

The DoIT Digest

Volume 3 Number 10

March 9, 2018

This Week:

- SOC Open for Business 24 x 7
- OneNet Interim Enterprise Solution
- DoIT Supports Illinois Capital Innovation Awards

SOC Open for Business 24 x 7

Our Security Operations Center (SOC) is now open 24 X 7 with the Communications Management Center (CMC) very effectively covering the hours after 5:00 p.m. The Security team and Network Operations collaborated on a viable solution utilizing the technology, network and human resources available to seamlessly provide more holistic coverage. In the four weeks since the round the clock “Go Live”, the SOC has been able to resolve 152 security incidents ranging from infected computers and compromised user accounts to website defacements. The ability to respond to these threats, regardless of time of day, has greatly reduced the time a threat actor has to attack the State of Illinois network. Hackers don’t work 9 to 5; our incident response capabilities shouldn’t either.

OneNet Interim Enterprise Solution

Designed and supported by DoIT staff, the OneNet Learning Management System (LMS) allows for engaged learning and compliance tracking of training and education. An example of shared resources and DoIT’s efforts to rationalize applications, OneNet is currently delivering Security Awareness and Sexual Harassment training to several supported agencies. For further information about how OneNet might meet your needs, please contact: doit.onenettraining@illinois.gov.

DoIT Supports Illinois Capital Innovation Awards

DoIT is a supporter of [Innovate Springfield](#), an innovation incubator in the capital city. They are sponsoring the upcoming [Illinois Capital Innovation Awards](#) at UIS and one of the categories is Government Solutions. Many at DoIT are working on innovative projects that improve service delivery and employees are invited to submit projects and ideas, if desired. Please note the deadline for submission is March 23 and all participation would be on an employee’s personal time.

DoIT FYIs & Reminders

Don’t get pinched! Wear your green on March 17th in honor of the Patron Saint of Ireland! Did you know that St. Patrick wasn’t even Irish by birth?

Remember that new positions are updated regularly on DoIT’s [job openings](#) page.
