Expenditures of Federal Financial Relief Related to COVID-19

In March and April, Congress enacted four pieces of legislation to address the impact of COVID-19:

- 1) Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 — Enacted March 6, 2020
- 2) Families First Coronavirus Response Act (FFCRA) - Enacted March 18, 2020
- 3) Coronavirus Aid, Relief, and Economic Security (CARES) Act - Enacted March 27, 2020
- 4) Paycheck Protection Program and Health Care Enhancement Act — Enacted April 24, 2020

Through these four laws, approximately \$5.5 billion is flowing through the state budget to address various needs during fiscal year 2020 and fiscal year 2021. For more details on the programs, please refer to GOMB's [Federal Aid Directed to the State of Illinois for COVID-19 Response](#).

A large sum of direct aid came to Illinois through a provision in the CARES Act which created the Coronavirus Relief Fund (CRF) for state and local governments. The State of Illinois received just over \$3.519 billion directly from the fund to cover the state's necessary incurred expenditures in response to COVID-19 between March 1, 2020 and December 30, 2020. Funds can be used for goods or services where the performance or delivery occurred in this timeframe, even if the payment occurs after the end of the timeframe. Approximately \$350 million of the allocation had been expended as of June 30, 2020, leaving \$3.2 billion available for fiscal year 2021 purposes, which was fully allocated through fiscal year 2021 appropriations. The CRF money was initially deposited into the state's Disaster Response and Recovery Fund but \$2.7 billion was transferred to the State Coronavirus Urgent Remediation Emergency (CURE) Fund and \$125 million was transferred to the Local CURE Fund prior to July 31, 2020.

In December 2020, Congress enacted a fifth piece of legislation to address the impact of COVID-19, the **Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA)**. This new act extended the deadline for spending from the Coronavirus Relief Fund (CRF) one year from December 30, 2020 to December 31, 2021. In addition to the CRF spending extension, additional funds for states and local governments to support education, public health programs, childcare programs, rental assistance, and transportation were included. Below are the estimated Illinois allocations by area. Appropriations necessary to expend these funds were included in the Governor's proposed Fiscal Year 2022 Budget.

- *Education:* Approximately \$3.1 billion. This includes roughly \$2.25 billion in aid to public K-12 schools, \$743 million in aid to institutions of higher education, \$84 million for private K-12 schools and \$48 million for additional support of educational entities at the Governor's discretion.
- *Emergency Rental Assistance:* Approximately \$835 million, provided to the state and large localities, to be used for past due rent, future rent payments and utility and energy expenses. \$566 million has been made available for the state and \$268 million has been made available directly to eligible units of local government.
- *Child Care:* Approximately \$332 million through an increase to the Child Care Development Block Grant program.
- *Public Health Funding:* Approximately \$90 million for vaccine distribution costs and roughly \$574 million for testing, tracing and COVID-mitigation efforts.
- *Transportation:* Illinois entities are expected to receive more than \$950 million in transportation assistance. This includes \$528 million in transit funding, \$353 million in highway funding, and \$88 million in airport funding.

In March 2021, the **American Rescue Plan Act (ARPA)** became law, becoming the sixth piece of legislation enacted by Congress to provide pandemic-related relief. This \$1.9 trillion economic stimulus bill included direct stimulus payments to individuals, an extension of enhanced unemployment compensation benefits, direct state and local aid, and several other programs and program modifications to facilitate the nation's recovery from the pandemic. Illinois will receive allocations of funds for dozens of specific purposes as well as direct, more discretionary funding. Current estimates show that Illinois and its local governments will receive over \$25 billion in allocations, some of which will flow through the State Treasury, while other portions will go directly to universities, transit districts, and other local units of government. Additional information is included in GOMB's [American Rescue Plan Act – Fiscal Year 2022 Appropriations Summary](#). Some of the larger allocations include:

- *Coronavirus State Fiscal Recovery Fund:* \$8.1 billion primarily for COVID-19 related expenditures and to replace revenue lost as a result of the pandemic. Final guidance regarding the allowable expenditures is forthcoming

from the U.S. Department of Treasury. Funds may be used for expenses incurred through December 31, 2024. An additional \$254 million is expected to come to the State from the Coronavirus Capital Projects Fund.

- *Local Fiscal Recovery Fund*: \$6.0 billion. Most of these funds will go directly to large cities (estimated \$2.7 billion) and counties (estimated \$2.5 billion). Approximately \$740 million will flow through the state treasury to smaller (“non-entitlement”) cities. Federal allocations will be based on population.
- *Education*: \$6.4 billion. Includes \$5.05 billion for public K-12 schools, \$1.3 billion for institutions of higher education, and \$80 million for private K-12 schools.
- *Child Care*: Approximately \$499 million through an increase to the Child Care Development Block Grant program and \$798 million for child care stabilization grants.
- *Public Health*: Approximately \$400 million for the State so far for areas such as vaccine distribution, COVID-19 testing, tracing, mitigation, and other related public health costs.
- *Mass Transit*: Approximately \$1.6 billion in funds directly to urbanized transit districts and through the state for nonurbanized areas.
- *Rental/Mortgage Assistance*: Approximately \$1.0 billion currently estimated for emergency assistance to renters and homeowners.

Continued - Expenditures of Federal Financial Relief Related to COVID-19

The following tables detail allocations and spending from the federal bills enacted for COVID-19 relief. These tables illustrate expenditures from fiscal year 2021 or fiscal year 2022 appropriations compared to the federal award amount. In several appropriations, amounts for the enhanced federal awards are combined with other programmatic appropriations and will not directly line up with the COVID-19 response award amount.

Below are the expenditures from the Coronavirus Relief Fund allocation in fiscal year 2021.

Appropriation Line Transfers

Each fiscal year agencies receive individual appropriations from specific funds for specific purposes. Examples of these would be individual appropriations for expenses such as personal services (payroll), equipment, or printing. State statute (30 ILCS 105/13.2) authorizes agencies to transfer up to 2 percent of their aggregate appropriation from one line item to another as long as the appropriations are from the same fund. In a typical year, agencies are prohibited from transferring amounts from the following appropriation line items: personal services, State contributions to the State Employees' Retirement System, retirement contributions paid by the employer, and State contribution for employee group insurance.

Public Act 102-16, effective June 17, 2021, provides state agencies more flexibility for the fiscal year 2022 budget, by allowing aggregate transfers for operational or lump sum expenses of up to 4 percent rather than 2 percent. Section (c-8) of 30 ILCS 105/13.2 eliminates most of the typical limitations for appropriation transfers for fiscal year 2022 as well, with the exception that agencies cannot transfer from grant line item or grant lump sum appropriations. Grant line item and grant lump sum appropriations do not count toward the total 4 percent transfer limit from each fund. Because personal services transfers are authorized in fiscal year 2022, any such transfers must be accompanied by transfers into the corresponding appropriations for employee retirement contributions paid by the employer and for the employer share of the employee contributions required for the retirement system.

For this report, all transfers under this authority that exceed 2 percent are required to be disclosed.

Appropriation Line Transfers

There are no transfers from FY22 appropriations that exceed the 2% limit.								

Fund Transfers

Authority for transfers between funds exists in statute in a variety of forms. Statute dictates the amounts, the timing, the initiating agency, and any other aspects necessary. The table below outlines fiscal year 2022 discretionary transfers that are initiated by the Office of the Governor. Detailed information on the transfers below are included in Appendix C. All other transfers initiated by agencies under the Governor are included in Appendix D.

Current Budget Management Actions

Hiring Freeze: Effective April 6, 2020, all non-essential hiring was frozen until further notice.

Travel Restrictions: Effective March 13, 2020, all forms of travel that are not mission essential to the operations of a state agency were cancelled or put on hold indefinitely.

Municipal Liquidity Facility Borrowing: In order to maintain adequate cash flow in spite of significant declines in state revenue sources related to the pandemic, GOMB executed two separate borrowing transactions through the Federal Municipal Liquidity Facility program. The first borrowing was executed in June of 2020, totaling \$1.2 billion. Repayment of this borrowing was completed in fiscal year 2021. The second borrowing was executed in December 2020, totaling \$2.0 billion. Repayment of this borrowing is due over the next three fiscal years, with \$690 million due on or before 12/15/21, \$713 million due on or before 12/15/2022, and \$736 million due on or before 12/15/23, but all amounts are planned to be repaid in full in fiscal year 2022. \$1.0 billion of the amount owed for the December 2020 borrowing was set aside prior to June 30, 2021 and has been sent to the Federal Reserve for early repayment.

Appendix E – Legislative Budget Oversight Commission Legislation

(25 ILCS 10/20)

Sec. 20. Legislative Budget Oversight Commission.

(a) The General Assembly hereby finds and declares that the State is confronted with an unprecedented fiscal crisis. In light of this crisis, and the challenges it presents for the budgeting process, the General Assembly hereby establishes the Legislative Budget Oversight Commission. The purpose of the Commission is: to monitor budget management actions taken by the Office of the Governor or Governor's Office of Management and Budget; and to oversee the distribution and expenditure of federal financial relief for State and local governments related to the COVID-19 pandemic.

(b) At the request of the Commission, units of local governments and State agency directors or their respective designees shall report to the Commission on the status and distribution of federal CARES money and any other federal financial relief related to the COVID-19 pandemic.

(c) In anticipation of constantly changing and unpredictable economic circumstances, the Commission will provide a means for the Governor's Office and the General Assembly to maintain open communication about necessary budget management actions during these unprecedented times. Beginning August 15, 2020, the Governor's Office of Management and Budget shall submit a monthly written report to the Commission reporting any budget management actions taken by the Office of the Governor, Governor's Office of Management and Budget, or any State agency. On a quarterly basis, the Governor or his or her designee shall give a report to the Commission and each member thereof. The report shall be given either in person or by telephonic or videoconferencing means. The report shall include:

- (1) any budget management actions taken by the Office of the Governor, Governor's Office of Management and Budget, or any agency or board under the Office of the Governor in the prior quarter;
- (2) year-to-date revenues as compared to anticipated revenues;
- (3) year-to-date expenditures as compared to the Fiscal Year 2021 budget as enacted;
