

**What are Enterprise Zones?**

**Enterprise zones** are economically distressed areas in Illinois that qualify for special tax incentives once they are designated by the state and participating local governments. The following portions of the municipalities and counties listed are designated as enterprise zones. For more information, please contact the local zone administrator.

**What are Foreign or "Free" Trade Zones or Sub-Zones?**

**Foreign or "free" trade zones or sub-zones** are secured areas legally outside a nation's customs territory. In Illinois, foreign trade zones are located in portions of Chicago, Granite City, Peoria, Rock Island, Moline, Lawrence Co., Rockford, Decatur, and Jo Daviess and Carroll Counties. For further information, please call the zone project contact person.

**What if I Need More Information?**

For the name of your administrator or contact person,

- call the Department of Commerce and Economic Opportunity (DCEO) at **217 785-6193**, or visit the DCEO web site at **www.commerce.state.il.us** for a complete listing.

**Illinois Enterprise Zone Listing**

**Note** → Illinois enterprise zones are listed in order by the date they were designated as enterprise zones by the DCEO.
