RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Dear Friend of Centegra,

Thank you for your support over the past year. Donations from you and people like you are crucial in helping Centegra Health System provide the best possible healthcare in McHenry County.

We are always looking at community need and have supported incremental growth in healthcare services. Looking ahead, it is clear that there is a need in southern McHenry County and Northern Kane County.

In 2006, we promised to provide increased access to high-quality healthcare in this portion of the county. We accomplished that goal when we dedicated our Huntley campus in 2008. Since then, thousands of residents from the surrounding communities have benefitted from local quality healthcare and wellness services right in their own neighborhood.

We are excited to announce that we are building on that promise with plans to build the new Centegra Hospital-Huntley, a 360,000 square-foot, 128-bed full-service hospital. This \$233 million investment will include state-of-the-art technology, private patient rooms and a bright and airy architectural design intended to facilitate wellness and recovery.

We encourage you to visit CentegraHospitalHuntley.org to learn more about our exciting plans. The website is dedicated to sharing information about the plans for the new Centegra Hospital – Huntley.

We need your collaboration to gain authorization from the state to build the new hospital. Please help us and send a letter of support for this exciting project. You can sign the enclosed letter or use it as a guide to write your own. You may also visit the "Write a Letter of Support" link at CentegraHospitalHuntley.org to share your thoughts. On the website, you may also sign up to receive project updates through an electronic newsletter.

We are grateful for your support and want to thank you in advance for taking the time to help us. Letters may be mailed to the Foundation in the enclosed envelope.

At Centegra Health System, keeping you and your loved ones healthy is our primary goal and we are dedicated to serving you well beyond your expectation.

Best regards,

Gail D. Rudolph, CFRE
Centegra Health System Foundation

P.S. Having strong community support early in the authorization process has a dramatic impact. If possible, please send your letter by February 7, 2011.
