DATE: July 29, 2021
RE: Company Bulletin 2021-10

dps

**IMPORTANT NOTICE REGARDING IMPLEMENTATION OF THE
AFFORDABLE CARE ACT – PART 47**

On July 19, 2021, the U.S. Departments of Health and Human Services, Labor, and the Treasury jointly released Part 47 of their FAQs on the implementation of the Affordable Care Act (ACA), which pertains to the coverage of services integral to pre-exposure prophylaxis (PrEP) as a preventive health service not subject to cost-sharing.

The Department urges all health insurance issuers to reference the [latest guidance from CMS](#) on the implementation of the ACA's preventive health service mandate. As noted in the FAQs, the state will not take enforcement action against issuers not previously applying preventive care cost-sharing prohibitions to items outlined in the FAQ for a period not exceeding 30 days from the date of publication of the FAQs.
