AGRICULTURAL AREAS

2010 Annual Report

The Illinois Department of Agriculture (IDOA), pursuant to the *Agricultural Areas Conservation and Protection Act (505 ILCS 5/20.1)*, is required to prepare an annual report to the General Assembly on the location and size of all agricultural areas (also known as ag areas) created, modified, or dissolved during the past year. A copy of the complete Act is available at our web site listed below.

The Agricultural Areas Summary lists the 22 counties with local county board approved ag areas. This chart itemizes the total number of agricultural areas in participating counties, along with their respective acres, and summarizes the total number of acres in approved ag areas throughout the state.

There was an addition to one of the two ag areas in Boone County. The Ramsey Ag Area, established in 1992, added 17 acres, thus bringing its total to 2,537 acres. This parcel is designated in red on the Boone County map.

Currently, a total of 114,976 acres are enrolled in 54 ag areas in Illinois. A compilation of maps delineating the 54 ag areas in the 22 counties can be obtained by referring to the IDOA's Agricultural Areas Annual Reports, available from the IDOA website at [www.agr.state.il.us/ Environment/LandWater](http://www.agr.state.il.us/Environment/LandWater).

For additional information, contact the Bureau of Land and Water Resources at 217.782.6297.
