If you are interested in submitting a bid in response to this IFB, please read the entire solicitation package and submit a bid for evaluation in accordance with the instructions provided. All forms described and signature areas contained in the solicitation package should be completed in full and submitted along with the price proposal which will constitute the Bid. Do not submit Sections I through III of this IFB with bids. Bidders should keep those portions of the IFB for future reference.

Forms A and Forms B are available to be downloaded at: https://www2.illinois.gov/cpo/general/Pages/SolicitationandContractTemplates.aspx. These forms are a material part of this solicitation, and they must be returned, when applicable, with a Bidder’s Bid.

SERS is committed to increasing racial, ethnic, and gender diversity in all aspects of its utilization of vendors to provide goods and services to the System, to the greatest extent feasible, and within the bounds of financial and fiduciary prudence. To that end, the System strongly encourages minority-owned businesses, women-owned businesses, businesses owned by persons with a disability, and veteran-owned businesses to submit bids in response to this IFB.

A vendor’s preparation and submittal of a bid or subsequent participation in contract negotiations creates no obligation on the System to award a contract or to pay any associated costs. All bids and related materials will be retained by the System and will be subject to disclosure in accordance with the Illinois Freedom of Information Act.

Bids that do not adhere to form and content of the Invitation for Bid requirements may not be considered.
II. SUMMARY DESCRIPTION OF SYSTEM

SERS is a public employee retirement system that administers a governmental defined benefit plan through which State employees are provided retirement, disability, death, and survivor benefits. The retirement system is administered as a qualified plan under Section 401(a) of the Internal Revenue Code, and its investments and benefit programs are managed in accordance with the requirements of the Illinois Pension Code (40 ILCS 5/).

Administration of the System is statutorily assigned to a thirteen-member board of trustees, which consists of the State Comptroller, six persons appointed by the Governor with the advice and consent of the Senate, four elected active SERS participants who have at least 8 years of creditable service in the System, and two elected annuitants of the System. However, the day-to-day operations of the System are overseen by its Executive Secretary and are delegated to a staff of approximately 97 employees located at the System’s main administrative office in Springfield, Illinois, and its satellite office in Chicago, Illinois.

A.8 MINORITY CONTRACTOR INITIATIVE: The State requires a fee of $15 to cover expenses related to the administration of the Minority Contractor Opportunity Initiative. Any bidder awarded a contract of $1,000 or more under Section 20-10, 20-15, 20-25 or 20-30 of the Illinois Procurement Code (30 ILCS 500) is required to pay a fee of $15. The Comptroller shall deduct the fee from the first check issued to the Vendor under the contract and deposit the fee in the Comptroller’s Administrative Fund. 15 ILCS 405/23.9.

A.9 FEDERAL FUNDS: The resulting contract may be partially or totally funded with Federal funds. Upon notice of intent to award, the percentage of the goods and/or services involved which are Federally funded and the dollar amount of such Federal funds will be disclosed.

A.10 EMPLOYMENT TAX CREDIT: Bidders who hire qualified veterans and certain ex-offenders may be eligible for tax credits. 30 ILCS 500/45-67 and 45-70. Please contact the Illinois Department of Revenue (217-524-4772) for information about tax credits.

A.11 GOVERNING LAW AND FORUM: Illinois law and System policies govern this solicitation and any resulting contract. Bidder must bring any action relating to this solicitation
in the appropriate forum in Illinois. This document contains statutory references designated with “ILCS.” Bidder may view the full text at http://www.ilga.gov/legislation/ilcs/ilcs.asp.

A.12 PUBLIC RECORDS AND REQUESTS FOR CONFIDENTIAL TREATMENT:
Upon receipt by the System, bids become the property of the System. All bids will be open to the public under the Illinois Freedom of Information Act (FOIA) (5 ILCS 140) and other applicable laws and rules, unless Bidder requests in its Bid that the System treat certain information as confidential. A request for confidential treatment will not supersede the System’s legal obligations under FOIA. The System will not honor requests to keep entire Bids confidential. Bidders must show the specific grounds in FOIA or other law or rule that support confidential treatment. Regardless, the System will disclose the successful Bidder’s name, the substance of the Bid, and the price.

If Bidder requests confidential treatment, Bidder must submit an additional copy of the Bid with proposed confidential information redacted. This redacted copy must tell the general nature of the material removed, and it shall retain as much of the Bid as possible. In a separate attachment, Bidder shall supply a listing of the provisions identified by section number for which it seeks confidential treatment and identify the statutory basis or bases under Illinois law, including a detailed justification for exempting the information from public disclosure. Bidder must label the attachment as “Redacted” and return it in Packet 1.

Bidder will hold harmless and indemnify the System and its board of trustees, as well as any employee of the State or System, for all costs and damages associated with defending Bidder’s request for confidential treatment. Bidder agrees that the System may copy the Bid to facilitate evaluation, or to respond to requests for public records. Bidder warrants that such copying will not violate the rights of any third party.

A.13 RESERVATIONS: Bidder must read and understand the solicitation and tailor the Bid and all activities to ensure compliance with System requirements and policies and applicable State and federal laws. The System reserves the right to amend the solicitation, reject any or all bids, award by item, group of items, or grand total, and waive minor defects. The System may request a clarification, inspect Bidder’s premises, interview staff, request a presentation, or otherwise verify the contents of the Bid, including information about subcontractors and suppliers. The System will make all decisions on compliance, evaluation, and terms and conditions, and shall make decisions in the best interests of the System and in accordance with its fiduciary obligations, System policies, and applicable State and federal statutes and regulations. This competitive process may require that the Bidder provide additional information or otherwise cooperate with the System. If a bidder does not comply with requests for information or cooperate, the System may reject the bid as non-responsive to the solicitation. Submitting a bid does not entitle the Bidder to an award or a contract. Posting a vendor’s name on the System’s website does not entitle the vendor to a contract. The System is not responsible for and will not pay any costs associated with the preparation and submission of any bid. Awarded vendor(s) shall not commence, and will not be paid for, any billable work undertaken prior to the date all parties execute the contract, unless approved by the Executive Secretary of the System.
A.14 **AWARD:** The System is not obligated to award a contract pursuant to this solicitation. If the System issues an award, the award will be made to the responsive and responsible bidder who submits the lowest price bid. The System will post a notice on its procurement website identifying the apparent low-cost bidder. The System may accept or reject a bidder’s bid as submitted, or may require contract negotiations. If negotiations do not result in an acceptable agreement, the System may reject the bidder’s bid and begin negotiations with another bidder.

A.15 **INVOICING ADDRESS:** The awarded Vendor may invoice the System for a product or service to be provided under this contract on or after the date the product or service is provided to the System or on July 31, 2021, in the case of services to be provided under the contract on or after July 31, 2021. The contract contains the “Bill-to Address:” where invoices should be sent. Vendor shall not bill for any taxes unless accompanied by proof the System is subject to the tax. If necessary, Vendor may request the System’s Illinois tax exemption number and Federal tax exemption information.

A.15.1 **EVALUATION PROCESS:** The System evaluates three categories of information: Responsibility, Responsiveness, and Price. The System will consider the information provided and the quality of that information when evaluating the bidder’s bid. If the System finds a failure or deficiency, the System may reject the bid or reflect the failure or deficiency in the evaluation.

A.15.1.1 **RESPONSIVENESS:** A responsive bidder is one who submits a bid that conforms in all material respects to the Invitation for Bid and includes all required forms. Required forms may include, but may not be limited to:

- Active Illinois Vendor Registration # with expiration date
- Disclosure of lobbyists for Bidder and parent entity(ies)
- Disclosure of pending and current contracts
- Certifications timely to this solicitation

A.15.1.2 Subcontractor Disclosure: If the Bid includes any subcontractors, then Bidder shall provide the names and addresses of subcontractors in the contract.

A.15.1.3 If completing Forms B, then responsiveness may include without limitation:

• Illinois Department of Human Rights Public Contracts Number: Bidder shall complete and return the “IDHR Public Contracts Number” form in Forms A, Part 2.

• Authorized to Transact Business or Conduct Affairs in Illinois: A person (other than an individual acting as a sole proprietor) must be a duly constituted legal entity prior to submitting a bid and authorized to transact business or conduct affairs in Illinois prior to execution of the contract. For more information, see “Authorized to Transact Business or Conduct Affairs in Illinois” form in Forms A, Part 3.

• Standard Certifications: Offeror shall complete and return the “Standard Certifications” form in Forms A, Part 4.

• State Board of Elections Registration: Vendor or Bidder may be prohibited from making political contributions and be required to register with the State Board of Elections. For more information, see “State Board of Elections” form in Forms A, Part 5.

• Financial Disclosures and Conflicts of Interest: Bidder shall complete and return the “Financial Disclosures and Conflicts of Interest” form in Forms A, Part 7, or in the Illinois Procurement Gateway.

• Taxpayer Identification Number: Bidder shall complete and return the “Taxpayer Identification” form in Forms A, Part 8.

A.15.1.5. The System will determine whether the Bid meets the stated requirements. Minor differences or deviations that have negligible impact on the price or suitability of the supply or service to meet the System’s needs may be accepted or corrections allowed. If no bidder meets a particular requirement, the System may waive that requirement.

A.15.1.6. When the specification calls for a specific brand name, the brand name product alone is acceptable.

A.15.1.7. The System will determine whether Bids complied with the instructions for submitting bids. Except for late submissions, and other requirements that by law must be part of the submission, the System
may require that a bidder correct deficiencies as a condition of further evaluation.

A.15.2. RESPONSIBILITY: A responsible Bidder is one who has the capability in all respects to perform fully the contract requirements and who has the integrity and reliability that will assure good faith performance. The System determines whether the Bidder is a “responsible” bidder (i.e., a bidder with whom the System can or should do business). For example, the System may consider the following:

A.15.2.1. A “prohibited bidder” includes any person assisting an employee of the State of Illinois by reviewing, drafting, directing, or preparing any invitation for bids, a request for proposal, or request for information, or providing similar assistance unless such assistance was part of a publicly issued opportunity to review drafts of all or part of these documents. For purposes of this section, an employee of the State of Illinois means one who, by the nature of his or her duties, has the authority to participate personally and substantially in the decision to award a State contract. No person or business shall submit specifications to the System unless requested to do so by an employee of the System. No person or business that contracts with the System to write specifications for a particular procurement need shall submit a bid or proposal or receive a contract for that procurement need.

Nothing herein is intended to prohibit a vendor from bidding or offering to supply developing technology, goods, or services after providing the System with a demonstration of the developing technology, goods, or services; provided the subject of the demonstration to the System represents industry trends and innovation and is not specifically designed to meet the System’s needs. Nothing herein is intended to prohibit a person or business from submitting a bid or offer or entering into a contract if the person or business: (i) initiates a communication with an employee to provide general information about products, services, or industry best practices and, if applicable, that communication is documented in accordance with Section 50-39 of the Illinois Procurement Code (30 ILCS 500/) or (ii) responds to a communication initiated by an employee of the System for the purposes of providing information to evaluate new products, trends, services, or technologies (30 ILCS 500/50-10.5).

A.15.2.2. Other factors that the System may evaluate to determine responsibility include, but are not limited to: political contributions, certifications, conflict of interest, financial disclosures, taxpayer identification number, past performance in business or industry, references (including those found outside the offer,) compliance with applicable laws, financial responsibility, insurability, effective equal opportunity compliance, payment of prevailing wages if required by law, capacity to produce or sources of supply, and the ability to provide required
maintenance service or other matters relating to the bidder’s ability to deliver in the quality and quantity within the time and price as specified in this solicitation.

A.15.2.3. Awarded bidders must at all times have financial resources sufficient, in the opinion of the System, to ensure performance of the contract and must provide proof upon request. The System may require a performance bond if, in the opinion of the System, it ensures performance of the contract. The System may terminate the contract, consistent with the termination for cause provision of the contract, if the vendor lacks the financial resources to perform under the contract.

A.15.2.4. The System may require that a bidder correct any deficiencies as a condition of further evaluation.

A.15.3. PRICE: The System identifies the lowest priced bidder that meets responsibility and responsiveness requirements. The System ranks bids in order of price when appropriate.

A.16  MEASURING PROGRESS TOWARD SYSTEM’S DIVERSITY GOAL: The System has established an aspirational goal to use businesses owned by minorities, women, and persons with disabilities for not less than the percentage specified in paragraph (10) of Section 1-109.1 of the Illinois Pension Code for all contracts awarded and purchases made by the System. To ensure that it is making progress toward its aspirational goal established under Section 1-109.1, SERS requires all vendors who contract with the System to certify whether they are minority-owned businesses, women-owned businesses, or businesses owned by a person with disability, as those terms are defined in Section 2 of the Business Enterprise for Minorities, Women, and Persons with Disabilities Act (30 ILCS 575/2), which is available online at the following address: https://www.ilga.gov/legislation/ilcs/fulltext.asp?DocName=003005750K2. See “Supplemental Diversity Certification” form in Section 5 of the Contract Section for the required certification to the System. If a vendor will be using a subcontractor, each subcontractor must also complete the “Supplemental Diversity Certification” form. The subcontractor shall complete the form for itself and as if it were the only Vendor (or subcontractor) under the contract. The System will construe subcontractor’s “Vendor” certifications as the subcontractor’s own certifications (and not certifications by or about the prime vendor).

4.22 PERFORMANCE RECORD / SUSPENSION: Upon request of the System, Vendor shall meet to discuss performance or provide contract performance updates to help ensure proper performance of this contract. - the Vendor may be subject to one or more of the following: suspension, debarment, denial of payment, civil fine, or criminal penalty.

Identifying a sanction or failing to identify a sanction in relation to any of the specific certifications does not waive imposition of other sanctions or preclude application of sanctions not specifically identified.
