PREFACE

This report has been developed under the auspices of the Health Facilities Planning Act (20 ILCS 3960), which states in part:

“ Sec. 5.3. Annual report of capital expenditures.

In addition to the State Board's authority to require reports, the State Board shall require each health care facility to submit an annual report of all capital expenditures in excess of \$200,000 (which shall be annually adjusted to reflect the increase in construction costs due to inflation) made by the health care facility during the most recent year.”

The data were collected and compiled by the Illinois Department of Public Health, Office of Policy, Planning and Statistics, Division of Health Systems Development. HEALTH CARE FACILITIES IN ILLINOIS REPORT OF ANNUAL CAPITAL EXPENDITURES -- 2008

INTRODUCTION

This report has been developed by the Illinois Department of Public Health under the auspices of the Health Facilities Planning Board (state board) and Health Facilities Planning Act [20 ILCS 3960/5.3]. The act requires the state board to collect information on the capital expenditures of health care facilities throughout the state. Specifically, the information requested consists of the following:

- All capital projects for which \$268,700 or more was expended or obligated within the reporting period¹;
- A brief description of the project;
- The amount and method of financing;
- If a Certificate of Need permit has been issued, the number of that permit; and
- Anticipated capital projects for the following year.

This report is for calendar year 2008. The facilities surveyed include:

- Hospitals licensed under the Hospital Licensing Act - excludes federal facilities;
- Long-term care facilities (LTCs), licensed under the Nursing Home Care Act - skilled nursing, and facilities for the developmentally disabled (DD facilities); and
- Ambulatory surgical treatment centers (ASTCs) licensed the Ambulatory Surgical Treatment Center Act- except facilities only providing pregnancy termination.

It should be noted that this report does not include the following:

- Facilities not listed above (e.g., sheltered care, assisted living, state-owned facilities);
- Capital projects/expenditures below the reporting threshold (except as noted); and
- End stage renal dialysis facilities (ESRDs).

¹ \$268,700 is the reporting threshold specified in the Health Facilities Planning Act. Some facilities have reported capital projects below that threshold. Where this has occurred, those data are included in this report.

**HEALTH CARE FACILITIES IN ILLINOIS
REPORT OF ANNUAL CAPITAL EXPENDITURES – 2008**

The methodology used to collect the data is a questionnaire administered during calendar year 2008. The accuracy of the submittals is attested to by the administrator of the facility as being “true and accurate.”

SUMMARY OF FINDINGS

The following is a summary of findings from the information provided:

- \$3.2 billion in capital expenditures was reported by all facilities:
 - \$2.6 billion or 89.0 percent of all expenditures was reported by hospitals;
 - \$281 million or 9.5 percent reported by long-term care facilities; and
 - \$46 million or 1.6 percent was reported by ambulatory surgical treatment centers.

Table I provides information concerning fiscal year 2008 capital expenditures and related information for those Illinois health care facilities that reported data.

LTC	1,068	\$281,980,849
TOTALS	1,416	\$2,976,045,581

SURVEY FINDINGS -- HOSPITALS

There were 214 existing hospitals in Illinois at the end of 2008. Total hospital capital expenditures were more than \$2.6 billion in 2008. Table II provides a summary of capital expenditures.

² Several facilities provided services that were subject to different licensing requirements. For instance, some hospitals provided nursing services. To avoid double counting capital expenditures, facilities were counted only once and assigned to the facility type based upon the primary service that was provided.

**Table II
HOSPITAL CAPITAL EXPENDITURES**

Capital Expenditures:	More than \$20 million	\$10 million to \$20 million	\$1 million to \$10 million	Less than \$1 million
No. of Hospitals	26	34	106	48
Total Expenditures	\$1,687,714,654	\$501,440,608	\$439,486,411	\$19,033,414
% of Hospital Expenditures	63.7%	18.9%	16.6%	0.01%

The following is a summary of the findings relating to hospitals:

- The facilities reported \$2,647,675,087 in capital expenditures for 2008.
- There were 18 hospitals that had no expenditures in excess of \$268,700 during 2008. Of these 18, nine reported “zero” or no capital expenditures for 2008.
- Over 63.7 percent of the capital expenditures (\$1.7 billion) were incurred by 26 facilities that each had capital expenditures in excess of \$20 million.

SURVEY FINDINGS -- ASTCs

There were 134 ASTCs that were licensed and reported data at the end of 2008. Survey instruments were sent to all licensed ASTCs. Any ASTC whose capital expenditure questionnaire could be associated with a hospital was not included to prevent double counting of hospital expenditures. Forty-nine (49) facilities reported “zero” or no capital expenditures for 2008.

% of ASTC Expenditures	72.3%	13.4%	14.3%	0%

**HEALTH CARE FACILITIES IN ILLINOIS
REPORT OF ANNUAL CAPITAL EXPENDITURES – 2008**

The following is a summary of findings for ASTCs:

- Total reported capital expenditures were \$46,389,645 based upon data from facilities that reported expenditures for 2008.
- Of the facilities reporting capital expenditures for 2008, there were only eight facilities with capital expenditures in excess of \$1 million.
- Approximately 14 percent (19) of the facilities had capital expenditures exceeding \$268,700. Their expenditures exceeded \$39.7 million or 85.7 percent of all capital expenditures for ASTCs.

SURVEY FINDINGS -- LTCs

Long-term care (LTC) facilities include all facilities that are licensed by the Department of Public Health under the Nursing Home Act. These facilities provide skilled or intermediate nursing and sheltered care services. The August 2000 amendments to the Planning Act exempted sheltered care facilities from certificate of need requirement. All facilities that provide shelter care with other nursing services received the capital expenditure questionnaire. Any LTC facility whose capital expenditure questionnaire could be associated with a hospital was not included to prevent double counting of hospital expenditures. In addition, all state-owned facilities were excluded from the report leaving a total of 1,068 long-term care facilities reporting.

Table V
LONG-TERM CARE EXPENDITURES

Capital Expenditures:	More than \$1 Million	\$1 Million to \$268,700	Less than \$268,700	No. Expenditures Reported

% of LTC Expenditures	68.9%	16.3%	14.8%	0%

**HEALTH CARE FACILITIES IN ILLINOIS
REPORT OF ANNUAL CAPITAL EXPENDITURES – 2008**

The following is a summary of findings for LTC facilities:

- Total capital expenditures for LTC facilities were \$281,980,849 based upon data for 1,068 facilities that reported expenditures for 2008. There were 317 facilities that reported no expenditures.
- Approximately 69 percent of the capital expenditures (about \$194 million) were incurred by 36 facilities that each reported total capital expenditures for 2008 in excess of \$1 million.

FACILITY INFORMATION

This section of the report contains data tables pertaining to individual facilities. The tables include a list of facilities for which a capital expenditure response greater than zero (0) was received. Data concerning individual facilities consists of the total reported amount of capital expenditures for 2008.

The data are organized by facility type (e.g., hospital, ASTC, LTC) and arranged according to health service area (HSA) boundaries. A map of the HSAs is provided. Within each HSA, the information is sorted alphabetically first by city, and then by facility name.

The following is a list of the data tables that are contained in the remainder of this report:

- Map of Health Service Areas (page 6)
- Hospital Capital Expenditure (pages 7 - 13)
- Ambulatory Surgical Treatment Center Capital Expenditure (pages 14 - 16)
- Long-term Care Facility Capital Expenditure (pages 17 - 41)
