RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Mary Kay Letizia Date 3/1/2011

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

The distance to medical care, especially in
emergencies, is so critical to a patient's treatment.
The area being served by this new hospital,
is so densely populated already and it's
continuing to grow that this hospital would
definitely be well used. It's a win-win for
everyone.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my support for the Centegra Health System in Huntley community services.

I know Centegra and continues to provide quality care. Centegra has long provided outpatient service and Centegra purchases a long term plan for respiratory services.

I personally appreciate the new jobs and tax revenue.

Given the community need, this project will provide

I urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

400

Additional services are needed in the Huntley area to provide these services.

The community very seriously

needs additional services through the years. Centegra has brought to the area and has created a strong, long-term

plan. With these services, this project will bring

improved access to healthcare services in the surrounding areas, I strongly

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature  Date 4/12/11

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Mildred Bellich Date 3/14/11
