

You Inspire Us

HERE'S WHAT YOU SAID INSPIRES YOU

Being able to get back to normal life with people.

Espero que todos tengamos salud y que las familias a quienes servimos también.

To having parents be able to come into our Center and see their children's teachers on a regular basis.

Que tengamos paz en nuestros corazones, y mucha salud para seguir trabando en lo que me gusta, mis niños. Recibir clases para mejorar mis enseñanzas para formar futuros. Ciudadanos de bien y muy profesionales.

Knowing that I can hug those I love and care about.

Una vida más segura para niños y adultos, poder vivir sin epidemias.

New year, new beginnings!! Continuing on making the very best of what we have. Continuing to show love and compassion and learning to embrace the simple things in life.

To get my mental health on a better track and to get back to finding/living life.

To being able to give a child a high five!

Creecer profesionalmente de la mano de ustedes y salud.

Letting children play with playdough again and not worry that it is harboring Covid-19.

CHEERS TO YOU AND A BETTER 2021!
