Illinois has raised the tax rate for motor fuel. There will be two increases of 3¢ each. The first increase will go into effect on August 1, 1989, and raise the per gallon rate to 16¢ per gallon for all motor fuels except diesel fuel, which will be 18.5¢ per gallon.

The second increase will go into effect on January 1, 1990, and raise the per gallon rate to 19¢ per gallon for all motor fuels except diesel fuel, which will be 21.5¢ per gallon.

DO I HAVE TO PAY TAX ON MY INVENTORY?

Yes. You must take a stick inventory of all the motor fuel which you own at 12:01 a.m. on August 1, 1989, and at 12:01 a.m. on January 1, 1990, and on which you have paid the lower rate of tax. You will then need to report and pay 3¢ per gallon on the enclosed Motor Fuel Floor Stock Return (RMFT-123).

The return and any payment for the August 1, 1989, increase is due by August 20, 1989. You must file this return even if you have no liability to report.

The return and any payment for the January 1, 1990, increase is due by January 20, 1990. We will send you a return for the January 1990 inventory at a later date.
