AGRICULTURAL AREAS

2019 Annual Report

The Illinois Department of Agriculture (IDOA), pursuant to the *Agricultural Areas Conservation and Protection Act (505 ILCS 5/20.1)*, is required to prepare an annual report to the General Assembly on the location and size of all Agricultural Areas (also known as Ag Areas) created, modified, or dissolved during the past year. A copy of the complete Act is available at our web site listed below.

The Summary of Agricultural Areas (Ag Areas) lists the 23 counties with local County Board approved Ag Areas. This chart itemizes the total number of Ag Areas in participating counties, along with their respective acres, and summarizes the total number of acres in approved Ag Areas throughout the state.

There is an addition of 6.91 acres to report in this year's 2019 Agricultural Areas Report. Boone County has two designated Agricultural Areas within its borders. On May 15, 2019, the Boone County Board approved the addition to the 1992 Agricultural Area boundaries. The Additional parcel is outlined in the attached map.

Currently, a total of 122,855 acres are enrolled in 56 Ag Areas in Illinois. A compilation of maps showing the 56 Ag Areas in the 23 counties will be available in early 2020 by referring to the Agricultural Areas Annual Reports at www.agr.state.il.us/Environment/LandWater near the bottom of the page.

For additional information, contact the Bureau of Land and Water Resources at 217.782.6297.
