7.1. Hospitalization. The Employer shall furnish each employee covered by the terms of this Agreement with Hospitalization, Health and Surgical benefits covered by a common schedule of benefits and issued by a nationally recognized insurance company. Such insurance shall continue in full force and effect until July 31, 2023 to be paid for by the Employer and employees. This insurance coverage shall not be applicable to new employees until they have been employed steadily for the same Employer for ninety (90) days. However, any union employee who was employed by another window washing company that is subject to a Collective Bargaining Agreement with SEIU Local 1 will not have an interruption in service for health insurance purposes, provided that the insurance carrier permits same. Apprentice employees will not be eligible for hospitalization coverage until they have worked for the same Employer for 90 days. An employer cannot discharge an apprentice solely to defeat this clause or Employer will be in violation of this contract.

An employee to be eligible for such hospitalization benefits must work one hundred and thirty (130) hours for a single employer from the 1st of the month proceeding the 31st of the month to qualify. Inclement weather or other delays not within the control of the employee shall not be counted against the employee for purposes of qualifying. If the employee is not available for work for at least one hundred and thirty (130) hours, he must pay the entire cost of the hospitalization by himself. Such payments may be made by the Employer by payroll deductions from the employee's pay. The Union recognizes the right of the Employer to deduct insurance deposits for possible violations of the 130-hour hospitalization rule. The Employer's deductions from employees shall not exceed $75.00 (seventy-five dollars) per paycheck for reimbursement. The Employer's advance payment will occur only if the employee properly executes a wage deduction authorization form.

Legal illness with a doctor's certificate or like proof will not be counted against the employee as far as qualifying for hospitalization.

7.2. Insurance Carrier. Hospitalization, medical and surgical insurance under a single or family group shall be issued by a nationally recognized insurance carrier for all employers signatory to this form of agreement. Any Employer which does not maintain this group hospitalization, medical, and surgical insurance shall be liable for any loss incurred by any employee of any insurance benefits resulting from such Employer's violation of this Agreement,
unless employee refused health care/disability coverage in writing. In the event that an Arbitration determines that an Employer has violated this section of the Agreement, the Arbitrator shall have the power to determine, in addition to all other amounts required by this Agreement, that the violating Employer shall pay all costs of the arbitration, including reasonable attorney's fees, to the Union.

Minor changes in specific coverage’s will be acceptable so long as the aggregate benefit level remains substantially similar. If difficulty is encountered in finding a competitive nationally recognized company willing to quote rates based on a common schedule of benefits, attempts will be made to secure rates with previous and present conditions intact. Since insurance costs are to be shared between the Employer and the employees, it is to their mutual advantage to investigate all possible methods of securing adequate quality coverage at reasonable rates.

Upon written request after at least six (6) months from and after November 1, 1975, the parties to this Agreement will meet to consider a jointly trusted health and welfare program. At any time during the term of this Agreement the parties hereto may mutually agree to change the insurance carrier for another health insurance plan, but it shall be a condition of any such change that the health insurance carrier shall agree to cover all Employers signatory to this form of Agreement at a uniform premium per employee and family.

At any time during this Agreement, if the Employer demands in writing a change in the health insurance carrier, even if an Employer is in violation, the Union and the Employer shall form a joint committee which will meet in good faith and investigate the availability of hospitalization, medical and surgical insurance of equal standards and equal acceptability of its identification card in hospitals throughout the area, to the end that costs for equal benefits and equal acceptability may be lowered. If the committee is in complete agreement and is able to locate any insurance carrier of equal acceptability which will provide equal benefits at lower cost, and subject to the condition that such carrier shall agree to cover all employees signatory to this form of Agreement at a uniform premium, the Committee shall so recommend to the Employer and the Union and such carrier may be substituted by agreement of the parties hereto. In the event that members of the Committee disagree as to whether a carrier of equal acceptability under the rules of the Federal Mediation and Conciliation Service, the Arbitrator shall determine whether the carrier proposed by the Employer to be substituted for the Common Carrier is of equal acceptability with respect to its identification card being recognized and utilized in hospital emergency rooms throughout the area and whether the proposed benefits levels are equivalent to those then in effect in the current Plan.

If the Arbitrator so decides, and in no other event, the proposed carrier may be substituted with the coverage found to be equivalent by the Arbitrator. The costs of such arbitration shall be borne equally by the parties. Pending arbitration and until an Arbitrator has determined that the proposed new carrier is one of equal acceptability that will provide equal benefits, the current carrier and policy will be continued in effect. The Union recognizes the right of the Employer to deduct the employee's portion of hospitalization and disability premiums from the employee paychecks, and each employee will execute a wage deduction form if asked to do so by the Employer. All deductions will be signed off and a copy be furnished to the Union.
Signed waivers are sent to the Union by certified letter. Union will verify authenticity of waiver.

The cost of hospitalization and disability insurance borne by the Employer will be as follows:

An employee who is off work, due to illness or injury incurred during his employment shall continue
to be covered under 7.2 and 7.3 and shall continue to receive the same health/hospitalization benefits as if he was working for eighteen (18) months. In addition, an employee who is off from work may request that the Employer pay the entire premium for eighteen (18) months. In addition, an employee who is off from work may request that the Employer pay the entire premium for this eighteen (18) month period as required by the Employer’s insurance carrier including the employee’s portion. In such event, the employee shall be required to execute an authorization providing for repayment of such additional amounts paid by the Employer in excess of the amounts the Employer is required to pay under Sections 7.2 and 7.3 for single or family coverage as applicable. If the employee refuses to execute an authorization or to promptly pay on a monthly basis his share of the premium, the Union shall be promptly notified and the Union will use its best efforts to persuade the employee to do so.

Failure to do so will result in the complete loss of the employee’s health/hospitalization insurance and the Employer will not be required to make any payment of the applicable single or family coverage on the employee’s behalf. In such event the Union shall be notified of such action. This authorization shall provide for repayments either as a wage deduction or over a reasonable period of time should such employee not return to work (See attached form). Upon determination by doctors that an employee cannot perform his duties, the Employer shall terminate payments for hospitalization and disability insurance.

7.7 Medicare Coverage. The Employer agrees to pay the cost of Medicare insurance for any employee over 65 years of age covered by this Agreement.
