What's New for Tax Year

Estimated Income Tax Payments

Taxpayers are required to make estimated income tax payments if they expect their tax to exceed \$500 after subtracting their withholding and credits. Previously this amount was \$250.

Prior to making estimated income tax payments, taxpayers should verify that their tax amount **will exceed** \$500 after subtracting their withholding and credits.

Military Pay

Taxpayers receiving military pay from the U.S. Armed Forces Reserves or the Illinois National Guard may subtract this entire amount on Form IL-1040. Previously, only active-duty military pay was allowed as a subtraction.

Voluntary Contribution

Taxpayers will have the opportunity to contribute to the Korean War Veterans National Museum and Library Fund.

Affordable Housing Credit

Taxpayers making donations to certain affordable housing projects will be allowed a credit on Schedule 1299-C.

e-File and PC File Expand to Include

- ▶ **Schedule CR** – Illinois full-year resident taxpayers who claim a credit on Schedule CR, Credit for Taxes Paid to Other States, for taxes paid in *Missouri, Indiana, Iowa, Kentucky, Michigan, Wisconsin, and their local taxing jurisdictions (city and county)*, may file their Illinois returns through e-File and PC tax filing software.
- ▶ **Form IL-2210** – Most taxpayers who figure their late-payment penalty for underpayment of estimated tax on Form IL-2210, Computation of Penalties for Individuals, may file their Illinois returns through e-File and PC tax filing software.

Common Filing Errors

Filing errors delay the processing of your tax return and the issuance of your refund. Be sure to:

- ▶ attach all required supporting information. Look on Form IL-1040 for the  symbol, and check the instructions on Page 22.
- ▶ complete both Lines **a** and **b** if you are claiming a Property Tax Credit on Line 20, an Education Expense Credit on Line 21, or an Earned Income Credit on Line 22.
- ▶ exclude any daycare, preschool, or college expenses when figuring the Education Expense Credit on Line 21.
- ▶ sign your return and include a telephone number where you can be contacted.

General Information

? Who is an Illinois resident?

You are an Illinois resident if you were domiciled in Illinois for the entire tax year. Your domicile is the place where you resided and the place where you intend to return after temporary absences. Temporary absences may include active duty in the U.S. Armed Forces, residence in a foreign country, out-of-state residence as a student, or out-of-state residence during the winter or summer. If you are absent from Illinois for one year or more, we will presume you are a nonresident of Illinois. However, this nonresident status is not definite and may be changed if you supply satisfactory evidence.

? Who must file an Illinois tax return?

If you were

- ▶ **an Illinois resident taxpayer**, you must file Form IL-1040, Individual Income Tax Return, if
 - you filed a federal income tax return electronically or by paper; or
 - you were not required to file a federal income tax return, but your Illinois base income was greater than your Illinois exemption allowance.
- ▶ **an Illinois resident taxpayer and worked in Iowa, Kentucky, Michigan, or Wisconsin**, you must file Form IL-1040 and include as Illinois income any compensation you received from an employer in these states. Compensation paid to Illinois residents working in these states is taxed by Illinois. Based on reciprocal agreements between Illinois and these states, these states do not tax the compensation of Illinois residents.

If your employer in any of these states withheld that state's tax from your compensation, you may claim a refund of that state's tax withheld by filing the correct form with that state. You may not claim tax withheld by an employer in these states as a credit on your Illinois return.
- ▶ **a retired Illinois resident taxpayer** and filed a federal return, you must file a Form IL-1040. However, certain types of retirement income (e.g., pension, Social Security, governmental deferred compensation) are not taxed by Illinois. Read the instructions for "Federally taxed Social Security benefits and certain retirement plans" to see what types of retirement income you may subtract.
- ▶ **a part-year resident taxpayer** (i.e., you were an Illinois resident for a part but not all of the tax year), you must file Form IL-1040 with Schedule NR, Nonresident and Part-Year Resident Computation of Illinois Tax, if
 - you earned income from any source while you were a resident,
 - you earned income from Illinois sources while you were not a resident, or
 - you want a refund of any Illinois Income Tax withheld.
- ▶ **a nonresident taxpayer** (i.e., you were not an Illinois resident at any time during the tax year), you must file Form IL-1040 with Schedule NR if
 - you earned income from Illinois sources, or
 - you want a refund of any Illinois Income Tax withheld.

▶ **an Iowa, Kentucky, Michigan, or Wisconsin resident and worked in Illinois**, you must file Form IL-1040 with Schedule NR if

– you received income in Illinois from sources other than wages, salaries, tips, and commissions (you must pay tax on this income regardless of residency); or

– you want a refund of any Illinois Income Tax withheld.

If you received compensation from Illinois employers, you are not required to pay Illinois Income Tax on this income. This is based on reciprocal agreements between Illinois and these states and applies only to compensation you received from wages, salaries, tips, and commissions.

The reciprocal agreements do not apply to any other income you might have received, such as Illinois lottery winnings.

▶ **an Illinois resident and you were claimed as a dependent on your parents' or another person's return**, you may not be exempt from tax. You must file Form IL-1040 if

- your Illinois base income is greater than \$2,000, or
- your Illinois base income is \$2,000 or less and you want a refund of Illinois Income Tax withheld from your pay.

Note → If your parent claimed your interest and dividend income through U.S. Form 8814, do not file your own Form IL-1040.

▶ **the surviving spouse or representative of a deceased taxpayer**, you must file any return required of that taxpayer. Please refer to the special instructions for Step 1 in the Step-by-Step Instructions under the question, "How do I file a decedent's return?"

▶ **a student**, you are not exempt from tax nor are there special residency provisions for you. However, income that is not taxable under federal income tax law, such as certain scholarships or fellowships, is also not taxed by Illinois.

▶ **a nonresident alien taxpayer**, you are not exempt from tax. However, income that is not taxable under federal income tax law, such as foreign treaty income, is also not taxed by Illinois. You must attach a completed copy of your U.S. 1040NR or U.S. 1040NR-EZ.

Even if you are not required to file Form IL-1040, you must file to get a refund of any Illinois Income Tax withheld from your pay or any estimated tax payments you made.

? How may I file?

You may file your individual income tax return electronically by using the Internet, a telephone, a tax professional, PC tax filing software; or you may file by using the paper Form IL-1040.

To file your return electronically, you must meet certain criteria. See our specific electronic filing requirements in the front of this booklet. If you want to receive your refund quickly, file electronically and have your refund directly deposited into your checking or savings account.

Note → Computer generated forms must be approved by the department. Check your software information or ask

your software vendor to insure that the software you use generates acceptable forms.

? What is Illinois income?

Your Illinois income includes the adjusted gross income amount figured on your federal return, plus any federally tax-exempt income and other Illinois additions that must be added to your Illinois income. Some of this additional income may be subtracted when figuring your Illinois base income. See the Step-by-Step Instructions.

You should follow the federal law concerning passive activity income and losses. You are not required to recalculate your federal passive activity losses.

Also, federal law will govern the taxation of income from community property sources in the case of spouses who are residents of different states and who file separate returns.

? When should I file?

Your Illinois filing period is the same as your federal filing period. We will assume that you are filing your Form IL-1040 for calendar year 2001 unless you indicate a different filing period in the space provided at the top of the return. The due date for calendar year filers is April 15, 2002.

We grant an **automatic six-month extension** of time to file your individual income tax return. This extension does **not** grant you an extension of time to pay any tax you owe. If you determine that you will owe tax, you must file Form IL-505-I, Automatic Extension Payment for Individuals, to pay any tax you owe in order to avoid penalty and interest on tax not paid by April 15, 2002.

? Will I owe penalties and interest?

You will owe a

- ▶ **late-filing penalty** if you do not file a processable return by the extended due date,
- ▶ **late-payment penalty** if you do not pay the tax you owe by the original due date of the return, and
- ▶ **bad check penalty** if your remittance is not honored by your financial institution.

Interest is figured on tax from the day after the original due date of your return through the date you pay the tax. We will bill you for penalties and interest. For more information about penalties and interest, see Publication 103, Uniform Penalties and Interest.

? What if I cannot pay?

If you cannot pay the tax you owe but you can complete your return on time, file your return by the extended due date without the payment. This will prevent a late-filing penalty from being assessed. You will, however, owe a late-payment penalty **and interest** on any tax you owe after the original due date, even if you have an extension of time to file.

Therefore, it will be to your advantage to pay as soon as possible.

You have the option to pay the amount you owe by using our electronic funds withdrawal payment option or by credit card. See the Step-by-Step Instructions for Step 11.

? Should I round?

To make it easier for you to figure your tax, you may round the dollar amounts on your Form IL-1040 and accompanying schedules to whole dollars. To do this, you should round to the nearest dollar by dropping amounts of less than 50 cents and increasing amounts of 50 cents or more to the next higher dollar.

? Should I file an amended return?

You should file Form IL-1040-X, Amended Individual Income Tax Return, if

- ▶ you discover that an error was made on your Illinois return after it has been filed,
- ▶ your federal return has been adjusted by the Internal Revenue Service, or
- ▶ you filed a U.S. 1040X and the change affects your Illinois income, additions, subtractions, exemptions, or credits.

If you are amending your return before the automatic extended due date, refer to the IL-1040-X instructions, complete your amended return, and send it to us promptly. Any correction made may cause us to refigure your penalties and interest.

If you are amending your return after the automatic extended due date, refer to Form IL-1040-X for further instructions. If Line 1 is changed due to a federal change, please do not file with Illinois until you receive the federal finalization.

? What if I employ household employees?

If you employ household employees, you may choose an easier method for filing and paying the Illinois Income Tax that you withhold from your household employees' wages. For more details, refer to Booklet IL-700-H, Illinois Withholding Tax Guide and Tables. For information on how to obtain a copy of this publication, see below or the back page of this booklet.

? How do I get copies of forms, booklets, publications, and bulletins?

If you would like a copy of a form, booklet, publication, or bulletin,

- ▶ visit our Web site at **www.ILtax.com**;
- ▶ call our Illinois Tax Fax, our fax-on-demand service, at **217 785-3400**;
- ▶ call our 24-hour Forms Order Line at **1 800 356-6302** (our telephones are available seven days a week); or
- ▶ write to Illinois Department of Revenue, P.O. Box 19010, Springfield, Illinois 62794-9010.

Step 1: Complete your personal information

Lines A-D

Line A: Social Security number

Write your Social Security number and, if filing jointly, write your spouse's Social Security number. Please write your Social Security numbers in the same order that they appear on your federal return.

You must list your spouse's Social Security number regardless of your filing status. Be sure to include both Social Security numbers on all checks and correspondence.

Line B: Name and address

Print the full **name** of each person filing the return. If you are married and filing a joint return, print both names as they appear on your federal return. If you are married and filing separate returns, print only your full name. **Do not** print your spouse's name.

Your complete, permanent **mailing address** should be on the form. If you move after you file, call us at **1 800 732-8866** or write us at one of our offices informing us of your new address and the date you moved. Include your Social Security number (and your spouse's Social Security number, if filing jointly), as well as both your old and new addresses. See the back page of this booklet for addresses of our offices.

?

How do I file a decedent's return?

When you are filing a joint return as a surviving spouse, print your name and your spouse's name on the appropriate lines. Cross through your spouse's name, and write "deceased" and the *date of death* above your spouse's name. After completing your return, sign your name in the area provided for your signature and write "filing as surviving spouse" in place of the decedent's signature. If you, as the surviving spouse, are due a refund, the refund will be issued directly to you.

When you are filing a return on behalf of a deceased taxpayer, print the name of the taxpayer on the appropriate line. Cross through the taxpayer's name, and write "deceased" and the date of death above the decedent's name.

A personal representative, such as an executor, administrator, or anyone who is in charge of the decedent's property, must sign and date the return. The representative's title and telephone number should also be provided.

If a refund is due, attach Form IL-1310, Statement of Person Claiming Refund Due a Deceased Taxpayer.

Note → Be sure to make all changes to the name and address on the return for future correspondence.

Line C: Filing status

Check the same filing status that you checked on your federal return. If you did not file a federal return, check the filing status you would have checked if you had filed a federal return.

If you are filing "married filing separately," be sure to write your spouse's Social Security number on the line provided. However, **do not** write your spouse's name. If your spouse's name appears on your return, any **refund will be issued in both names**.

Note → If you are filing a joint federal return and one spouse is an Illinois resident while the other is a part-year resident or a nonresident (e.g., military personnel), you may choose to file "married filing separately." In this case, each spouse must determine income and exemptions as if he or she had filed separate federal returns. You **may not** subtract your spouse's out-of-state income on your Form IL-1040.

If you choose to file a joint return, this election is irrevocable for the tax year. Both spouses will be treated as residents, and all income will be allocated to Illinois. You may be allowed a credit for income tax paid to another state on Schedule CR, Credit for Tax Paid to Other States.

Line D: Farmers

Check the box in the barn if at least two-thirds of your total federal gross income came from farming. Total federal gross income includes your spouse's income if your filing status is "married filing jointly."

?

What is federal gross income from farming?

"Federal gross income from farming" is the amount of income you received from your participation in the production of crops, fruits, fish, livestock (used for draft, breeding, or dairy purposes), or other agricultural products. This includes income from the operation of a stock, dairy, poultry, fruit, or truck farm, plantation, ranch, nursery, range, or orchard – regardless of whether the operation is organized as a sole proprietorship, a partnership, an S corporation, or a trust. "Federal gross income from farming" also includes a share of crops produced in exchange for the use of the land.

"Federal gross income from farming" does not include payments from the sale of farm land and farm equipment, nor does it include income received by a custom grain harvester who performs grain harvesting and hauling services on farms he or she does not own, rent, or lease. It also does not include the wages of a farm employee or cash rent.

Step 2: Figure your income

Lines 1-4

Line 1: Adjusted gross income

Write the amount shown as adjusted gross income from your federal electronically filed return or your paper U.S. 1040, Line 33; U.S. 1040A, Line 19; U.S. 1040EZ, Line 4; or your U.S. federal TeleFile Worksheet, Line I. If you are not required to file a federal income tax return, you can use the U.S. 1040 as a worksheet to determine your adjusted gross income.

Line 2: Federally tax-exempt income

Write the amount of federally tax-exempt interest and dividend income you received. This amount is written on Line 8b of your U.S. 1040 or U.S. 1040A and is not included in your adjusted gross income on Form IL-1040, Line 1. This includes interest and dividend income paid or accrued to you on state, municipal, or any other obligations.

Include your distributive share of federally tax-exempt interest and dividend income received from a partnership, an S corporation, an estate, or a trust. The partnership, S corporation, estate, or trust is required to notify you of your share of this type of income. An Illinois entity will send you an Illinois Schedule K-1-P, Partner's or Shareholder's Share of Income, Deductions, Credits, and Recapture, or Illinois Schedule K-1-T, Beneficiary's Share of Income and Deductions, specifically identifying your income.

Line 3: Other additions to income

Write the total amount of any other additions to your income that you received from the sources below, identifying each addition on the line provided on the form. Do not include any distribution for federally tax-exempt income already included in Line 2.

- ▶ If you elected to report your child's interest and dividend income on U.S. Form 8814, Parents' Election To Report Child's Interest and Dividends, you are required to include any federally tax-exempt interest that you reported on U.S. Form 8814 on Form IL-1040, Line 3.

- ▶ Include Illinois Income Tax from your business, farm, or rental schedule that was deducted on your federal return. (Do not include any Illinois Income Tax included as an itemized deduction on your U.S. 1040, Schedule A, Itemized Deductions.)
- ▶ Include your distributive share of additions received from a partnership, an S corporation, an estate, or a trust. The partnership, S corporation, estate, or trust is required to notify you of your share of this type of income. An Illinois entity will send you an Illinois Schedule K-1-P, Partner's or Shareholder's Share of Income, Deductions, Credits, and Recapture, or Illinois Schedule K-1-T, Beneficiary's Share of Income and Deductions, specifically identifying your income.
- ▶ Include withdrawals made and interest earned from your Medical Care Savings Account that are not included in your adjusted gross income, Line 1. Include this income only if your withdrawals were for purposes other than those allowed under the Medical Care Savings Account Act.
- ▶ Include any amount equal to any eligible remediation costs that you deducted in figuring your adjusted gross income and that you will claim as an Environmental Remediation Credit on your Schedule 1299-C, Income Tax Subtractions and Credits, for this tax year.
- ▶ Add back any amount of loss that you included in your adjusted gross income from a Lloyds plan of operation, if that loss was reported on your behalf on Form IL-1023-C, Composite Income and Replacement Tax Return.

Line 4: Income

Add Lines 1 through 3, and write the total on Line 4. **This is your income.**

Some of your Illinois income may be subtracted on Lines 5 through 9. Refer to these line instructions to see if you are entitled to any of these subtractions.

Step 3: Figure your base income

Lines 5-11

Line 5: Federally taxed Social Security benefits and certain retirement plans

Write the amount of any federally taxed portion (not the gross amount) that is included in your Form IL-1040, Line 1, adjusted gross income, and that you received from

- ▶ a government retirement or government disability plan, including military plans and amounts from government plans reported on your U.S. 1040, Line 7, or U.S. 1040A, Line 7.
- ▶ a state or local governmental deferred compensation plan paid under IRC Section 457 and reported on your U.S. 1040, Line 7, or U.S. 1040A, Line 7.
- ▶ an Individual Retirement Account (IRA) and a self-employed retirement (SEP) plan as reported on your U.S. 1040, Line 15b, or U.S. 1040A, Line 11b.

- ▶ a **qualified** employee benefit plan including 401(k) plans as reported on your U.S. 1040, Line 16b, or U.S. 1040A, Line 12b.

Note → A qualified employee benefit plan is defined in the Internal Revenue Code, Sections 402 through 408. If you do not know whether your employee benefit plan is qualified, check with your employer.

- ▶ Social Security benefits as reported on your U.S. 1040, Line 20b, or U.S. 1040A, Line 14b. **Do not include** Social Security withheld from wages.
- ▶ converting a traditional IRA to a Roth IRA as reported on your U.S. 1040, Line 15b, or U.S. 1040A, Line 11b.

Lines 5-7

Note → The Internal Revenue Service requires taxpayers to include in their adjusted gross income the amount they rolled over from a traditional IRA to a Roth IRA. Illinois allows you to subtract this amount.

- ▶ interest income realized on the redemption of U.S. retirement bonds as reported on your U.S. 1040, Line 8a, or U.S. 1040A, Line 8a.
- ▶ railroad retirement income as reported on your U.S. 1040, Line 16b, or U.S. 1040A, Line 12b.
- ▶ retirement payments to retired partners as reported on your U.S. 1040, Line 17.
- ▶ capital gains on employer securities received in a lump-sum distribution, to the extent the gains are due to net unrealized appreciation on the securities at the time of distribution and reported on your U.S. 1040, Line 13.

You may include early distributions from qualified plans and IRAs.

? _____

What federally taxed income may I not include?

You may not include income received as third-party sick pay, nongovernment disability plans, or nongovernment deferred compensation plans, which are not qualified employee benefit plans.

You may not include any ordinary income from a qualified retirement plan for which you have elected to use the “Special 10-Year Averaging Method” or “Special 5-Year Averaging Method” on U.S. Form 4972, Tax on Lump-Sum Distributions.

? _____

What forms must I attach to my return to show that my benefit or retirement income is subtractable?

Attach a copy of your

- U.S. 1040 or U.S. 1040A, Page 1, and Form 1099-R for pension and annuity, governmental disability income, Social Security benefits, railroad retirement, IRA distribution, Roth IRAs, and retirement payment to retired partners.

Be sure to include both ordinary income and capital gains income included on U.S. 1040, Page 1.
- U.S. 1040, Schedule D, Capital Gains and Losses, and Form IL-4644, Gains from Sales of Employer’s Securities Received from a Qualified Employee Benefit Plan, for a gain on the sale or exchange of employer securities.

Line 6: Military pay earned

Write the amount of military pay that you received from the U.S. Armed Forces or the Illinois National Guard.

Attach your military Form W-2.

? _____

What military pay may I subtract?

You may subtract pay for

- duty in the armed forces, including basic training;
- duty for serving in the U.S. Armed Forces Reserves or an Illinois National Guard unit, including ROTC; and
- duty as a cadet at the U.S. Military, Air Force, and Coast Guard academies or as a midshipman at the U.S. Naval Academy.

? _____

What military pay may I not subtract?

You may not subtract military income that you excluded from your adjusted gross income, Line 1.

You may **not** subtract

- certain combat pay that is not included in your adjusted gross income, Line 1;
- pay you received under the Voluntary Separation Incentive;

This amount should have been reported as income on your 2001 U.S. 1040, Line 10. You are allowed this subtraction only if you deducted this amount in the prior year on your U.S. 1040, Schedule A, Itemized Deductions.

Note → If you filed a U.S. 1040A or a U.S. 1040EZ, or TeleFiled your federal return, you may not take this subtraction.

Line 8: U.S. Treasury bonds, bills, notes, savings bonds, and U.S. agency interest

Write the total income included in your Form IL-1040, Line 1, that you received from U.S. Treasury bonds, bills, notes, savings bonds, U.S. agency income, and other similar obligations from either your

- ▶ U.S. 1040, Schedule B, Interest and Dividend Income;
- ▶ U.S. 1040A, Schedule 1, Interest and Dividend Income for Form 1040A Filers; or

You must identify on your U.S. 1040, Schedule B, or U.S. 1040A, Schedule 1, each specific type of obligation to which this interest relates.

Attach a copy of your U.S. 1040, Schedule B, or U.S. 1040A, Schedule 1 that clearly identifies your interest from U.S. obligations.

Savings bond interest that is not included in your federal adjusted gross income is **not an allowable subtraction**.

- ▶ **income** you received from U.S. agency notes, bonds, debentures, and other similar obligations that you included on Line 1 and that are exempt from Illinois taxation by federal statutes. This amount must be reduced by any related bond premium amortization deducted federally. *Examples include:* income received from obligations issued by banks for cooperatives, federal home loan banks, and the Federal Savings and Loan Insurance Corporation. Refer to our Publication 101, Income Exempt from Tax, for a complete listing.

Attach a copy of your U.S. 1040, Schedule B, or U.S. 1040A, Schedule 1.

- ▶ **federally taxed distribution** you received from mutual funds investing exclusively in U.S. government obligations. If the mutual fund invests in both exempt and nonexempt federal obligations, the deduction allowed will be the distribution received from the mutual fund attributable to the U.S. government obligations, as determined by the mutual fund.

If the mutual fund does not provide this percentage amount, multiply the total distribution by a fraction. The numerator is the amount invested by the fund in state-exempt U.S. government obligations, and the denominator is the fund's total investment.

Attach a copy of your U.S. 1040, Schedule B, or U.S. 1040A, Schedule 1; **a copy of the statement received from the mutual fund**; and any worksheets showing the calculations as outlined above.

For further information refer to Publication 101, Income Exempt from Tax, which explains and identifies income that is exempt from Illinois Income Tax.

Note → If you received a distributive share of a subtraction that included U.S. government obligations from a partnership, an S corporation, a trust, or an estate, include that amount on Line 9.

Line 9: Other subtractions to income

Identify each of the following subtractions on the line provided. You may not list anything that is not identified below or in our Publication 101, Income Exempt from Tax.

Write the total

- ▶ **premiums paid for health insurance and long term care insurance.** You must be
 - self-employed,
 - a partner in a partnership, or
 - a shareholder in an S corporation, **and**
 the premiums must be for yourself, your spouse, or your dependents.

You **may claim** this deduction if you were allowed to claim this deduction federally by completing the federal Self-Employed Health Insurance Deduction Worksheet in their instructions or Pub. 535.

To figure the amount to deduct on your Illinois return, you must subtract the amount of premiums you claimed on your U.S. Form 1040 (including U.S. 1040, Schedule A) from your total amount of premiums. The difference is the amount you may deduct on your Illinois return.

Example

$$\begin{array}{r r r r r}
 \$4,000 & - & \$2,600 & = & \$1,400 \\
 \text{(Total amount)} & & \text{(Amount claimed)} & & \text{(Amount to claim)} \\
 \text{(of premiums paid)} & & \text{(federally)} & & \text{(on Illinois return)}
 \end{array}$$

In addition, your Illinois deduction may not exceed the total taxable portion of your self-employment, partnership, or S corporation income.

You **may not claim** this deduction if you are eligible for benefits from your employer's or your spouse's employer's health insurance plan. For more information, refer to Informational Bulletin FY 96-23.

- ▶ **expenses for federally tax-exempt investments**, such as state or municipal bonds that you reported in Line 2. You may deduct expenses relating to those items that were disallowed as federal deductions because the income was exempt from federal tax under the Internal Revenue Code, Section 171(a)(2), 265 or 280C.
- ▶ **interest on obligations of Illinois state and local governments included on Line 2.** This amount is the net amount of any related bond premium amortization. **Be specific** in identifying your obligations.

Attach a copy of the statement you received that specifically identifies the payer and the amount of obligation. Attach a copy for each obligation included.

Income from state and local governments is **not exempt** from Illinois Income Tax except where legislation has been specifically adopted to provide for an exemption.

Following is a list of securities that are exempt. However, income from these obligations is **not exempt** if you own them indirectly through owning shares in a mutual fund.

Line 9

Securities exempt from Illinois Income Tax include

- Illinois Housing Development Authority bonds and notes (except housing-related commercial facilities bonds and notes)
- Export Development Act bonds
- Illinois Development Finance Authority bonds, notes, and other evidence of obligation (only venture fund and infrastructure bonds)

- ▶ **any of your child's income** that you reported on U.S. Form 8814, *Parents' Election To Report Child's Interest and Dividends*, that is allowed as a subtraction on Lines 8 and 9. You may claim this amount only if your child's income is included on your Form IL-1040, Line 1 or Line 3. Identify this subtraction as "U.S. 8814."
- ▶ **your distributive share** of subtractions from a partnership, an S corporation, a trust, or an estate. Attach a copy of the notification (which includes the FEIN) furnished to you that **specifically details** the amount of the subtraction being claimed as your distributive share.

If your distributive share is from a grantor trust, attach a detailed statement that identifies the grantor trust.

Note → The partnership, S corporation, trust, or estate is required to notify you of your share of these subtractions, if any. You may write the amount of such subtractions only if you are notified. An Illinois entity will send you an Illinois Schedule K-1-P, *Partner's or Shareholder's Share of Income, Deductions, Credits, and Recapture*, or Illinois Schedule K-1-T, *Beneficiary's Share of Income and Deductions*, specifically identifying your subtractions.

You must attach a copy of these schedules.

- ▶ the amount of your **August 1, 1969, valuation limitation** from Schedule F, *Gains from Sales or Exchanges of Property Acquired Before August 1, 1969*, Line 17.
You must attach Schedule F and copies of required federal forms.

an enterprise zone designated by the state of Illinois, and the amount of dividends received from a corporation that conducts business operations in a federally designated **foreign trade zone or subzone** located in Illinois and that is designated by the Illinois Department of Commerce and Community Affairs as a "High-Impact Business." You must have included these items on your 2001 U.S. 1040, Page 1, and your 2001 Form IL-1040, Line 1.
Attach to Form IL-1040 a copy of U.S. 1040, Page 1, and any schedule or attachment to your 2001 U.S. 1040 that shows the nature and source of this deduction.
- ▶ **ridesharing money** and other benefits (other than salary) received by a driver in a ridesharing arrangement using a motor vehicle if these amounts are included in Line 1.
- ▶ an amount equal to the deduction used to compute the federal tax credit for restoration of amounts held under **claim of right** under the Internal Revenue Code, Section 1341.
- ▶ contributions you made under the Tax Increment Allocation Redevelopment Act to a **job training project**. Refer to Informational Bulletin FY 90-40.
- ▶ **payment of life, endowment, or annuity benefits** received before the time they would have ordinarily been paid as an indemnity for a terminal illness. This amount must have been included in Line 1.
- ▶ **your employer's contributions** made on your behalf to an account established under the Medical Care Savings Account Act and the **interest earned** on this account. You must have included this amount in Line 1.
- ▶ **income from the Illinois Prepaid Tuition Trust Fund or the College Savings Pool** that you included in your adjusted gross income, Line 1. You may deduct the federally taxed distributions that you spent for qualified expenses in accordance with the provisions of your Illinois prepaid tuition contract or the College Savings Pool legislation.
Note → Contributions to a College Savings Pool made prior to January 1, 2002, may not be subtracted.
- ▶ **any income included** in your adjusted gross income from a **Lloyds plan** of operations, if that amount was reported on your behalf on Form IL-1023-C, *Composite Income and Replacement Tax Return*.
- ▶ **reparations or other amounts received** as a victim of persecution for racial or religious reasons by Nazi Germany or any other Axis regime that are included in your adjusted gross income. Also include any reparations or other amounts received as an heir of such victim that are included in your adjusted gross income.
- ▶ **any other income** included in your 2001 Form IL-1040, Line 1, or as an addition in Line 2 that is listed in Publication 101, *Income Exempt from Tax*, and is not subtracted elsewhere on your Form IL-1040.

May I subtract my out-of-state income?

No, you may not subtract your out-of-state income. However, if you are filing as a resident, you may be allowed to take a credit against your Illinois Income Tax for income tax you paid to another state. See the instructions for Line 19 and Schedule CR, Credit for Tax Paid to Other States.

If you are filing as a nonresident, you should exclude your out-of-state income when you figure your Illinois income on Schedule NR, Nonresident and Part-Year Resident Computation of Illinois Tax.

If you are a part-year resident, you should file Schedule NR, and you also may be allowed to file Schedule CR if the same income on Schedule NR is being taxed by another state.

Line 21: Credit for qualified education expenses

You must refer to the Education Expense Table to determine if

- ▶ you are eligible for an education expense credit, **and**
- ▶ the education expenses you paid qualify for this credit.

You **may not** include education expenses paid to a daycare, preschool, college, university, or a trade school. You **may not** include education expenses paid for yourself or your spouse.

If you determine that you are eligible for an education expense credit, your expenses qualify, and

- ▶ you received a "Receipt for Qualified Education Expenses" from your student's school, you must complete the Education Expense (ED) Worksheet in the instructions to figure the amounts to write on Form IL-1040, Lines 21a and 21b.
- ▶ you did not receive a "Receipt for Qualified Education Expenses" from your student's school, you must complete Schedule ED to figure the amounts to write on Form IL-1040, Lines 21a and 21b.

Education Expense Table - Line 21

Education expense credit

You may figure a credit for the education expenses you paid during 2001 if

- ✓ you were the parent or legal guardian of a full-time student who was under the age of 21 at the close of the school year,
- ✓ you and your student were Illinois residents, and
- ✓ your student attended **kindergarten through twelfth grade** at a public, nonpublic, elementary, middle, junior high, high, or home school in Illinois during 2001.

Note → Your family may include more than one qualifying student, but each family is allowed only one education expense credit.

You may not figure a credit for the education expenses you paid during 2001 if

- ✓ your student attended only daycare, preschool, college, university, or a trade school at a public or nonpublic school.
- ✓ your student turned 21 years of age during the school year.
- ✓ another parent or legal guardian claimed an education expense credit for the same student on his or her tax return.
- ✓ you are not the student's parent or legal guardian.

Note → Divorced or unmarried parents of a qualifying student, each of whom is a custodian of the student, are considered the family of such student regardless of the marital status or filing status. And, only one credit is allowed per family. This credit is allowed even if the parent has not claimed the qualified students as dependents on his or her tax return.

What should I do with the "Receipt for Qualified Education Expenses" I received from the school?

If you received a receipt from the school and you determine that you are eligible for an education expense credit, complete the ED Worksheet using the total amount shown on the receipt.

The receipt you receive from the school must contain the following information in order to claim the credit:

- the calendar year during which you paid the education expenses,
- the name and address of the school,
- the name and address of the parent or legal guardian,
- the name and Social Security number of the qualifying pupil or pupils,
- a list of education expenses paid for tuition, book fees, and lab fees during the calendar year, and
- the total of all such education expenses.

If the receipt does not contain all the information required, you should complete a Schedule ED, Credit for Qualified Education Expenses, and attach the schedule to your return.

ED Worksheet

Qualified education expenses

Your education expenses **will qualify** if the expenses are in excess of \$250, and you paid them to the school during the 2001 calendar year. Qualified education expenses include

- ✓ **tuition** (including summer school).
- ✓ **book fees** covering the use of books that were required as a part of the school's education program.
- ✓ **lab fees** covering the use of supplies, equipment, materials, or instruments that were required as part of a lab course in the school's education program.

For example, if you **rented** a musical instrument **from the school** (not from a business)

- for a class, or
- for participation in an extra curricular activity that resulted in a credit toward completion of the school's education program, this rental expense qualifies as an education expense.

Education expenses **that do not qualify** for this credit include

- ✓ expenses paid for the **purchase** of supplies, books, or equipment that are not significantly used up during the school year, e.g., *purchasing musical instruments, costumes for a play.*
- ✓ expenses paid for athletic equipment if the program does not result in a credit towards completion of the school's education program.
- ✓ expenses paid directly to a business, e.g., *renting a musical instrument from a music store.*

Lines 21-22

What if I did not receive a "Receipt for Qualified Education Expenses" from the school?

If you **did not** receive a receipt from the school and you are eligible for the education expense credit, you must complete Schedule ED, Credit for Qualified Education Expenses, to determine the amount to write on Form IL-1040, Line 21a and Line 21b. For a copy of this schedule, refer to the back page of this booklet.

For more details concerning this credit, refer to Informational Bulletin FY 2000-19, Education Expense Credit for Individuals.

How much credit will I be allowed?

You may be allowed 25 percent of your family's qualified education expenses in excess of \$250. Your total credit shall **not exceed** \$500 in any year, regardless of the number of qualifying students.

What must I attach to my return?

You must attach

- the receipt you received from your school, **or**
- your completed Schedule ED, Credit for Qualified Education Expenses.

Note → In order for your education expense credit to be processed correctly, you must write the total amount of qualified education expenses on Line 21a of your Form IL-1040, and the credit amount on Line 21b of your Form IL-1040. Please follow the arrows.

Note → The total of Lines 19, 20b, 21b, 22b, and 23 **cannot exceed** the amount of tax shown on Line 16.

Step 8: Figure your overpayment or your tax due

Lines 25-26

Line 25: Overpayment

If Line 24 is greater than Line 16, subtract Line 16 from Line 24. This is the amount of your overpayment.

Line 26: Tax due

If Line 16 is greater than Line 24, subtract Line 24 from Line 16. This amount is your tax due.

Lines 27-29

Step 9: Figure your penalty

Line 27

Line 27: Late-payment penalty for underpayment of estimated tax

If you owe more than **\$500** in tax when you file, *i.e.* Line 16 minus the total of Lines 17, 19, 20b, 21b, 22b, and 23, you may owe a late-payment penalty for underpayment of estimated tax. Refer to Form IL-2210, Computation of Penalties for Individuals, for more details.

If you owe this penalty, you may prefer for us to figure your penalty and bill you, or you may complete Form IL-2210 to determine the penalty. If you decide to figure this penalty, write the late-payment penalty for underpayment of estimated tax amount from Form IL-2210, Line 28, on Form IL-1040, Line 27.

Check the box on Form IL-1040, Step 9, Line 27, if you

- ▶ are 65 years of age or older and you permanently live in a nursing home.

If you annualized your income, **attach** Form IL-2210 to your Form IL-1040.

Note → If you owe the late-payment penalty because you underpaid your estimated tax, you may want your employer to increase the amount of Illinois Income Tax withheld from your pay.

If your income is not subject to withholding or you do not want to increase the amount withheld from your pay, you should make timely estimated tax payments with Form IL-1040-ES, Estimated Income Tax Payments for Individuals.

For more information on making estimated tax payments, refer to the instructions for Form IL-1040-ES, Estimated Income Tax Payments for Individuals.

Step 10: Figure your donations

Lines 28-29

Line 28: Voluntary contributions

You may contribute to one or more of the following state funds. Contributions to the funds may be in any amount (\$1 or more) and will decrease your overpayment or increase your balance due. Write the amount you wish to contribute on Lines 28a through 28h.

You cannot change your contributions to these funds on an amended return.

f Prostate Cancer Research Fund

– Prostate cancer is the second leading cause of cancer death among men in the United States. Approximately one man out of five will develop the disease in the course of his lifetime. Contributions to this fund will help to support vital research to save lives and to improve the quality of life in men diagnosed with the disease.

However, if you prefer to figure your penalties, complete Form IL-2210, Computation of Penalties for Individuals. Include the late-payment penalty for underpayment of estimated tax on Form IL-1040, Line 27.
