

The Illinois Farm Bureau in Illinois is a general farm organization which serves the agricultural community of the state. The Farm Bureau works to improve farm income and the quality of life.

Farm Bureau services its members through a wide range of marketing, legislation, education, public relations, and business services.

Basic to the strength of the Farm Bureau in Illinois is an organizational network of County Farm Bureaus with staff, officers, and local programs serving members throughout the state.

2019 ILLINOIS FARM BUREAU
