For over 60 years, we've been making the world a better place, raising awareness and resources for health and wellness. Every year, we connect more than 17 million caring donors with nearly 2,000 of the most trusted health charities across the United States through customized wellness programs, employee engagement, workplace giving campaigns, customized causes, and strategic partnerships. Our programs include:

- **Employee engagement:** We offer volunteer opportunities, educational resources, donor advised funds, and peer-to-peer fundraising tools to increase your employees' commitment to the community and your organization.
- **Health resources:** Health and wellness is a national priority: 77% of U.S. workers suffer from at least one long-term health condition, from cancer to diabetes. We offer expert advice, webinars, newsletters, and content resources – drawing from our robust member charity network.
- **Causes:** Choose from one of our current cause campaigns, focused on the most pressing health issues today like cancer, Alzheimer's, diabetes, and autism. We can also help you create your own customized cause campaign focused on the issues or demographics that matter most to you or your employees.
