Subject: MIECHV COVID-19 Update - HOME VISITS SUSPENDED

The health and well-being of children, families, and early childhood care and education providers in Illinois is of utmost importance. Helping control the spread of COVID-19 is everyone's civic responsibility.

At this time, MIECHV and DHS Healthy Families Programs are suspending in-person visits until further notice. Staff should offer visits over the phone or FaceTime/Skype if the family has that capability, and follow their model's recommendations related to conducting and documenting visits that take place virtually or on the phone.

If you have questions about these instructions, please contact Lesley Schwartz at lesley.schwartz@illinois.gov for MIECHV or Chuck Dooley at charles.dooley@illinois.gov for HFI.

Continue to follow [CDC](#) and [Illinois Department of Public Health](#) recommendations. You can also visit the [Governor's Office of Early Childhood Development](#) webpage for resources and links to information to help keep all Illinois residents informed, especially families and those who provide services to young children.

Sincerely,

Lesley Schwartz, LCSW
Illinois Governor's Office of Early Childhood Development
Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Project Director
