INFORMATIONAL BULLETIN FY86-28

TO: All Licensed Motor Fuel Distributors and Suppliers
SUBJECT: Federal Government Exemption

Effective September 1, 1985 you no longer need to obtain an official certificate of exemption when you make sales to the federal government or its instrumentalities. (See Public Act 84-221.)

Therefore, when you complete your schedule B (distributor) or Schedule SB (supplier), you may from now on leave blank the column labeled "Certificate Number." You must still provide the date of the invoice, the name of the federal agency, and the number of invoiced gallons. NOTE: PLEASE WRITE OUT THE COMPLETE NAME OF THE PURCHASING FEDERAL AGENCY. DO NOT USE INITIALS OR ACRONYMS. WE MAY DENY AN EXEMPTION IF WE CAN'T FIGURE OUT TO WHOM YOU SOLD THE FUEL.

If you have any questions or need more information, please call or write us. Our address and telephone number are at the top of this bulletin.

Director of Revenue
