### New Business

#### SFY 21 Preparedness and Response (PAR) Grant Project requests

Chairman Chamness reported the SFY 21 budget had been approved by the General Assembly and \$5m was appropriated for the Preparedness and Response Grant. The funding expires on June 30, 2021. Bob Evans, IEMA Preparedness Grants Section Manager, displayed a spreadsheet of the proposed SFY 21 PAR Grant project requests. (The spreadsheet was provided to the membership for their review before the meeting). Chairman Chamness reported that each project was placed into one of three tiers, as we have done in prior years. Tier 1 consists of priority projects totaling \$5m. Tier 2 and Tier 3 would be funded as funds become available due to items coming in less expensive than expected or not being purchased at all from Tier 1. (Projects in Tier 2 and 3 have not been prioritized yet). These projects were discussed and approved at the June 17, 2020, Council of Chairs meeting and recommended to bring forward to the full membership for their approval. Each entity/grantee presented their project requests. Discussion followed.

- *Do you approve the motion to approve the allocation of the SFY 21 Preparedness and Response (PAR) funds for the projects presented at today's June 24, 2020, full membership meeting?*

*Motion to Adopt: Charles Lauss, Cities of Champaign-Urbana*  
*Seconded: Joe Holomy, IL Fire Chiefs Association*

ILEAS is proposing that the Bearcat capital replacement process should continue. At the March 3, 2020, Council of Chairs meeting, ILEAS proposed purchasing two Bearcats to start the replacement process. Because the stay at home order has continued and will most likely continue until June 30, 2020, ILEAS will have an another \$266,417.93 in unspent funds that originally were intended for training salaries, training, overtime/backfill training, validation salaries and other expenses, as well as staff travel for the last quarter of this fiscal year. There is currently \$44,656.07 remaining in that grant Equipment line item. The \$266,417.93 combined with \$44,656.07 from equipment will be used to purchase the third Bearcat.

ILEAS proposes combining the following line items into the Equipment line:

\$ 27,058.26	Regional Field Training Wages
\$ 51,054.84	Regional Field Training Other
\$144,236.79	Training OTBF
\$ 14,793.75	Validation Wages
\$ 5,000.00	Validation Other
\$ 20,401.62	Validation OTBF
<u>\$ 3,872.67</u>	Staff Travel
\$266,417.93	

\$266,418 + \$44,656 = \$311,074 = cost of one Bearcat.

- *Motion to approve ILEAS’s request to consolidate \$311, 074 from unspent FFY18ILEASSRT overtime/backfill, regional training costs, salaries, travel and equipment into the Equipment line item in the same grant to purchase one Bearcat armored rescue vehicle at a cost not to exceed \$312,000.*
