\*Note: The test is an open book test. You will need a Handbook 44 (this information may be downloaded from the NIST website ([www.nist.gov](http://www.nist.gov)) and an Illinois Laws, Rules and Regulations relating to the Weights and Measures Act and the Motor Fuel and Petroleum Standards Act. ([www.agr.state.il.us](http://www.agr.state.il.us)). The general code section 1.10 is need for all testing. Section 2.20 is needed for scales and section 3.30 is needed for all liquid measuring devices. These three sections are in Handbook 44.

The General and Illinois Addendum test must be taken along with the test(s) for the device type(s) you will be servicing (see below).

Due to the high demand of potential servicepersons needing test slots, we require a 48-hour notice of cancellation prior to testing. Persons not providing 48-hour notice will not be allowed to test for 60 days.
