WHAT MUST I DO IF I FILE  
COMPUTER GENERATED  
SCHEDULES?

WHAT MUST I DO IF I AM  
INTERESTED IN FILING  
SCHEDULES BY MAGNETIC  
TAPE?

We have revised the supporting schedules to the Illinois Motor Fuel Distributor Return (RMFT-5) and the Illinois Motor Fuel Supplier Return (RMFT-5-SF) to make them uniform and consistent with the information required in other states. You will begin using the uniform schedules for your January 1990 liability (due in February). Enclosed are sample copies of the schedules.

If you file computer generated schedules, you must send us samples, based on our new format, of the schedules you wish to use. We will review them and send you a letter either approving your sample or telling you what changes you must make. Be sure to send them to us by December 15, 1989, so that we will have time to approve them by your January 1990 filing date.

Send your samples to:

and Correction Unit

If you are interested in filing by magnetic tape, you will be able to do so in the format used by the State of Florida, with the addition of some information that we require. For details, contact the Motor Fuel Review and Correction Unit at the address or phone number listed below.
