

<b>Agency</b>	Illinois Community College Board
<b>Program Name</b>	Adult Education Instruction
<b>Program Description</b>	The Illinois Community College Board (ICCB) continues to build and expand opportunities for adult education students to transition into college and to the workforce. Beyond preparation for the high school equivalency exam or improving English language skills, adult education in Illinois is dedicated to building on the pathways created to assist students to obtain or improve their employment options and successfully enroll and complete postsecondary education.
<b>Target Population</b>	Almost 1.3 million of Illinois' 10.2 million adults have less than 12 grades of formal education. Included in this number are close to 508,000 people with less than a 9th grade education. Approximately 2.73 million Illinois residents speak a language other than English as the primary language in their homes.
<b>Activities</b>	Assist adults to become literate and obtain the knowledge and skills necessary for employment and self sufficiency; assist adults who are parents to obtain the educational skills necessary to become full partners in the educational development of their children; and assist adults in the completion of a secondary school education.
<b>Goals</b>	Increase the number of graduates and students progressing towards their ultimate goal.
<b>Outcome</b>	Improve School Readiness and Student Success for All
