An electronic newsletter for SERS Retirement Coordinators

“75-Day Return to Work” Reminder

This is a reminder that the new online “Return to Work” feature went into effect September 25th, replacing the paper reporting process. Now, all agencies will **electronically** report and monitor the “75-Day Return to Work” processing on our Employer Website. Retirees will also be able to view and monitor their days worked on the Member Website by logging into their own account.

As agencies are implementing the online feature for reporting purposes, SERS is hopeful the process will be quite easy and efficient. Any questions can be directed to: **Brenda Bain, Vouchering Section, 217-785-7034.**
