 DANVILLE

You will report receipts from this general merchandise tax on line 4a on the ST-1. Your preprinted return will show the correct combined rate.

WHAT DO I DO WHEN A CUSTOMER PAYS ME AFTER SEPTEMBER 1 FOR A PURCHASE MADE EARLIER AT A DIFFERENT RATE?

This is to remind you that, beginning with sales you make on September 1, 1990, you will report and send to us both the home rule sales tax you collect and the state sales tax you have been collecting. These rates will be combined and preprinted on your Form ST-1, Sales and Use Tax Return.

Danville will continue to exempt QUALIFYING FOOD, DRUGS, AND MEDICAL APPLIANCES from home rule sales tax. Thus the rate for these items appearing on your ST-1 will be 1 percent.

If the original purchase was made at a different tax rate from those rates in Line 4a and 5a, you must report these receipts on Line 8a of the ST-1.

If may be necessary to adjust your cash registers and any computer programs you use so that, beginning on September 1, you will be collecting and paying the correct amounts.

You will report receipts from this food and drug tax on line 5a on the ST-1. Your preprinted return will show the correct combined rate.

WHAT'S NEW FOR AUTO DEALERS?

If you sell cars or other items that require a title, you should pay special attention. The home rule sales tax does not apply to these sales, and receipts from these sales will continue to be taxed at the current rate of 6.25 percent when reported on Form ST-556.

HAS THE HOME RULE SALES TAX RATE CHANGED?

DO I CONTINUE TO PAY HOME RULE TAX ON A "CAPPED" AMOUNT?

No. In Danville the amount of home rule sales tax has been based upon a "capped" amount, the first \$1000 of each sales transaction. After September 1, you will charge home rule sales tax on the entire amount of each transaction.

However, the rate of 7.25 percent reported on Form ST-1 will apply to receipts from sales of general merchandise, such as the parts you sell over the counter and the parts you use during service of motor vehicles and airplanes.

No change has occurred in Danville's 1 percent home rule sales tax rate for GENERAL MERCHANDISE. Therefore, the combined general merchandise rate will be 7.25 percent.

WHAT'S BEING TAXED? + Quarterly filers

The home rule sales tax has the same BASE for general merchandise as the state tax you are already familiar with. (The base refers to those items that are taxed. Any item that is exempt from state tax will also be exempt from this home rule tax.)

You will have two returns for the third quarter. The return for July and August will be preprinted with the lower rates, and a return for September will be preprinted with the higher combined rates. The due date for both returns is October 31, 1990.

DO I CHARGE HOME RULE TAX TO ILLINOIS CUSTOMERS WHO LIVE OUTSIDE MY HOME RULE MUNICIPALITY?

+ Annual filers
You will have two returns. The return for January through August will be preprinted with the lower rates, and a return for September through December will be preprinted with the higher combined rates. The due date for both returns is January 31, 1991.

Effective September 1, 1990, you will charge home rule tax on your sales (except sales reported on Form ST-556) regardless of your Illinois customer's address or the sale's point of delivery within this state.
