HEALTH FACILITIES &
SERVICES REVIEW BOARD

Dear Mr. Dale Galassie and the board.

I have been a dialysis patient for several years, and having to travel 40 minutes is too much to do anymore. I have been told many times that Silver Cross has a waiting list and is not able to take me, so I have to do my dialysis treatments in Plainfield.

I miss my dialysis treatments several times and then I have to go to the hospital I get very sick if I don't get my dialysis treatments. It will be a blessing if there was a dialysis facility close by. I have been praying for this to come true for several years, please help make my dream come true.

A lot of my friends currently on dialysis as well as myself will benefit so much from this. Thank you so much in advance for this.

Re: Project 10-066

Dear Mr. Galassie & Members of the Illinois Health Facilities & Services Review Board:

I have been a dialysis patient for over 6 years and I am currently receiving treatment at Fresenius Medical Care Plainfield. I live in Southeast Joliet in the community where Fresenius Medical Care is attempting to build a new dialysis clinic. I feel this clinic is greatly needed for the dialysis patients who live in this area. I was not able to get a schedule at any other dialysis clinic in Joliet and it is hard on me to travel to Plainfield for dialysis three times each week.

If I could be treated here where I live being on dialysis would be much easier for me. I would not spend so much time each week traveling to and from treatment. It would also be easier for me to get rides. If there are any further questions you may contact me at 815-530-7565 or 815-723-9295.

Sincerely,

Morgan Stanley

Project # 10-066

Dear Mr. Galassie & Members of
the Illinois Health Facilities & Ser-
vices Review Board:

I am a dialysis patient currently
receiving treatment at Fresenius me-
dical Care at Plainfield. I live in
the East side of Joliet in Ridgewood
South east Joliet in the Commu-
nity where Fresenius medical Care
is attempting to build a new
dialysis clinic. I feel this clinic
is greatly needed for the dialy-
sis patients who live in this area.

I was not able to get in any other
dialysis clinic in Joliet it is hard
on me to travel to Plainfield for

dialysis because I have to travel 30 minutes to Plainfield three times each week if I could be treated here where I live being on dialysis would be much easier for me because I live a block away were you are attempting to build a new dialysis clinic it would be much easier for me I would not spend so much time each week traveling and spend more time with my family and it would also be easier for me to get rides.

Sincerely,

Hector Rios
