Re: Alterations to Permit #08-076 - Advocate BroMenn Medical Center

Dear Ms. Kannady:

We are in receipt of your letter dated January 16, 2012 notifying the Illinois Health Facilities and Services Review Board ("HFSRB") of an alteration to Permit #08-076. The letter describes changes which you consider necessary to report to HFSRB within 30 days after the alteration but which do not require the approval of HFSRB prior to implementation.

Based on the information you provided; the increase in the total space from the approved permit amount of 123,883 GSF to 129,211 GSF of space does not require submittal to HFSRB for approval. This determination is made in accordance with Section 1130.750 of HFSRB rules. This increase in space relates to non clinical services only. There is no change in the approved permit amount, or the number of beds or services approved.

Your letter and this response will be added to the project file. The rules referenced above are available at the HFSRB website, www.hfsrb.illinois.gov.

If you have questions regarding the contents of this letter, please contact me at 217/782-3516. Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Courtney R. Avery".

Illinois Health Facilities and Services Review Board
