HEALTH FACILITIES &  
SERVICES REVIEW BOARD

**VIA ELECTRONIC MAIL**

Ms. Courtney Avery, Board Administrator  
Illinois Health Facilities and Services Review Board  
2nd Floor

Springfield, Illinois 62761

**Re: Project # 10-090 – Centegra Health System/Centegra Hospital – Huntley (the “Centegra Project”)**

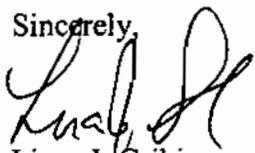

Dear Ms. Avery:

It has come to our attention that the records posted on the Illinois Health Facilities and Services Review Board’s (the “**Board**”) website for both the Centegra Project and the project proposed by Mercy Crystal Lake Hospital and Medical Center (Project #10-089) (the “**Mercy Project**”) were recently updated to include numerous documents that were filed in the administrative proceedings that followed the Board’s denial of the two projects. These documents relate only to the administrative process and should be irrelevant to the Board’s reconsideration of the projects. In fact, the inclusion of hundreds of pages of new material into the record of the Centegra Project and Mercy Project directly conflicts with the motion passed by the Board in June to expressly not allow additional written comment on the Board’s reconsideration of the Centegra Project.

Accordingly, we request that the additional material added to the records of the Centegra Project and Mercy Project, respectively, be stricken from each record and also be removed from the Board’s website. We also request that, prior to the Board meeting next week, the Board be instructed to disregard the additional material.
