

IL Products Expo

Orr Expo Building—Illinois State Fairgrounds—Springfield, IL

Gate 9

Parking Areas / Usage

- A)** This will be your best area for unloading on Friday. During the Expo, Sat & Sun, this area is for handicapped parking and public use. Please move to Lot E during the expo hours.
- B)** Another good area for unloading. If you must have easy access to a vehicle during the expo hours for restocking, you may park here, but please try to park as far west as possible leaving the areas closer to the building open for the public.
- C)** This is a service area. No public parking and no exhibitor parking. Service vehicles must be able to come in and out of this area. The reefer truck, garbage and recycling is here. We have more people who will be setting up cooking tents in this area this year. Please be courteous and work with each other to have the best arrangement possible. We may be tight on space.
- D)** This is the primary public parking area...this is not as good for unloading because there are some stairs to negotiate up to the building.
- E)** During the expo we would ask that exhibitors and staff park in this area as much as possible. It is a little further away, but we want the public to be able to find a place to park. Lot E is hidden behind the building and the general public cannot easily find this lot.
