An electronic newsletter for SERS Retirement Coordinators

Attention RCs!

We are going to more closely monitor and market low registration at our preretirement workshops. If an upcoming workshop has a small number of registrants and marketing doesn't significantly raise that number, we will cancel the workshop and move those already registered to the next workshop in their area. Because of this new policy, we cancelled the ETC on April 5 & 6, 2006 in Chicago. All registrants were notified of this cancellation and sent a new confirmation letter for the May 17th & 18th ETC in Chicago.
