 Illinois Department of Revenue
Schedule F (IL-1040) Instructions

What is the purpose of Schedule F?

The purpose of this schedule is to determine, for certain property acquired before August 1, 1969, the amount of appreciation that is attributable to the period between the date you acquired the property and August 1, 1969. Illinois does not tax the gain resulting from appreciation that accrued before that date, which is the effective date of the Illinois Income Tax Act. The amount of appreciation that accrued before August 1, 1969, is often called the "valuation limitation amount" or the "pre-August 1, 1969, appreciation amount."

Who should file?

You should file Schedule F only if

- you reported a capital gain from property that you acquired before August 1, 1969, and you have a net capital gain on U.S. 1040, Schedule D, Capital Gains and Losses; or
- you reported a gain on U.S. Form 4797, Sales of Business Property, from Section 1231, 1245, and 1250 property acquired before August 1, 1969; or
- you reported a gain on U.S. Form 6252, Installment Sale Income, from an installment sale on property acquired before August 1, 1969.

Do not file Schedule F for any transaction that resulted in a loss. For exceptions, see "What if I had Gains or Losses from Casualty or Theft?" on the next page.

Should I attach copies of other forms?

If you filed any of the following federal forms or schedules, you must attach copies of them to your Schedule F: U.S. 1040, Schedule D, Capital Gains and Losses; U.S. Form 4797, Sales of Business Property; U.S. Form 6252, Installment Sale Income; and U.S. Form 2119, Sale of Your Home.

For installment sales, see instructions on the back of Schedule F.

Step 1 – August 1, 1969, Valuation Limitation Amounts for Capital (Non-depreciable) Assets

Line 1

Column A – Write a description of the property or full name of security as shown on your U.S. 1040, Schedule D; U.S. Form 6252; or U.S. Form 2119.

Column B – Write the month and year you acquired the property. For securities you acquired through the exercise of rights, warrants, or options, write the date exercised.

Column C – Write the month and year you disposed of the property.

Column D – Write the total gain in the taxable year for each property as shown on U.S. 1040, Schedule D; U.S. Form 6252; or U.S. Form 2119.

Column E – Write the fair market value on August 1, 1969, or the "applicable fraction" for each property. Your entry for each property will depend upon whether the property was a listed security on August 1, 1969, or, if it was not listed, whether you have an appraisal of its fair market value as of August 1, 1969. See below.

How do I determine the fair market value of my property?

- **Listed Securities:** If the gain was from a security listed on a national securities exchange or quoted in the over-the-counter market between July 28 and 31, 1969, write the market value of the property on August 1, 1969.

If the security was traded between July 28 and 31, 1969, use the price of the last sale during the period to value the security. If the security was not traded during the period, use the average of the bid and ask quotations on July 31, 1969, to value the security.

If you traded through a tax-free exchange a listed security that you held on August 1, 1969, for an unlisted security and in the taxable year you sold the unlisted security, you must use the listed value on August 1, 1969, as the fair market value.

If, on the other hand, you traded through a tax-free exchange an unlisted security that you held on August 1, 1969, for a listed security and in the taxable year you sold the listed security, you must use a bona fide appraisal, if you have one, to compute the August 1, 1969, fair market value. In the absence of an appraisal, you must use the "number-of-months" method (see below).

- **Other Properties: Fair Market Value Readily Ascertainable by Appraisal** – If the gain was not from a security traded or quoted between July 28 and 31, 1969, write the fair market value of the property on August 1, 1969, only if the fair market value was readily ascertainable on that date. Attach a bona fide, independent written appraisal as of August 1, 1969, made by a competent appraiser of recognized standing and ability to support the readily ascertainable fair market value. Book value is not generally acceptable as evidence of the August 1, 1969, fair market value.
- **Other Properties: Fair Market Value Not Readily Ascertainable: The Number-of-Months Method** – If the fair market value of the property was not readily ascertainable on August 1, 1969, write a fraction (also called "applicable fraction") whose numerator is the number of full calendar months you held the property before August 1, 1969, and whose denominator is the total number of full calendar months you held the property. Do not include in the numerator or denominator the month that you acquired or disposed of the property. If the property was acquired in July, 1969, write zero in Columns E and G.

Column F – If you wrote the fair market value of the property in Column E, write in Column F the federal income tax basis of the property (to determine gain) as of August 1, 1969. Federal income tax basis is the amount you would have written as "cost or other basis" on U.S. 1040, Schedule D, or U.S. Form 6252 if you had sold the property on August 1, 1969.

If you wrote a fraction in Column E, leave Column F blank.

Column G – If you wrote the fair market value of the property in Column E, subtract Column F from Column E and write the difference. However, if Column F is equal to or greater than Column E, write zero. If you wrote a fraction in Column E, multiply Column D by the fraction and write the result.

Column H – Write the lesser of Column D or Column G.

Line 2

Write your share of any pre-August 1, 1969, appreciation amounts for capital gains from a partnership, S corporation, estate, or trust. The partnership, S corporation, estate, or trust must notify you of your share of such amounts.

If the entity gave you a copy of its Illinois Income Tax return, you will find the capital gain appreciation amount in

- Form IL-1120-ST, Schedule C, Column 4 (for S corporation returns);
- Form IL-1041, Schedule E, Column 3 (for estate or trust returns).

You must attach to your Form IL-1040 copies of your notification from the partnership, S corporation, trust, or estate.

Line 3

Write any gain you realized from a sale of employer securities received in a distribution from a qualified employee benefit plan. You will find the amount on Form IL-4644, Gains from Sales of Employer's Securities Received from a Qualified Employee Benefit Plan, Line 18.

Line 4

Add Lines 1 through 3. Write the amount here and on Step 3, Line 9.

Step 2 – August 1, 1969, Valuation Limitation Amounts for Property Used in Trade or Business (Sections 1231, 1245, and 1250 Property)

If you reported a gain or loss from an involuntary conversion because of casualty or theft of property acquired before August 1, 1969, see “What if I had Gains or Losses from Casualty or Theft ?” on this page.

Line 5

Column A – Write a description of the property as shown on your U.S. Form 4797 or U.S. Form 6252.

Column B – Write the month and year you acquired the property. For securities you acquired through the exercise of rights, warrants, or options, write the date exercised.

Column C – Write the month and year you disposed of the property.

Column D – Write the total gain in the taxable year reported for federal income tax purposes from each property listed in Column A. These gains are shown on U.S. Form 4797, Part I, Line 2, Column g, and Part III, Line 24, or on U.S. Form 6252, Part II, Line 24.

Column D1 – Write for each property the portion of Column D that is ordinary income under Section 1245 or 1250 of the Internal Revenue Code. This is reported on U.S. Form 4797, Part III, Lines 25b and 26g, or on U.S. Form 6252, Part II, Line 25.

Column D2 – Write for each property the portion of Column D that is a gain under Section 1231 of the Internal Revenue Code. Find this amount

- by subtracting the sum of U.S. Form 4797, Lines 25b, and 26g, from Line 24 of the same form, or
- on U.S. Form 6252, Line 26.

Column E – See instructions for Step 1, Line 1, Column E.

Column F – If you wrote the fair market value of the property in Column E, write in Column F the federal income tax basis (to determine gain) as of August 1, 1969. Federal income tax basis is the amount you would have written as “cost or other basis” on U.S. Form 4797 or U.S. Form 6252 if you had sold the property on August 1, 1969. If you wrote a fraction in Column E, leave Column F blank.

Column G – See instructions for Step 1, Line 1, Column G.

Column H – Write the smaller of Column G or Column D1. If you show no amount in Column D1, write zero in Column H.

Column I – Write the smaller of Column D2 or the excess of Column G over Column H. If Column D2 is blank, write zero in Column I.

Line 6

Column H – Write your share of any pre-August 1, 1969, appreciation amounts for Sections 1245 and 1250 gains from a partnership, S corporation, estate, or trust.

Column I – Write your share of any pre-August 1, 1969, appreciation amounts for Section 1231 gain from a partnership, S corporation, estate, or trust. The partnership, S corporation, estate, or trust must notify you of your share of these amounts.

If the entity gave you a copy of its Illinois Income Tax return, you will find the appreciation amounts for Section 1231, 1245, and 1250 property in

- Form IL-1120-ST, Schedule C, Columns 1, 2, and 3 (for S corporation returns);
- Form IL-1041, Schedule E, Columns 1 and 2 (for estate or trust returns).

You must attach to your Form IL-1040 copies of your notification from the partnership, S corporation, trust, or estate.

Line 7

Add Lines 5 and 6, Column H. Write the amount here and on Step 3, Line 16.

Line 8

Add Lines 5 and 6, Column I. Write the amount here and, if your U.S. 1040, Schedule D, Line 11, shows a gain, write the amount from Line 8 on Step 3, Line 10 also.

Step 3 – August 1, 1969, Valuation Limitation Amount. This part must be completed

Line 9

Write the amount from Step 1, Line 4.

Line 10

Write

- the amount from Step 2, Line 8 if your U.S. 1040, Schedule D, Line 11 shows a gain; or
- zero if your U.S. 1040, Schedule D, Line 11 is blank or shows a loss.

Line 11

Add Lines 9 and 10 and write the total.

Line 12

Write

- net capital gain from your U.S. 1040, Schedule D, Line 17; or
- zero if your U.S. 1040, Schedule D, Line 17, is blank or shows a loss.

Line 13

If you received a lump-sum distribution from a qualified employee benefit plan and a portion of that distribution was reported as capital gain on your U.S. 1040, Schedule D, you must include the amount of the capital gain on this line. (You may claim the subtraction for this capital gain on your Form IL-1040, Line 5, not on Schedule F. See Form IL-1040 instructions.)

If you sold employer securities received in a distribution from a qualified employee benefit plan and realized gain on the sale, include on Line 13 the amount from Form IL-4644, Line 13.

If you are a beneficiary of an estate or trust that received a capital gain distribution from a qualified employee benefit plan or realized a capital gain on the disposition of certain employer securities that were distributed under such a plan, the amount of the gain you received as a beneficiary of such estate or trust may be subject to limitation. Include the amount of your share of these amounts.

Lines 14 through 17

Follow the instructions on Schedule F.

What if I Had Gains or Losses From Casualty or Theft?

If you report a gain or a loss from an involuntary conversion because of casualty or theft of property acquired before August 1, 1969, follow these steps:

- If you reported on U.S. Form 4797 a gain from such conversion, report the gain in accordance with instructions for Step 2 of this schedule.
- If you reported on U.S. Form 4797 a net loss from such conversion, complete Step 2 only if you reported Section 1245 or 1250 gain on the conversion. On your Schedule F, complete Columns A through D1 and Columns E through H in accordance with the Step 2 instructions for those Columns. Write zero in Column D2 and Column I.

What about partnerships, S corporations, estates, and trusts?

If you shared in pre-August 1, 1969, appreciation amounts from a partnership, S corporation, estate, or trust because of involuntary conversion by casualty or theft of property acquired before August 1, 1969, complete Step 2, Line 6, Column I as follows:

- If you reported a net gain on your U.S. Form 4797, write your share of Section 1231 appreciation amounts.
- If you reported a net loss on your U.S. Form 4797, write your share of Section 1231 appreciation amounts excluding appreciation amounts attributable to involuntary conversions by casualty or theft.

The partnership, S corporation, estate, or trust must inform you of your share of these amounts.
