New Employee Reminder

Please remember that employees hired after January 1, 2011 (Tier 2) do NOT serve a qualifying period. When the State hires a new employee, they automatically become a member of SERS. We will send them a new member packet which includes a membership record and a beneficiary form.

Please do NOT give these forms to your new members in advance since these forms are automatically sent to the new member. New hires should complete these forms and return them to us in a timely manner. If you have questions about this process, call Dave Thompson at 217-785-6975.
