## **FISCAL YEAR 2018 THIRD QUARTER FINANCIAL REVIEW**

---

### **A NEW DEFINITION OF GENERAL FUNDS**

Pursuant to Public Act 100-0023, beginning with fiscal year 2018 (FY18), the number of funds that comprise the state's General Funds was increased from four to seven. General Funds now includes Fund for the Advancement of Education, Commitment to Human Services Fund and Budget Stabilization Fund along with the four original funds: General Revenue Fund, General Revenue-Common School Special Account Fund, Education Assistance Fund and Common School Fund.

The addition of these new funds makes it difficult to compare the state's FY18 revenues and expenditures to the actual results of FY17 when these new funds were not included in the General Funds definition. To address this issue, this report includes two separate sets of numbers for FY17: FY17 Actual and FY17 Revised. FY17 Actual represents the definition of General Funds that was law at that time. FY17 Revised is a restatement of the values with the three new General Funds included. In the discussion of year-over-year changes in this report, we will be referring to the change from FY17 Revised to FY18.

### **CHANGES FOR FISCAL YEAR 2018: INCOME TAX RATES AND LOCAL GOVERNMENT FUND DEPOSITS**

In July 2017, Public Act 100-0022, which increased income tax rates as well as made many other changes to state taxes, became law. Effective July 1, 2017, the Individual Income Tax and Corporate Income Tax rates increased to 4.95% and 7.0%, respectively.

Prior to FY18, state income and sales tax revenues shared with local governments and transit districts were first deposited into the General Revenue Fund (GRF) and then transferred to the Local Government Distributive Fund (LGDF), Public Transportation Fund (PTF), and Downstate Public Transportation Fund (DPTF) for distribution. Public Act 100-0023, effective July 1, 2017, now directs the Department of Revenue to deposit these revenues into LGDF, PTF, and DPTF at the time they are collected. Local governments are expected to receive their payments from the State more quickly under this structure. While this change decreases net receipts into the General Funds, it will also decrease transfers out, effectively making this a neutral change over the long-term.

General Funds' third quarter revenues totaled \$9,724 million, an increase of \$2,069 million, or 27.0%, over the FY17 Revised third quarter level. The primary driver for this increase was due to the increased income tax rates as mentioned in the previous section.

**Income Taxes:** FY18 year-to-date (YTD) Individual Income Tax net receipts increased by \$2,647 million, or 27.3% from the FY17 Revised YTD level due to the increased rate. \$712 million of individual income taxes were directly deposited into the Local Government Distributive Fund in the first three quarters of FY18.

FY18 YTD Corporate Income Tax (CIT) net receipts increased by \$483 million, or 74.1%, from the FY17 Revised YTD level. This large increase is attributable to the rate increase from 5.25% to 7.0%.

**Sales Taxes:** FY18 YTD Sales Tax net receipts decreased by \$140 million, or 2.3%, from the FY17 YTD level. This decrease is attributable to the deposit of sales tax revenues directly into LGDF, PTF, and DPTF as mentioned in the previous section.

**Public Utilities:** FY18 YTD Public Utility receipts increased by \$11 million, or 1.6%, from the FY17 YTD level.

**Inheritance:** FY18 YTD Inheritance receipts increased by \$43 million, or 21.3%, from the FY17 YTD level.

**Federal Revenues:** FY18 YTD Federal Revenues increased by \$2,713 million, or 162.8%, compared to the FY17 YTD level. This is due to increases in released vouchers eligible for federal reimbursements to the pay-down of the Medicaid backlog.

**Transfers In:** FY18 YTD Transfers In increased by \$3,558 million, or 315.0%, compared to the FY17 YTD level. This is attributable to the proceeds from the November bond sale as well as the fund reallocations and interfund borrowing authorized by Public Act 100-0023. Through the third quarter, \$251 million has been transferred to General Revenue Fund from fund reallocations and \$516 million from interfund borrowing. \$330 million of prior year Capital Projects transfers to General Revenue Fund have also been cleared through the third quarter.
