ROD R. BLAGOJEVICH  
GOVERNOR

J. ANTHONY CLARK  
DIRECTOR

Honorable Rod R. Blagojevich  
Governor  
State of Illinois  
Springfield, Illinois

Dear Governor Blagojevich:

It gives me great pleasure to submit the Annual Report for the Department of Insurance for 2002. The Report summarizes the Department's activities and fiscal operations for last year.

The Department's responsibility for consumer advocacy was expanded beginning January 1, 2002, with the creation of the Uninsured Ombudsman Program within the Office of Consumer Health Insurance. Created by P.A. 92-0331, the Ombudsman Program staff worked closely with consumers who did not have, or were about to lose, health insurance coverage. The Program polled local governments and community groups to create a database of free, or low-cost, health services around the state. Uninsured consumers now calling the Department's toll-free line for coverage information are provided information on how to access these health services in their area for their immediate needs.

In 2002, the Department continued to streamline its operations. We continued to improve and adapt our ability to handle consumer complaints over the Internet. We also ensured that consumers were able to access important information from our website through the continued development of fact sheets on numerous insurance topics. The Department's effort to increase the efficiency with which it deals with insurance company filings took a giant step forward in 2002 with the incorporation of the System for Electronic Rate and Form Filing (SERFF).

Important legislative initiatives enacted in 2002 included: P.A. 92-0669 which prohibits insurers from canceling, refusing to issue or refusing to renew policies solely on the basis that one or more claims from the preceding 60 months was the result of a hate crime; P.A. 92-0835 which clarifies when a new or used automobile dealer's insurance is primary when allowing consumers to test drive autos; and P.A. 92-0579 to require health insurers to disclose to policyholders the ramifications of using non-network health care providers.

The following report provides additional information on these topics as well as an overview of the Department, a review of all enacted legislation and Department regulatory actions, and a summary of the 2002 financial statements filed by all licensed insurance companies.

Respectfully submitted,

J. Anthony Clark  
Director

# Mission and Functions

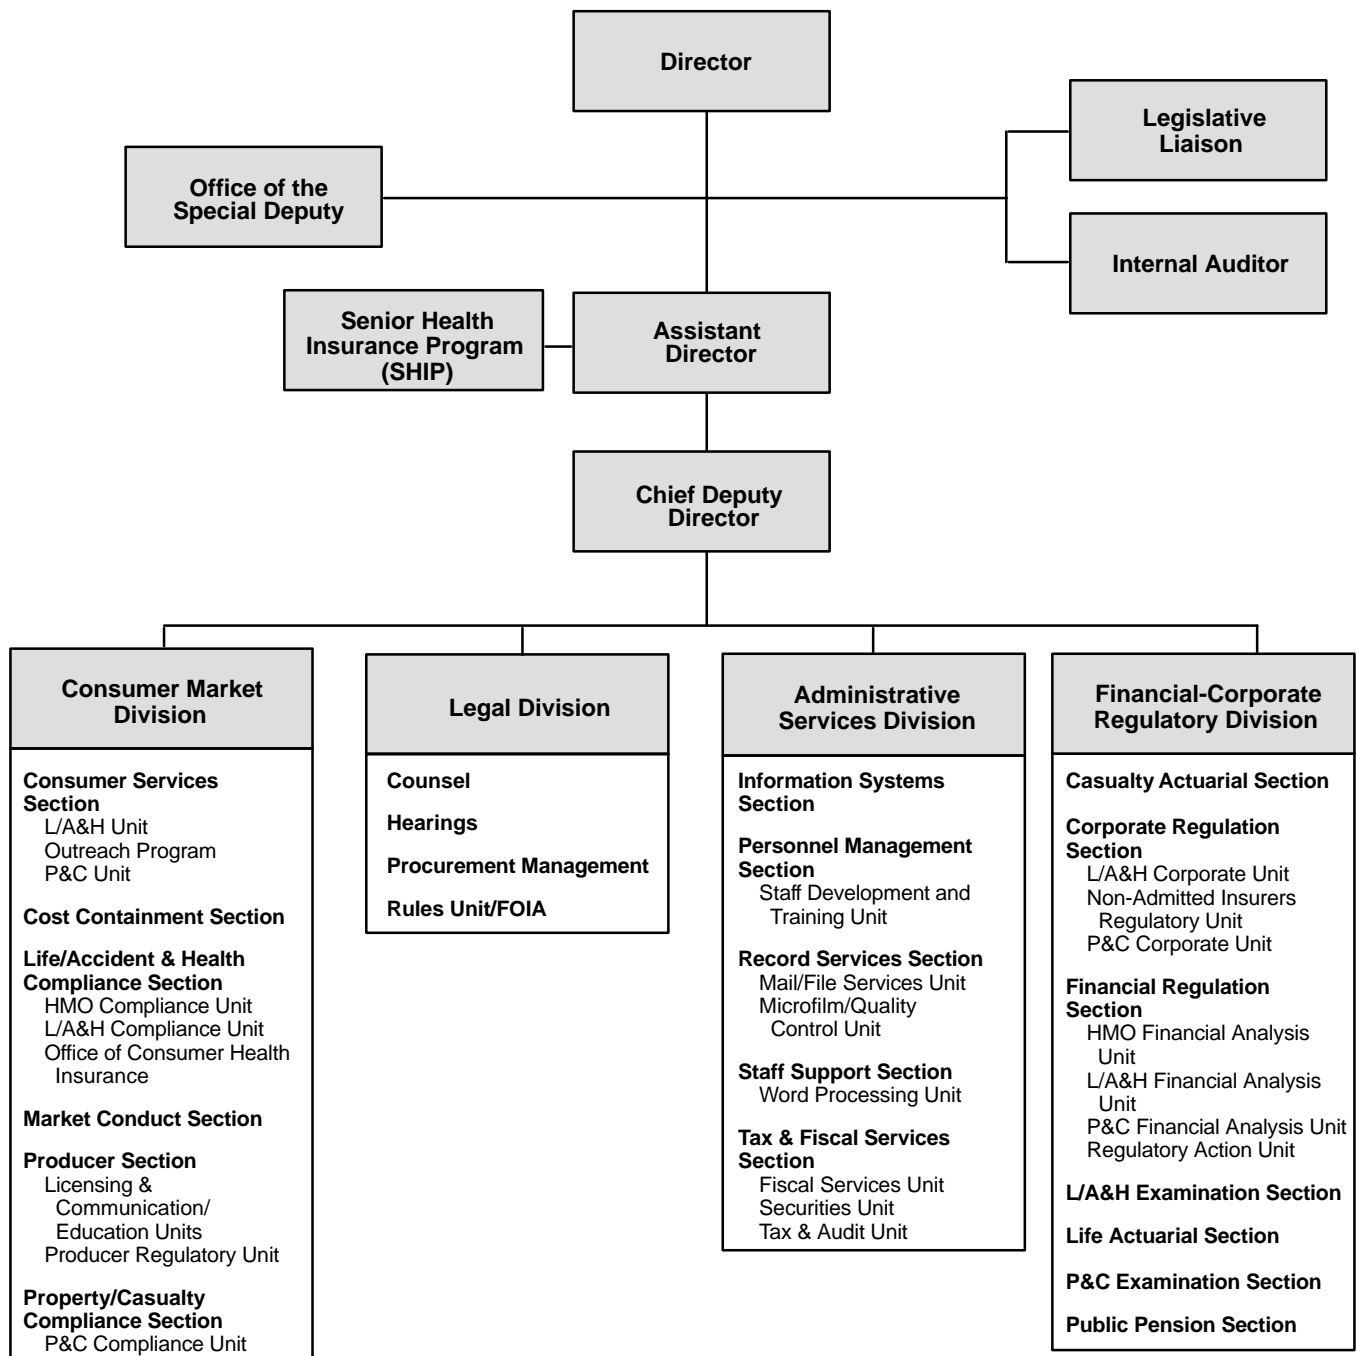

The mission of the Illinois Department of Insurance is:

*To protect consumers by providing assistance and information, by efficiently regulating the insurance industry's market behavior and financial solvency, and by fostering a competitive insurance marketplace.*

The Department carries out its mission through effective administration and enforcement of the Illinois Insurance Code (215 ILCS 5/1 to 5/1312), the Illinois Pension Code (40 ILCS 5/1-101 to 5/24-109) and related laws and regulations (Title 50, Illinois Administrative Code.)

The Department has four major operating Divisions: Administrative Services, Consumer-Market, Financial-Corporate Regulatory, and Legal. The Department also sponsors the Senior Health Insurance Program and oversees the operations of the Office of the Special Deputy, which handles the affairs of insurance companies placed in rehabilitation, conservation or liquidation.

# Department Organization

# 2002: The Year in Review

Following is a summary of key regulatory events and initiatives that occurred in 2002:

## NAIC Activities

The Illinois Department of Insurance was an active member of 39 Committees and Task Forces and countless working groups and subgroups of the National Association of Insurance Commissioners (NAIC). During 2002, Director Nat Shapo served as Secretary-Treasurer and, in December, was elected Vice President. Illinois also chaired the Consumer Protection Working Group, Functional Regulation Working Group, Valuation of Securities Task Force, Insolvency Task Force and the International Holocaust Commission Task Force, and co-chaired the Risk-Based Capital Task Force.

## SERFF

In 2002, the Department finalized incorporation of the System for Electronic Rate and Form Filing (SERFF), allowing companies to electronically submit policy and form filings (often in excess of hundreds of pages) for all lines of insurance business. SERFF has been under development nationwide for years, and the Department's full incorporation of the system marks a significant improvement in ease of filing and turnaround time for Department action on filings. In 2002, there were 100 property and casualty SERFF filings and 379 life, accident, health and HMO SERFF filings.

## Viatical Settlement Model Act

Concern relating to the purchase and resale of life insurance policies for investment purposes continued to prompt concerns and regulatory action from insurance departments around the nation. As such, the NAIC adopted revisions to the Viatical Settlement Model Act to place additional regulatory requirements on persons involved in the purchase and resale of these policies. Originally intended as a way to provide liquid assets to the terminally ill, viatical settlements more recently have been used to purchase life insurance policies from healthy individuals. The abuses that accompanied this movement resulted in regulatory and legal action on the part of several states. The amendments to the NAIC Viatical Settlement Model, among other things, incorporated these "life settlements" into the definition of a viatical settlement, thereby providing a roadmap to ensure such transactions are appropriately regulated.

## Privacy

Privacy issues also continued to be of great concern to the NAIC in 2002. The **Privacy of Consumer Financial and Health Information Model Regulation** was amended to specifically deal with the responsibilities incumbent on workers compensation insurers to appropriately disclose, to either workers compensation policyholders or claimants, how such companies use non-public personal financial information. Additionally, the NAIC adopted a new model regulation entitled **Standards for Safeguarding Customer Information Model Regulation**. This model provides standards for developing and implementing administrative, technical and physical safeguards to protect the security, confidentiality and integrity of customer information.

## **Office of the Special Deputy**

In 2002, the NAIC's Insolvency Task Force continued updating the Receiver's Handbook and revising the Insurers Receivership Model Act using the current Act and incorporating the Uniform Receivership Law as adopted by the Interstate Insurance Receivership Compact Commission.

## **Financial**

Activities of the Financial Division included the continuing development of the insurance securitization regulation and the development of risk assessment techniques for financial examination and analysis.

## **Consumer**

The Consumer Division participated in activities relating to the federal Terrorism Risk Insurance Act of 2002 and issuing a related bulletin for Illinois-licensed insurers.

# Insurance Legislation in 2002

## House Bills

**House Bill 1889 (PA 92-0764) effective 1/1/03**—amends the Illinois Insurance Code, Health Maintenance Organization Act, Voluntary Health Services Plans Act, and the State Employees Group Insurance Act of 1971 to require that policies of individual and group insurance provide coverage for charges incurred for hospital care and anesthetics which are provided in conjunction with dental care provided in a hospital, ambulatory surgical treatment center or by a certified anesthesiologist. The mandated coverage is limited to: 1) children under the age of 6; 2) individuals with a medical condition that requires hospitalization or general anesthesia for dental care; and 3) disabled individuals.

The coverage established by HB 1889 is subject to any limitations, exclusions or cost sharing generally applicable under the policy of insurance. HB 1889 specifically states that dental services are not required to be covered. HB 1889 also specifies that the requirements are not applicable to dental-only, short-term travel, accident-only, limited, or specified disease insurance policies, nor to policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under state or federal governmental plans.

**House Bill 4220 (PA 92-0770) effective 1/1/03**—amends the **Managed Care Reform and Patient Rights Act** to prohibit health care plans (HMOs) from requiring enrollees in individual and group contracts to utilize the services of a physician other than their attending physician without the agreement of the enrollee's attending physician.

**House Bill 4371 (PA 92-0669) effective 1/1/03**—amends the Illinois Insurance Code to create a new section (215 ILCS 5/143.24c) which stipulates that an insurer may not cancel, refuse to issue, or refuse to renew a policy solely on the basis that one or more claims have been made during the preceding 60 months for a loss that is the result of a hate crime committed against the person or property insured if the insured provides evidence to the insurer that the act causing the loss is identified as a hate crime on a police report. HB 4371 defines an insured (for purposes of the applicability of the new change) to be an individual, a religious organization (as defined by federal law), an educational organization (as defined by federal law), or a nonprofit organization (as described in federal law) that is operating for religious, charitable or educational purposes.

HB 4371 also provides that a violation of this legislation constitutes an unfair method of competition or deceptive business practice.

**House Bill 4407 (PA 92-0751) effective 8/2/02**—amends the **Illinois Vehicle Code** to provide that if an insurance company has paid a total loss claim for hail damage that does not affect the operational safety of a vehicle, the registered owner may retain the vehicle.

**House Bill 4975 (PA 92-0835) effective 6/1/03**—amends the Illinois Vehicle Code to provide that if the permitted user of a new or used vehicle dealer’s automobile has a liability insurance policy that provides for liability coverage of at least \$100,000 for bodily injury to, or the death of any person, \$300,000 for bodily injury to, or the death of any two or more persons in any one accident, and \$50,000 for damage to property, then the permitted user’s insurer is considered primary and the dealer’s insurance policy is secondary. If the permitted user does not have a liability insurance policy that provides for the specified limits or does not have any insurance at all, then the new or used vehicle dealer’s insurer is considered the primary insurer and the permitted user’s insurer is secondary.

HB 4975 also requires that when a permitted user is “test driving” a new or used vehicle dealer’s automobile, the dealer’s insurance is to be considered primary and the permitted user’s insurance is secondary. HB 4975 defines the term “permitted user” as a person who, with the permission of the new or used vehicle dealer or an employee of the vehicle dealer, drives a vehicle owned and held for sale or lease by the vehicle dealer which the person is considering to purchase or lease, in order to evaluate the performance, reliability, or condition of the vehicle. The term “permitted user” also includes a person who, with the permission of the dealer, drives a vehicle owned or held for sale or lease by the vehicle dealer for “loaner purposes” while the user’s vehicle is being repaired or evaluated.

According to HB 4975, “test driving” occurs when a permitted user, with the permission of the new or used vehicle dealer or an employee of the dealer, drives a vehicle owned and held for sale or lease by a vehicle dealer that the person is considering to purchase or lease in order to evaluate the performance, reliability, or condition of the vehicle. HB 4975 also defines the term “loaner purposes” to mean when a person, with the permission of a new or used vehicle dealer, drives a vehicle owned or held for sale or lease by the vehicle dealer while the user’s vehicle is being repaired or evaluated.

**House Bill 4989 (PA 92-0556) effective 6/24/02**—amends Article XL (Insurance Information and Privacy Protection Act) of the Illinois Insurance Code (215 ILCS 5/1001, et seq.) to authorize the Director to enforce the **privacy provisions** of the federal Gramm-Leach-Bliley Act (GLBA). Specifically, the Director would be authorized to make reasonable rules and regulations as may be necessary to permit enforcement of the privacy provisions of Title V (Privacy Provisions) of the GLBA.

**House Bill 5606 (PA 92-0630) effective 7/11/02**—amends the **Comprehensive Health Insurance Plan Act (CHIP)** to extend to 90 days, rather than 63, the requirement for an individual to apply for coverage following the involuntary termination of the individual’s health insurance coverage due to the insolvency of an insurance carrier.

**House Bill 5607 (PA 92-0541) effective 7/1/02**—amends the Illinois Insurance Code to modify the minimum interest rate used in calculating nonforfeiture values for individual deferred annuities issued from July 1, 2002 until July 1, 2005. The Act sets the minimum rate at 1.5% per annum, rather than 3% per annum.

**House Bill 5615 (PA 92-0775) effective 7/1/03**—amends the Illinois Vehicle Code to provide that a person convicted of a third or subsequent time for driving without liability insurance must submit proof of financial responsibility to the Illinois Secretary of State for at least one year. This legislation also requires that the Illinois Secretary of State must suspend the license of any person who fails to provide the required proof of financial responsibility.

**House Bill 5822 (PA 92-0578) effective 6/26/02**—amends the Illinois Insurance Code (215 ILCS 5/155.32) as well as numerous other Acts to provide that entities and persons regulated under those Acts may conduct transactions in a language other than English through an employee or agent acting as an interpreter or through an interpreter provided by a customer.

**House Bill 5842 (PA 92-0579) effective 1/1/03**—amends 215 ILCS 5/370i and adds 215 ILCS 5/356z.2 to the Illinois Insurance Code and 215 ILCS 125/4.5-1 of the Health Maintenance Organization Act. HB 5842 requires insurance companies to provide prominent disclosure in the policy and certificate that states that when consumers utilize a non-participating provider for a non-emergency covered service, their benefit payments will be reduced by the insurer.

In accordance with HB 5842, insurance companies would be required to provide a disclosure explaining that the basis of the benefit payment will be determined according to the policy fee schedule, usual and customary charge (which is determined by comparing charges for similar services adjusted to the geographical area where the services are performed), or other method as defined in the policy. HB 5842 also requires that consumers be advised that to obtain further information about the participating status of professional providers and information on out-of-pocket expenses, they must call the toll-free telephone number on their identification card provided by the company.

## Senate Bills

**Senate Bill 1996 (PA 92-0587) effective 6/26/02**—amends the Illinois Insurance Code to provide that a signed disclosure be obtained by the producer if the producer's compensation or fee exceeds 10% of the premium amount. According to SB 1996, the producer would be required to maintain the requisite fee disclosure for seven years. SB 1996 also provides that if a policy or contract is cancelled for any reason within 90 days following the inception date, the producer or business entity must refund a prorated portion of the fee or compensation within 30 days after receiving proper documentation that the policy or contract has been cancelled. This legislation also stipulates that at no time can a producer or business entity charge the consumer a fee or obtain compensation for cancellation of any insurance policy or contract.

**Senate Bill 2098 (PA 92-0594) effective 6/27/02**—creates the Senior Pharmaceutical Assistance Act and establishes a Senior Pharmaceutical Assistance Review Committee consisting of 17 members. Each of the four caucus leaders are to appoint two members of the General Assembly and one member of the general public. Other members of the committee include:

- the Director of Aging;
- the Director of Revenue;
- the Director of Public Aid;
- the Secretary of Human Services;
- the Director of Public Health.

SB 2098 requires that the members appointed from the general public must represent: statewide, membership-based, senior advocacy organizations; pharmaceutical manufacturers; pharmacists; dispensing pharmacies; physicians; and providers of services to senior citizens. No single organization may have more than one representative appointed as a member from the general public. The President of the Senate and Speaker of the House each must designate one member to serve as co-chairs. The Committee is required to report to the General Assembly and the Governor annually, or as it deems necessary, regarding proposed or recommended changes to pharmaceutical assistance programs that benefit Illinois seniors and any associated cost of those changes.

SB 2098 creates the Senior Health Assistance Program within the Department on Aging to become operational within 90 days of enactment. The Senior Health Assistance Program will provide outreach and education to senior citizens on available prescription drug coverage and discount programs. The Senior Health Assistance Program will also operate a clearinghouse for all information regarding prescription drug coverage programs available to senior citizens. This entity will also be responsible for maintaining a toll-free telephone number staffed by trained customer service representatives.

SB 2098 required the Illinois Comprehensive Health Insurance Plan (ICHIP) to study a catastrophic pharmaceutical assistance coverage option. The ICHIP study was to estimate the cost of providing a catastrophic pharmaceutical coverage option through ICHIP or another public or private entity. The study was also to recommend ways to create a catastrophic pharmaceutical assistance coverage option. SB 2098 allowed ICHIP to seek private and public funds to be held in trust to conduct the study. ICHIP was required to issue the report with recommendations to the Governor and General Assembly by January 1, 2003.

**Senate Bill 2245 (PA 92-0745) effective 1/1/03**—amends the prompt pay law of the Illinois Insurance Code (215 ILCS 5/368a) to require Physician Hospital Organizations (PHOs) and Independent Practice Associations (IPAs) to make periodic provider payments (capitation) after the enrollee has selected their health care professional or health care facility in accordance with a monthly periodic schedule. SB 2245 represents a cleanup to the prompt pay statute by deleting the phase-in provisions applicable only to IPAs and PHOs which stated that, “Before January 1, 2001, subsequent periodic payments shall be made in accordance with a 60-day periodic schedule, and after December 31, 2000, subsequent periodic payments shall be made in accordance with a monthly periodic schedule.”

# Insurance Rulemaking in 2002

**Rule 801** (Valuation of Investments) was repealed effective January 18, 2002, because it was superseded by the addition of Section 126.7, Valuation of Investments, to the Illinois Insurance Code (215 ILCS 5/126.7).

**Rule 802** (Purchasing and Selling Call and Put Options Contracts) was repealed effective January 18, 2002, because it was superseded by the addition of Sections 126.18, Derivative Transactions, and 126.31, Derivative Transactions, to the Illinois Insurance Code (215 ILCS 5/126.18 and 126.31).

**Rule 803** (Lending of Securities) was repealed effective January 18, 2002, because it was superseded by the addition of Section 126.16, Securities Lending and Repurchase, Reverse Repurchase, and Dollar Roll Transactions, and Section 126.29, Securities Lending and Repurchase, Reverse Repurchase, and Dollar Roll Transactions, to the Illinois Insurance Code (215 ILCS 5/126.16 and 126.29).

**Rule 804** (Repurchase and Reverse Repurchase Agreements) was repealed effective January 18, 2002, because it was superseded by the addition of Section 126.16, Securities Lending and Repurchase, Reverse Repurchase, and Dollar Roll Transactions, and Section 126.29, Securities Lending and Repurchase, Reverse Repurchase, and Dollar Roll Transactions, to the Illinois Insurance Code (215 ILCS 5/126.16 and 126.29).

**Rule 805** (Financial Futures Contracts) was repealed effective January 18, 2002, because it was superseded by the addition of Sections 126.18, Derivative Transactions, and 126.31, Derivative Transactions, to the Illinois Insurance Code (215 ILCS 5/126.18 and 126.31).

**Rule 2004** (Accident and Health Reserves) was amended effective February 19, 2002, because the current rule had not been revised for years and was outmoded. Further, the adoption of the NAIC Statutory Accounting Practices and Procedures Manual incorporated the NAIC Model Law for Minimum Reserve Standards for Individual and Group Health Insurance. The manual is revised yearly and automatically adopts any changes to the model law.

**Rule 2008** (Minimum Standards for Individual and Group Medicare Supplement Insurance) was amended effective March 25, 2002. The NAIC amended its model regulation for Medicare supplement contracts to comply with current federal regulations by adding wording regarding time periods for guaranteed issued products when an individual's contract is being terminated. In addition, changes have been made so that if coverage is terminated, subsequent enrollment with another plan or program shall be deemed to be the initial enrollment.

At the urging of the NAIC, the Department of Insurance amended the Illinois regulation to comply with federal standards. These changes were necessary to ensure the state's regulatory authority over Medicare supplement policies.

**Rule 2016** (Mastectomies) was promulgated on an emergency basis effective March 25, 2002, to avoid federal preemption of, and regulatory jurisdiction over, mastectomy and related coverage in insurance contracts as required by the federal Women's Health and Cancer Rights Act of 1998 (WHCRA) (42 USC 300gg-6, 300gg-52, incorporating 29 USC 1185(b)).

**Rule 5421** (Health Maintenance Organization) was promulgated on an emergency basis effective March 25, 2002, to avoid federal preemption of, and regulatory jurisdiction over, mastectomy and related coverage in insurance contracts as required by the federal Women's Health and Cancer Rights Act of 1998 (WHCRA) (42 USC 300gg-6, 300gg-52, incorporating 29 USC 1185(b)).

**Rule 2012** (Traditional Long-Term Care Insurance) was amended July 1, 2002, to conform to changes in the NAIC model and to reflect the inclusion of a "tax-qualified," long-term care insurance product pursuant to the Internal Revenue Code.

**Rule 919** (Improper Claims Practices) was amended July 22, 2002, to address the problem of unpaid death benefits when insurance companies issue multiple insurance policies on the same life, but either do not check for multiple policies upon receiving a death claim or lack an effective system to do so. The rule sets forth standards for insurance company record searches to ensure the proper payment of all death claims. The rule will become effective on July 1, 2004, to allow insurance companies adequate time to prepare for and implement the search requirements.

**Rule 2016** (Mastectomies) and **Rule 5421** (Health Maintenance Organization) were adopted August 19, 2002, to ensure Illinois' compliance with the federal Women's Health and Cancer Rights Act with respect to reconstruction, symmetry and prostheses for policies and plans that provide medical and surgical benefits for mastectomies. These rules replaced emergency Rule 2016 and Rule 5421 cited above.

**Rule 2403** (Producer Felony Review) was adopted effective July 5, 2002, to set forth felony review standards that the Director will consider when determining the appropriate action to take pursuant to Section 500-70 of the Illinois Insurance Code. The 92nd General Assembly enacted Public Act 92-0386, effective January 1, 2002. This Act essentially mirrored the NAIC Producer Licensing Model Act. Because this Act added multiple new sections to the existing Article XXXI of the Code (215 ILCS 5/500-5 through 500-150) while repealing similar sections under the same Article (215 ILCS 5/490.1 through 511.1), the Department was left with a new statutory framework that required regulatory standards.

Previously, Section 505.1(a)(7) of the Code allowed the Director to suspend, revoke or deny an insurance producer's license if the individual had been convicted of a felony within 3 years, unless rehabilitation could be shown. The equivalent new section (215 ILCS 5/500-70(a)(6)) does not include the "within 3 years" language, nor does it statutorily set discretionary authority permitting the Director to consider whether sufficient rehabilitation has been demonstrated to warrant the public trust when a licensee or applicant has been convicted of a felony.

**Rule 909** (Advertising & Sales Promotion of Life Insurance & Annuities) was amended effective October 28, 2002, to update all statutory references affected by the enactment of Public Act 92-0386 which replaced the current producer licensing law in the Illinois Insurance Code with a new licensing law modeled after the National Association of Insurance Commissioner's (NAIC) model.

**Rule 917** (Life Insurance & Annuity Replacement Regulation) was amended effective October 28, 2002, to update all statutory references affected by the enactment of Public Act 92-0386.

**Rule 3109** (Insurance Producers Doing Business Under an Assumed Name or Firm) was amended effective October 28, 2002, to update all statutory references affected by the enactment of Public Act 92-0386.

**Rule 3113** (Premium Fund Trust Account) was amended effective October 28, 2002, to update all statutory references affected by the enactment of Public Act 92-0386.

**Rule 3119** (Pre-licensing & Continuing Education) was amended effective October 28, 2002, to update all statutory references and terminology affected by the enactment of Public Act 92-0386. In addition, the text of Section 3119.40 of the rule was repealed again formally because the text was inadvertently left intact when the Department filed its official copy with the Index Department following the previous repeal.

**Rule 4415** (Payment of Annual Compliance Fees for Pension Funds) was amended effective October 28, 2002, so that pension funds would no longer be required to utilize the Automated Clearing House (ACH) method for payment of annual compliance fees. The court in *Board of Trustees of the Chicago Heights Police Pension Fund v. Department of Insurance* (1-99-1589) held that the requirement was void, and JCAR identified this as an issue that the Department should address by rulemaking. The changes make the ACH payment method optional and present alternative methods for payment of the annual compliance fees.

**2 Ill. Adm. Code, Chapter XI Department of Insurance, Part 951** (Access to Public Records) was amended effective December 16, 2002, to incorporate the Department's policies regarding the determination of confidentiality of certain types of documents and information, and to update the Department's requirements and procedures concerning Freedom of Information requests.

# Budget and Resources

The Administrative Services Division provides staff support for information technology, personnel management, record and mail services, word processing, and all fiscal operations, including development and administration of the agency's budget. The Department is funded from three sources.

More than 96% of Department appropriations comes from the Insurance Financial Regulation Fund and the Insurance Producer Administration Fund which are funded by various taxes and fees collected from insurance companies and producers. The balance of our appropriation comes from the General Revenue Fund (GRF). In addition, our Senior Health Insurance Program (SHIP) receives funding from a federal grant.

For FY 2002, the Department's appropriation was \$33,600,000. Of that total, \$492,600 was allocated from the GRF, while federal funds for SHIP contributed \$700,000. Revenue collections for the year totaled \$311,949,336, of which \$272,433,109 was deposited into the General Revenue Fund.

As of June 30, 2002, the Department had \$16,128,037 in net accounts receivable on the books from 2,383 accounts. Of that amount, \$2,199,199 was from privilege tax litigation cases involving the 1997 Supreme Court decision that the tax was unconstitutional. Another \$11,874,043 came from annual financial regulation fee billings under 19 days old. Thus, the total of \$2,054,795 more accurately reflects the Department's accounts receivable.

The Department sends a past due letter on accounts receivable over 30 days. After 60 days, the originator of the accounts receivable is requested to assist in the collection. After 75 days, a request is made to initiate regulatory action against the insurance company or individual licensee. If an account is outstanding after 90 days, the account is submitted to the Comptroller's Offset System. After 180 days, the account is reported to the Debt Collection Board and submitted to a collection agency.

# Consumer Market Division

The Consumer Market Division oversees the Department's consumer protection and education programs, licenses and regulates the activities of insurance producers, and monitors the marketplace operations of insurance companies through policy analysis, complaint investigation and periodic on-site examinations.

## Consumer Services and Education Programs

During 2002, the **Consumer Services Section** made significant technological strides in the way it communicates with consumers and insurers. Our **electronic complaint project** pilot program, in which consumer complaints received via e-mail are electronically transmitted to participating insurers, significantly decreased paperwork and turnaround time to process the complaints. We now operate on a virtually paperless basis, viewing and working complaint files electronically. Staff members estimate that electronic submissions speed up the complaint handling process by at least five days. The Division continues to utilize the electronic group mailbox, which encourages companies to respond to their complaints via e-mail. We are currently working with numerous companies to protect confidential consumer complaint information transmitted via e-mail by utilizing encryption software. We hope to persuade more companies to join us in using encryption in the near future. In addition, we have implemented an electronic reconciliation of complaints program with the insurance companies that will allow for a much more detailed and comprehensive reporting of complaints to the public.

Another facet of the Consumer Market Division's use of technology is our website, in which consumers can easily communicate their complaint to us, or quickly locate information to help assist them regarding insurance. Our **consumer fact sheets** are instrumental in providing needed information to the public. At the click of a button on our website, a consumer can access 53 fact sheets, 43 of which were either created or revised in 2002. These fact sheets educate consumers on a wide range of insurance issues such as health insurance continuation rights (COBRA), health insurance for small employers, how to find help if a consumer is under the age of 65 and losing Medicare HMO coverage, facts about buying insurance, homeowner's insurance, infertility treatment coverage, and many more issues. We now operate a toll-free consumer assistance hotline enabling consumers to easily reach our analysts with questions or complaints about their insurance companies.

## Market Conduct Programs

In establishing a schedule of examinations, the **Market Conduct Section** evaluates information gleaned from insurer market conduct annual statements, specifically data regarding automobile claims, homeowner coverages, and zip code tracking of company producers by business address. An analysis of these market conduct annual statements enables us to prioritize personal lines carriers for targeted examinations. This analysis, in conjunction with our review of consumer complaints, gives us the opportunity to respond more quickly to the ever-changing marketplace.

Market conduct examinations directed at health maintenance organizations (HMOs) emphasized both their compliance with rules and regulations, and accurate and timely payment of claims. Market conduct staff continued to be active on various NAIC working groups designed to address uniformity in market conduct examinations with respect to data calls, examiner qualifications and examination procedures. The federal Gramm-Leach-Bliley Act (GLBA) is driving this ongoing effort. Market Conduct staff also participated in the Inter-agency efforts of the Banking, Insurance, and Securities Regulators, an entity organized under the auspices of GLBA to develop and implement uniform regulatory methods and procedures across the banking, insurance, and securities industries.

## Life, Accident and Health Compliance

During the year 2002, the **Office of Consumer Health Insurance (OCHI)** received 18,191 calls from 1,083 different zip codes in Illinois. The three most frequently addressed topics were: claims (2,358), group insurance (1,631), and individual insurance (1,296). OCHI continued to distribute informational brochures to numerous entities throughout the state that could provide the brochures to their stakeholders.

Beginning January 1, 2002, OCHI's responsibilities were expanded to include incorporation of the new **Uninsured Ombudsman Program** created by P.A. 92-0331. The Program was enacted to provide assistance and education to uninsured individuals regarding health insurance benefits, options and rights under state and federal law. This is done through direct contact with individuals over the OCHI/Ombudsman toll-free line as well as making contact with entities throughout the state that may have contact with the uninsured population, including township officials and county and local health departments. In order to best provide these services to the uninsured population, OCHI began collecting information on resources from around the state that, while not necessarily providing insurance, might be able to provide health care options for persons seeking treatment. The program will continue to collect and store this information in a database, accessible by staff, to help guide uninsured individuals.

On July 1, 2002, the **Utilization Review Unit** began processing utilization review organization (URO) renewals that became due as the two-year registration cycle for UROs became effective. At year's end, there were 180 UROs registered with the Department.

## Policy Filing Issues

During 2002, the Department received hundreds of submissions for mold exclusions or limitations. The Department issued a bulletin advising companies when exclusions or limitations would be accepted and the language that companies must include as a minimum standard for their mold exclusions or limitations. To assist Illinois consumers in becoming better informed about mold issues, the Department also developed and posted on our website a fact sheet entitled "Mold Facts and Homeowners Insurance."

The Department continues to work on initiatives aimed at moving accepted insurance products to market as quickly as possible.

In November, the federal Terrorism Risk Insurance Act of 2002 (TRIA) was passed. The Department of Insurance worked with other regulators and the industry to understand the implications and requirements for the TRIA.

## Producer Licensing and Regulation

The **Producer Licensing Unit** is responsible for developing and administering licensing examinations required of prospective insurance producers and public adjusters. This responsibility is performed through a test administrator, which has established test sites throughout the state. The examinations are given by computer and electronically graded immediately upon completion. For candidates who pass the examination, an instant application is provided at the test site.

The Licensing Unit has implemented a project that allows education providers to submit their rosters of students who completed courses to the Department via the Internet. Currently, 90% of the education providers are utilizing this service and have been able to more quickly submit completed courses to the Department, saving everyone involved time and money.

In addition, the licensing staff reviews and processes new and renewal applications and issues licenses online on a daily basis.

In 2002, Illinois was one of 32 states to comply with the federal Gramm-Leach-Bliley requirements for reciprocity and uniformity in the licensing of non-resident insurance producers. Illinois' compliance with this federal law was a key factor in deterring a federal licensing organization that threatened the existence of state licensing of producers.

## Senior Health Insurance Program

The **Senior Health Insurance Program (SHIP)** is a free counseling program for Medicare beneficiaries and their caregivers who have questions or problems with health insurance issues such as Medicare, Medicare supplement insurance, Medicare health plans and long-term care insurance.

During 2002, SHIP staff and counselors held 25 educational meetings statewide to assist thousands of Medicare beneficiaries affected by the **Medicare HMO withdrawals** in Illinois. SHIP staff also counseled beneficiaries about their insurance options as large groups of physicians withdrew from Medicare HMOs. Many employers, including some Illinois steel companies that have closed their doors, announced they are dropping their retirees' secondary insurance coverage. SHIP advocated for those retirees through educational seminars and by staffing information booths at health fairs and other state agencies throughout Illinois.

SHIP continued to provide a strong presence in the Hispanic community by counseling and educating the Hispanic population in Cook County on all aspects of Medicare and health insurance. A bilingual operator is on staff to assist Hispanic callers on the SHIP toll-free line. In 2002, a bilingual educational specialist was brought on staff to provide front-line assistance to Hispanic senior groups and other Medicare beneficiaries.

SHIP launched an aggressive outreach effort to libraries statewide to publicize SHIP services and educate library staff and seniors on how to navigate Medicare's website. SHIP also expanded the features and options available through our SHIP website.

Emerging issues impacting Medicare consumers include prescription drug coverage, Medicare supplement rights and guarantees, long-term care insurance, ongoing changes to the Medicare program, and a new Medicare+Choice Preferred Provider Option (PPO). The Medicare PPO, available in early 2003, provides more Medicare health plan coverage choices throughout several counties in Illinois.

SHIP continues to provide updated informational guides to tens of thousands of Medicare beneficiaries and their caregivers. Two of the primary publications are SHIP's Prescription Drug Information Guide, a resource for beneficiaries who need information on purchasing low-cost or no-cost prescription drugs, and SHIP's Medicare Supplement Premium Comparison Guide. Both of these publications are also available online via the Department's website.

# Financial–Corporate Regulatory Division

The Financial–Corporate Regulatory Division is responsible for analyzing and monitoring the financial condition of insurance companies, health maintenance organizations, and all other regulated insurance risk bearing entities, conducting on-site financial examinations, and intervening when developing problems are identified. The Division licenses authorized insurers in the state and investigates and takes action against unauthorized companies illegally conducting the business of insurance.

The Division is intricately involved in oversight of the management operations of Illinois insurers because by law many corporate transactions, such as entering reinsurance agreements, paying dividends, and transacting business with affiliates, require the prior approval of the Department.

## Financial Analysis

During the year, representatives from the Illinois Department remained active in the **NAIC** Financial Regulation Standards and Accreditation Committee as well as the following NAIC Working Groups: National Treatment & Coordination, Health Entities, Financial Analysis, NAIC/AICPA, Custodial Assets, Rating Agency, Emerging Accounting Issues, Statutory Accounting Principles, Multistate Surplus Lines Bond, Insurance Securitization, Insurance Holding Company, Risk Assessment, and International Accounting Standards. In each of these groups, representatives from the Financial–Corporate Regulatory Division assumed leadership roles.

Over the last two years, the Financial and Examination Sections have been attempting to develop a risk based approach to financial analysis and examination called the **Risk Assessment Pilot Program**. An outside advisor, whose services are paid for by the domestic insurer, has been contracted on an engagement-by-engagement basis to assist the Department with the development of this concept. If the pilot program proves to be successful, it could result in process improvements that will focus financial analysis and examination on higher risk conditions that may impact the financial condition of the company, shorten the time period required to complete examinations, and improve the Department's understanding of regulated, domestic insurers. The pilot program is currently set to expire in June of 2004. A report evaluating the potential of this change in procedure will be issued at that date.

The Financial Analysis Section continued to review its procedures in anticipation of the NAIC Accreditation Review scheduled for July of 2003. Our financial analysis procedures have been reviewed to insure that they match up directly with the guidelines provided by the NAIC. In response to the Department's needs and review comments provided in the last Accreditation Review, each company analysis now includes a written narrative. This narrative includes a basic risk assessment and, when fully developed, will include a risk profile for that entity.

During 2002, the Department identified several companies with financial conditions that required greater regulatory oversight. In response, the Department's Financial Regulation staff attended frequent meetings, both in person and by teleconference, with company personnel including legal, financial and actuarial advisors. In addition, Department personnel, in conjunction with the Department's own external advisors, reviewed company analytical data, participated in conference calls with other state regulators, and monitored the companies' daily operations often through on-site visits. The Department took these actions to determine the appropriate regulatory response to a company's financial condition, including the possible suspension or liquidation of the company in question. This level of activity is significantly higher than in recent years and will continue as necessary while the industry recovers from the recent economic slowdown and the effects of the events of September 11, 2001.

## Actuarial Analysis

The **Life Actuarial Section** reviews actuarial opinions dealing with reserve adequacy and, on a sample basis, the actuarial memorandums that document the work supporting the actuarial opinions. X-factor opinions are also reviewed, and testing is done on a sample basis to assess the appropriateness of the X-factors. Used in the calculation of reserves for some types of life insurance products, X-factors are unique in that they allow companies to depart from tabular mortality assumptions if experience supports such a departure. In prior years, the Section had developed an X-factor review process using Monte Carlo Simulation. In 2002 that procedure was improved upon, and an additional Bayesian approach was developed.

The most significant undertaking on the health side in 2002 was the implementation of changes to the Long-Term Care (LTC) regulation, which removed the loss ratio requirements as the basis for regulation and instead made premium rate adequacy the fundamental factor in regulating LTC rates. This required the development of new procedures, criteria, and analytical tools for analyzing LTC rates for policy approval. This process will continue through 2003 and beyond.

In the investment area, credit risk was a major issue in 2002. Several computer programs developed in 2002 have resulted in better monitoring of companies' exposure to credit risk. Examples include monitoring market values of companies' below-investment-grade bond holdings, tracking companies' exposures to specific "at risk" issuers, and updating internal Department databases of companies' portfolios with buy/sell information provided in quarterly filings. Reviewing companies' bond impairment processes was also a focus in 2002.

During 2002, the Life Actuarial Section assisted the Public Pension Division of the Department with its new Internet annual statement filing system. This system will be used by Illinois public pension funds in filing their financial data, with additional data to be filed by the downstate and suburban police and fire pension funds regarding the participants in those funds. The new system will allow the Division to receive the data more efficiently and with greater accuracy. The system will also provide a platform for the Division to produce its Biennial Report to the Illinois Legislature, tax levy reports for the downstate police and fire pension funds, as well as other annual and ad hoc reports, in a more effective, timely manner.

Finally, the Section began a project that will result in improved sharing of information both within the Section and with the Life and Health Financial Regulation Unit. A database was created that will contain much of the Section's future work product. Designated areas of the database will be available to financial analysts, allowing them easy access to reviews, analyses, and conclusions with regard to many actuarial items.

The **Casualty Actuarial Section** contributes to the Department's overall responsibility of maintaining a solvent insurance industry by monitoring the adequacy of loss reserves carried by property and casualty insurance companies. To fully monitor the reserves held by companies, the Section reviews actuarial opinions regarding the adequacy of the companies' carried loss reserves, performs loss reserve analyses on annual statement loss data, reviews work papers supporting the actuarial opinions and participates in on-site financial examinations of insurance companies.

In addition to loss reserve analyses, the Casualty Actuarial staff reviews all rate filings of the Illinois FAIR Plan, the Illinois Automobile Insurance Plan and the Illinois Mine Subsidence Insurance Fund, as well as all medical malpractice rate filings. The staff evaluates all dividend notifications; reviews tabular and non-tabular discounting; performs technical analyses of reinsurance agreements for transfer of risk; and monitors carried asbestos and environmental reserve amounts. This Section also oversees production of the Illinois Property and Casualty Insurance Company Market Share Report. In 2002, the Section spent a considerable amount of time on special projects, such as:

- monitoring medical malpractice insurance issues and medical malpractice closed claims data;
- participating on the Casualty Actuarial Society's Committee on Professionalism Education and Committee on Reserves;
- participating in National Association of Insurance Commissioners' projects dealing with Statement of Actuarial Opinion requirements, implementation of federal Terrorism Risk Insurance Act, and risk-based capital requirements.

## Financial Examination

Illinois law requires the Department to examine the financial condition of insurance companies licensed to do business in Illinois, not less than once every five years. On-site financial examinations of companies provide for a detailed review of: financial condition; compliance with Illinois laws and regulations; and reliability of financial statements filed with the Department. The information obtained in examinations may be the basis for timely, appropriate regulatory action.

During 2002, the Financial Examination Section organized and presented educational seminars in April and October which provided up to 32 hours of continuing education credits for the Department's financial examination staff and staff from other Midwest state insurance departments. Those seminars featured sessions on subjects such as changes to the NAIC Financial Examiners Handbook, NAIC SVO Purposes and Procedures Manual Training, the NAIC Risk Assessment Working Group, the use of special purpose vehicles and other "off balance sheet" financing, Illinois premium tax laws, and implications of the federal Sarbanes-Oxley legislation.

Examiners also participated in and helped plan the National Society of Financial Examiners Career Development Seminar, as well as seminars hosted by the Illinois CPA Society. In a continuing information exchange with international insurance regulators, staff members also participated in a one-day discussion of examination procedures, processes, and programs with insurance regulators from China.

Due to staff shortages and increasing workloads, the Department has sought outside support services to temporarily assist in the financial examination of Illinois domestic companies whose books, records and operations are located outside of Illinois. The Financial Examination Section very actively recruited candidates from Illinois colleges and universities to fill staff vacancies.

The Department continued with targeted examinations and reviews of issues surrounding unpaid death claims on individuals who purchased multiple industrial and monthly debit ordinary insurance policies. The information obtained from those examinations and reviews was considered in drafting language for a new regulation on claim processing standards and methodology.

## Corporate Regulation

The Corporate Regulation Section is responsible for the incorporation, formation, licensing and registration of insurance entities and approval of other corporate transactions. In 2002, 738 life, accident and health and 1,128 property and casualty insurance companies were licensed in Illinois. Other licensed entities include:

- 424 purchasing groups (organized to purchase commercial liability insurance for their members);
- 50 foreign registered risk retention groups (insurance companies organized to write only commercial liability insurance on behalf of their owner-members);
- 37 reinsurance intermediaries;
- 40 self-insured auto fleets; and
- 160 companies registered under the Service Contract Act.

As of December 31, 2002, 535 resident surplus lines producers were licensed. Those individuals may, under limited circumstances, negotiate insurance contracts with unauthorized insurers not protected by the Illinois Insurance Guaranty Fund. Pursuant to statutory authority, the Director declared 113 unauthorized insurers ineligible to use resident surplus lines producers during the year.

Although Illinois law prohibits individuals or organizations from sharing risks without authorization to transact the business of insurance, two types of risk-bearing entities are permitted by statute. At the end of 2002, 9 religious and charitable risk pooling trusts, and 10 group workers compensation pools, were operating in Illinois.

## Pension Fund Regulation

As in the past, the number of public pension funds, as well as pension fund members, trustees, and beneficiaries, increased in 2002. These increases were accompanied by a growth in the number of compliance audits, electronic filings, advisory services, statistical services, and communications with individual pension funds. The Division maintains records documenting the membership, trustees, officers, size and growth of public pension funds within the state of Illinois. The total number of funds as of December 2, 2002, was 625 police, firefighter and large funds with over 3,700 trustees. The total number of fund participants increased to 610,223, and a total of \$5,785,730,328 in benefits was paid to 302,042 beneficiaries in 2002.

A major responsibility of the Pension Division is to conduct on-site and automated compliance audits. The 610 police and firefighter pension funds range from 1 or 2 participants to over 500 participants. The Pension Division Compliance Section was able to accomplish 52 audits with 336 findings in the year 2002.

There were nine workshops and seminars offered to the downstate police and firefighter pension funds and numerous meetings with several pension fund organizations and large pension funds, designed to improve operations for all public pension funds in the state. The Pension Division, in conjunction with the Illinois Municipal League, hosted a seminar for elected, local government officials as well as for the trustees and participants of downstate police and fire pension funds. The Pension Division staff submitted five articles to public pension organization newsletters and sent out a statewide mailing to clarify a frequent miscalculation involving widows' pension increases.

In addition to calculating tax levies for the police and firefighter pension funds, the Division performed 15 complicated calculations for police portability and answered numerous questions on this benefit. The Division supplied historical tax levy calculations to local municipalities upon request and provided the Pension Laws Commission and the General Assembly with pension calculations. The Division also prepared 15 calculations for potential new funds to provide the municipalities with real cost data for their future employee pension fund.

The Division handled over 5,000 phone calls including inquiries from police and firefighter pension funds, investment fund managers, professional pension organizations, and members of the state legislature. The Division answered over 90 letters requesting an opinion from the Division to settle questions arising from the operation of pension funds. Staff responded to over 900 written inquiries from different individuals and groups. The Division made 45 pension calculations for small pension funds with retiring members.

This is the fourth year the Pension Division received electronically-filed pension fund annual statements from all 625 public pension funds. This project is currently being updated with a new database and interface application to help serve the public pension funds better. The Division, in conjunction with the Illinois Department of Insurance's EDP Section, continued developing a new Internet filing system that is expected to be used in 2003 by all public pension funds to file their annual statements. A side benefit to this new system was the creation of a Division Internet website. On this site, a new benefit calculator has been posted, available for downloading by the individual funds to help them calculate pension benefits for their members. This site also posted upcoming events the Pension Division attended, news from the Pension Division, references for public pension laws, rules, and legislation along with public pension Frequently Asked Questions.

# Legal Division

A small segment of the insurance marketplace in Illinois is comprised of **Group Workers Compensation Pools**. These entities were originally authorized as self-insurers under the Workers' Compensation and Occupational Disease statutes of the early 1980's. Since January of 2001, they have been subject to regulation under many of the laws applied to mutual insurance, with some notable exceptions such as those mandating surplus requirements. In the event of the insolvency of a pool, the legislation provided for an insolvency fund and assessment mechanism to cover claims obligations of the insolvent pools. Four of these pools were placed in receivership as a result of financial problems and have been ordered liquidated. The insolvency fund was insufficient to cover the estimated \$15 million in unpaid claims. Two suits and 32 administrative hearings have been commenced to resolve disputes arising from the four insolvencies and the resulting assessments.

The Department achieved a significant settlement of certain **tax litigation** in 2002. In 1993 a number of foreign and alien insurers filed tax protest suits to challenge the Illinois Premium Tax and the Illinois Retaliatory Tax as unconstitutional. In the consolidated actions of *Milwaukee-Safeguard, et al., v. Selcke*, the Illinois Supreme Court, in 1997, struck down the Illinois Premium Tax statute as unconstitutional on its face, under the Classification Clause of the Illinois Constitution. The ruling did not finally effect Retaliatory Tax collections and did not resolve a number of other issues, including the Plaintiffs right to a refund of the protested taxes, which were remanded to the trial court for decision. Based largely upon subsequent favorable rulings on the State's claims under the Illinois Windfall doctrine, the *Milwaukee-Safeguard* plaintiffs and remaining Cook County plaintiffs agreed to a settlement in which the state retained a substantial portion of the approximate \$70 million held in the protest account for the Cook County Plaintiffs.

The \$16.8 million still held in the Protest Account arises from similar suits which were pending in Sangamon County during the course of litigation in *Milwaukee-Safeguard*. Settlement with these Plaintiffs could not be obtained in 2002 and the litigation continues.

Other litigation included the continued defense of a variety of administrative review actions, including the appeal of orders concerning obligations of the Illinois Health Maintenance Organization Guaranty Association for unpaid medical provider claims arising from the insolvency of MedCare HMO.

The year 2002 also saw: a successful resolution of global negotiations for settlement of Holocaust claims against various European insurers having U.S. affiliates; a \$33 million settlement of claims for race-based underwriting against affiliated Illinois, Missouri and Louisiana companies; the continued development of model regulations concerning mold coverage, terrorism coverage, and small face value policies; continued assistance in connection with a major examination of a national brokerage firm; and preparations for the recodification of Department Regulations.

# Office of the Special Deputy

The Director of Insurance as statutory Conservator, Rehabilitator, or Liquidator of companies subject to the provisions of Articles XIII and XIII ½ of the Illinois Insurance Code, has appointed, pursuant to the authority in Article XIII, a Special Deputy as agent to direct the affairs of such companies in receivership.

The Director, through the Special Deputy, may take the following alternative courses of action, depending on the type of court order that is issued against a company:

1. Pursuant to an Order of Conservation, the Director takes possession of the property, business and affairs of a company to protect the interests of policyholders and other creditors, and proceeds to ascertain the condition and situation of the company.
2. Pursuant to an Order of Rehabilitation, the Director is vested with title to all property, contracts and rights of action of the company. The Director conducts the business of the company and takes appropriate steps, if possible, to remove the causes and conditions that made rehabilitation necessary.
3. Pursuant to an Order of Liquidation, the Director is also vested with title to all property, contracts and rights of action of the company. Upon entry of the court order, the Director immediately begins to liquidate the property, business and affairs of the company, to marshal assets, and to evaluate the claims asserted against the company in order to make a distribution of assets as soon as possible to policyholders and other creditors.

For Illinois domiciled or licensed insurers placed into Liquidation, the Illinois Insurance Guaranty Fund, the Illinois Life and Health Insurance Guaranty Association, and the Illinois Health Maintenance Organization Guaranty Association are mandated by statute to respond to the covered claims up to certain statutory caps. Similar funds and associations exist in most other states for similar purposes. The claims of policyholders of unauthorized, illegal or unlicensed insurers are not generally afforded this protection.

Following are brief reports of each active company as of December 31, 2002, as well as a combined statement of cash receipts and disbursements for each company.

## **AAI Syndicate #1, Ltd.**

An Order of Conservation was obtained against AAI Syndicate #1, Ltd., on February 2, 1999. An Agreed Order of Liquidation was entered on February 9, 1999. A member of the Illinois Insurance Exchange (a/k/a INEX), AAI is a wholly owned subsidiary of AAI Holdings Ltd., which in turn is principally owned by CMA Holdings.

The claims filing deadline was February 9, 2000, with a contingent claim date of February 9, 2001. A total of 11,052 proof-of-claim forms were mailed to potential claimants, and 2,224 of those have been filed with the Liquidator.

The litigation referenced in the "Geneva Assurance Syndicate" section of this report is moving toward resolution. If approved by the court, the Guaranty Fund's available assets will be distributed on a pro rata basis to the insolvent syndicates' policyholders who have covered claims under the Guaranty Fund's plan of operation.

## **Agora Syndicate, Inc.**

An Order of Conservation was obtained against Agora Syndicate, Inc., on September 14, 2000. An Order of Liquidation was entered on November 15, 2000. A member of the Illinois Insurance Exchange (a/k/a INEX), the company is owned by MARL III, a holding company.

The receivership proceedings were adversarial, with Agora contesting the finding of insolvency and the Complaint for Liquidation. The Order of Liquidation was entered over their objections. The company lost both its appeal to the Illinois Appellate Court and its petition for rehearing. Subsequently, the petition for leave to appeal to the Illinois Supreme Court was denied.

The claims filing deadline was November 15, 2001, with a contingent claim date of November 15, 2002. A total of 2,819 proof-of-claim forms were mailed to potential claimants and 610 have been filed with the Liquidator.

The litigation referenced in the “Geneva Assurance Syndicate” section of this report is moving toward resolution. If approved by the court, the Guaranty Fund’s available assets will be distributed on a pro rata basis to the insolvent syndicates’ policyholders who have covered claims under the Guaranty Fund’s plan of operation.

## **Alliance General Insurance Company**

An Agreed Order of Liquidation with a Finding of Insolvency was entered against Alliance General Insurance Company on January 7, 2000. This domestic property and casualty company is a wholly-owned subsidiary of Alliance Insurance Group, Inc.

The claims filing deadline was January 8, 2001, with a contingent claim date of January 9, 2002. A total of 13,811 proof-of-claim forms were mailed to potential claimants and 3,697 have been filed with the Liquidator.

In July of 2001, the Liquidator filed a complaint in the Circuit Court of Cook County against certain former officers, directors and owners of Alliance, as well as the outside auditors, alleging fraud and negligence. Discovery has not yet begun. A tentative settlement has been reached with one of the defendants for \$2,750,000. This settlement is subject to supervisory court approval and a “Good Faith Finding” in the trial court.

Early access distributions totaling \$503,843 have been made to the Illinois Insurance Guaranty Fund for administrative expenses.

## **Alpine Holding Company, a/k/a Transco Syndicate #1, Ltd.**

On March 18, 1999, Alpine Holding Company (a/k/a Transco Syndicate #1, Ltd.) was placed under an Agreed Order of Conservation. Alpine Holding’s subsidiary, Alpine Insurance Company, had been placed in Conservation on January 8, 1999. The ultimate parent of both entities is Exstar Financial Corporation.

Alpine Holding was a member of the Illinois Insurance Exchange (a/k/a INEX), but on December 31, 1996, it withdrew from the Exchange and its assets and liabilities were transferred to Alpine Insurance Company. The conservation expressly stays direct actions which name Alpine Holding as a party defendant and accords the Receiver the protection of Section 209 (8) of the Illinois Insurance Code with respect to any judgments which may be taken against insureds under policies issued by Alpine Holding.

## **Alpine Insurance Company**

On January 8, 1999, Alpine Insurance Company, a domestic property and casualty company, was placed under an Agreed Order of Conservation. The company's direct parent is Transco Syndicate #1, Ltd., while the ultimate parent is Exstar Financial Corporation. Transco, a former member of the Illinois Insurance Exchange (a/k/a INEX), was placed in Conservation on March 18, 1999. On June 28, 2000, an Order of Liquidation with a Finding of Insolvency was entered against Alpine.

This receivership was adversarial. In both the Circuit Court of Cook County, Illinois, and the Illinois Appellate Court, Alpine lost in its attempts to seek review of both the Liquidation order and an earlier order granting summary judgment in favor of the Director with respect to the illegality of Alpine's Proposed Plan of Rehabilitation. These issues were appealed by Alpine to the Illinois Supreme Court. On April 4, 2001, the court denied the petition for leave to appeal filed by Alpine's former management.

The claim filing deadline is May 6, 2002, with a contingent claim date of May 6, 2003. A total of 16,485 proof-of-claim forms have been mailed to potential claimants and 1,130 have been filed with the Liquidator. Early access distributions totaling \$69,555 have been made to the Illinois Insurance Guaranty Fund for administrative expenses.

A complaint was filed in the United States District Court, Northern District of Illinois, alleging breach of fiduciary duty and conversion. Discovery is scheduled for completion in August, 2003.

## **American Health Care Providers, Inc.**

An Order of Conservation was entered against American Health Care Providers, Inc., and its parent American Unified Life and Health Company on February 12, 2000, by the Circuit Court of Cook County, Illinois. After a series of hearings, adversarial in nature, an Order of Liquidation with a Finding of Insolvency was issued on May 11, 2000. The company was incorporated on October 30, 1982, and certified as a Health Maintenance Organization (HMO) on January 13, 1984. American Health Care Providers is a wholly-owned subsidiary of American Unified Life and Health Company, which is in turn a wholly-owned subsidiary of the First American Group of Companies.

The claim filing deadline was November 12, 2001. A total of 94,686 proof-of-claim forms have been mailed to potential claimants and 3,923 have been filed with the liquidator. Early access distributions totaling \$1,192,078 have been made to the Illinois HMO Guaranty Association for administrative expenses.

A complaint was filed by the Liquidator against the owners of the company alleging breach of fiduciary duty, mismanagement and conversion. A settlement was reached for \$3,000,000, which was divided between the estate and a secured creditor.

## **American Horizon Insurance Company**

American Horizon Insurance Company, a domestic property and casualty insurer, was placed in Liquidation on July 11, 2002. American Horizon is a wholly-owned subsidiary of American Holdings Incorporated, a Delaware domiciled insurance company.

The claim filing deadline is July 11, 2003, and the contingent claim date is July 12, 2004. A total of 14,854 proof-of-claim forms have been mailed to potential claimants and two have been filed with the Liquidator.

## **American Mutual Reinsurance Company**

American Mutual Reinsurance Company, a domestic mutual insurance company, consented to an Order of Rehabilitation issued by the Circuit Court of Cook County, Illinois, on February 22, 1988. Since its inception in 1941, the company operated exclusively as a professional reinsurer of risks written primarily by other mutual insurance companies. The company is owned by its reinsured treatyholders, many of which are also retrocessionaires in the company's reinsurance pool. The company has no direct policyholders.

The supervising court entered an order on September 6, 1988, approving the Amended Plan of Rehabilitation for American Mutual Reinsurance Company. The Amended Plan contemplated the payment, in cash, of a fixed percentage of all outstanding claims presented in the ordinary course of business and payment of the remainder by interest-bearing surplus drafts. The Amended Plan provided for progressive periodic increases to the cash portion of the payment formula and a corresponding redemption of the surplus drafts.

The first payment under this Amended Plan was made on February 15, 1989. Through 2002, 56 distributions have been made totaling \$243,000,000 in cash and cash offsets, and the remaining \$162,000,000 in surplus drafts.

Consistent with favorable experience to date, the Rehabilitator determined it was in the best interest of all concerned to accelerate the claims and adjudication process and wind up the estate. On December 21, 2001, the Supervisory Court entered an order approving the Second Amended Plan of Rehabilitation for American Mutual Reinsurance Company. The Rehabilitator shall continue making quarterly distributions from general assets on allowed claims pursuant to the formula for payment (presently, 49.25% cash and 50.75% surplus draft), and to issue quarterly billings as was done under the First Amended Plan.

## **American Unified Life and Health Company**

American Unified Life and Health Company, a domestic life, accident and health company, along with its subsidiary, American Health Care Providers, Inc., was placed under an Order of Conservation by the Circuit Court of Cook County, Illinois, on February 2, 2000. An Agreed Order of Liquidation with a Finding of Insolvency was entered against the company on June 27, 2000. American Unified is owned by the First American Group of Companies.

The claims filing deadline was December 27, 2001. A total of 85,884 proof-of-claim forms have been mailed to potential claimants and 2,260 have been filed with the Liquidator.

## **Associated Physicians Insurance Company**

An Agreed Order of Liquidation with a Finding of Insolvency was entered against Associated Physicians Insurance Company on August 16, 2001. This domestic property and casualty company is a wholly-owned subsidiary of Associated Physicians Capital, Incorporated.

The claim filing deadline is January 6, 2003, with a contingent claim date of January 6, 2004. A total of 405 proof-of-claim forms were mailed to potential claimants and 21 have been filed with the Liquidator. Early access distributions totaling \$80,585 have been made to the Illinois Insurance Guaranty Fund for administrative expenses.
