Subject: Project No. 10-090: July 26 technical assistance documentation

Frank,

This email documents my technical assistance telephone call with you on July 26, 2011 regarding Project No. 10-090, Centegra Hospital-Huntley. Mike Constantino and Juan Morado also participated on the call.

In response to the applicants' request to have Project No. 10-090 placed on the agenda for the Review Board's August 16, 2011 meeting, you advised that the Project would not be on the August agenda as the staff had been requested to analyze the McHenry County Healthy Community study and the applicants had received a request for additional information with a response date of July 28th. You advised that the Project would likely be on the October agenda and that it had not yet been determined whether the October meeting would be scheduled for one or two days. (I see that the October meeting is scheduled for two days as of today.) You also provided guidance on technical questions I had regarding the new public comment guidelines.

I appreciate you, Mike and Juan being available to provide technical assistance on these matters.

Dan
