Dear Mike:

Thanks for your patience. Please see the attachment for your requested Safety Net data on costs and patients. I have assembled the data per the sample table you sent me.

Also, please understand that ESRD doesn't have charity care as defined by the State of Illinois. ESRD patients are covered under both Medicare and Medicaid. Also the State of Illinois covers ESRD chronic hemodialysis as an emergency service. There are very few patients who are not eventually covered by some kind of insurance program in Illinois i.e. not many patients are self-pay.

Warm regards,
