

The DoIT Digest

Volume 3 Number 36

September 7, 2018

This Week:

- **Becoming *OneDoIT* with a Common Mission and Strategies**

This week marks the transition of the first group of IT employees from their respective agencies to fully join DoIT. As our extended family grows and we take a more enterprise approach to the services that we provide and the expertise we can lend across the state, it is even more important that we remain aligned and deliver the common messages of unification and transformation.

When Public Act 100-0611 was signed into law by Governor Rauner on July 20th, we were given the green light to ramp up the activities set forth by our mission statement and [Enterprise Strategies](#). Acting Secretary Lonbom has challenged each of us to take ownership of service delivery and commit to

these strategies until they become second nature every time we deliver service across all agencies and locations. We each have a part to play as we become a best-in-class organization and this will be achieved when all parts come together!

Our Enterprise Strategies:

Digital Transformation – Transform the State’s Information Technology Functions

Secure the State – Protect State Data and Systems from Cyber Attacks and Breaches

Efficiency through Innovation – Reduce Costs and Avoid Inefficiencies

Digital Enablement – Enable State Agencies to Provide Better Services to Illinois Citizens and Key Stakeholders

A Smarter State – Enact Digital Transformation by Promoting and Investing in Smart Technologies

Our *OneDoIT* Mission:

Empower the State of Illinois through high-value, customer-centric technology by delivering best-in-class innovation to client agencies, fostering collaboration and empowering client agencies to provide better services to residents, businesses and visitors while maximizing the value of taxpayer resources.

DoIT FYIs and Reminders

Please join us in welcoming 29 employees who just transferred to the *OneDoIT* family from Central Management Services, Financial and Professional Regulation, State Fire Marshall and Veterans’ Affairs. While we can’t all reside in the same geographic location, we can share the same goals and carry united messages of customer service as we deliver technology and services across the enterprise.

Reminder: DoIT Town Hall will be held on Tuesday, September 11th at 2:00 p.m. You can [Webcast non-captioned](#) or [open-captioned](#) from your desk.
