Thank you.

Tom Jensen  
Mercy Health System  
Director of marketing  
Walworth County, McHenry County, Internet Marketing

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

I live in Crystal Lake + the 2  
closest hospitals are Centegra ~~which~~  
which I won't go to. So I have to  
drive to Barrington, I would like  
another option closer to home.

Thank you for your consideration.

Additional comments:

In response to Dr Yavonne Yao's statement during the Mercy Health System Public Hearing: I worked with Dr Yao at Mercy Health System during the period she claims that sending and seeing patient at our Harvard Clinic was putting patients at risk.

During this time I heard her say she did not want to drive to Harvard, plain and simple, she never brought up patient safety. Dr Yao is a good physician and I can not imagine she would have provided inferior care to her patients. Many of the patients seen by our system are from Harvard and have limited access to transportation so actually this would have been a patient benefit if the patients simply needed a clinical exam.
