Chicago, IL 60654-5313

Dear Mr. Green,

We received your letter requesting an assessment of the impact of your client's (United Urology Centers LLC) project on Rush-Copley Medical Center. As described in your letter, the proposed CON project is a one-room single-specialty ASTC for extracorporeal shockwave lithotripsy and laser procedures. The proposed ASTC will be located in LaGrange, which is over 30 minutes or 22 miles away from Rush-Copley Medical Center.

We anticipate this project will not have an impact on our facility.

Sincerely,

A handwritten signature in black ink, appearing to read 'Barry C. Finn', with a long horizontal line extending to the right.

Barry C. Finn  
President & CEO

In Re: Proposed ASTC

Dear Mr. Green:

Thank you for informing us of the proposal by United Urology Centers LLC to establish a single specialty ASTC in LaGrange, Illinois. In this location, there would likely be negligible impact on our clinical volumes.

Sincerely,

John R. Beberman  
Director of Capital Budget

Dear Edward Green,

We have received your letter of intent dated September 23, 2010. We have carefully reviewed and assessed the impact of another facility so close in proximity. This proposed facility would negatively affect our facilities revenue substantially. Our facility has two operating rooms and two procedure rooms and is currently operating at thirty percent of our capacity. After evaluating the proposed facility we must object to the building of this proposed facility.

We thank you for your kind attention to this matter. Please feel free to contact our facility for any questions you may have.

Sincerely,

  
James Gianfrancisco MD, FACS  
President

Justice Med Surg Center
