

## The DoIT Digest

Volume 3 Number 52

December 28, 2018

### This Week:

- Letter from Acting Secretary Kirk Lonbom

### Letter from Acting Secretary Kirk Lonbom

It has been my honor to serve the citizens of the state of Illinois and to complete my state career in support of all of you as the Acting Secretary of the Illinois Department of Innovation & Technology (DoIT). The digital transformation of state government is crucial to our citizens, and your collective vision, professional execution and unwavering support of this mission has continually inspired me.

With the initial creation of DoIT, the governor committed to digitally transform state government to address decades of technology neglect, provide better services to our citizens, improve cybersecurity and ensure the most effective use of valuable taxpayer resources. With the unanimous passage of Public Act 100-0611, the General Assembly fully supported this vision, demonstrating that the improvement of services and securing our state from the cybersecurity threat is truly a non-partisan priority.

I would like to thank you all from the bottom of my heart for your hard work and commitment to serve the citizens of the state of Illinois. Having the opportunity to work alongside all of you as the Secretary and State CIO has certainly been the pinnacle of my career and my honor.

I bid you a fond farewell as I retire from the State of Illinois. I am excited for the future of technology in Illinois and grateful that you will move impactful change forward. My very best to you all!

### DoIT FYIs and Reminders

State Offices will be closed on January 1st to ring in the New Year! Wishing you Health and Happiness in 2019!
