**STATE AGENCY REPORT**  
**PERMIT RENEWAL REQUEST**

**I. Background**

On September 21, 2010, the State Board approved Project #10-038. The permit authorized the construction of a Medical Office Building (MOB) at 3024 East Empire Street, Bloomington. The State Agency notes the project is obligated, and the current project completion date is October 31, 2012. Project cost: \$24,056,490. 30/

The State Agency notes the permit holders submitted the permit renewal request on September 13, 2012. This submittal was in accordance with 77 IAC 1130.740(d), which states that renewal requests must be received by the State Agency at least 45 days prior to the permit expiration date. The application packet included a \$500.00 permit renewal fee.

**II. Findings**

The State Agency notes this is the first renewal request for this project and it appears the permit holders have submitted all of the information required in Section 1130.740 for a permit renewal.

### III. The Permit Renewal Request

- A. Requested Completion Date: The permit holders request a project completion date of August 31, 2013. This would extend the project's completion date by ten months, from October 31, 2012 to August 31, 2013.
- B. Status of the Project and Components Yet to be Finished: The permit holders state the project is approximately 93% complete. The site work, building foundation, and building exterior are complete. The remaining component is the physical therapy pool.
- C. Reason(s) Why the Project Has Not Been Completed: The permit holders' state the following events occurred, which delayed completion of the project:
- The permit holders state the process of obtaining the pool permit from IDPH has been lengthy. The initial permit application was submitted in January 2012, and required two subsequent resubmissions. The design team is currently working with IDPH to ensure the permit issuance occurs in the near future.
- D. Evidence of Financial Commitment to Fund the Project: The permit holders indicate \$15,741,349 (approximately 65% of the total project cost) has been expended to date.
- E. Anticipated Final Cost of the Project: The permit holders estimate the project will not deviate from the original permit amount of \$24,056,490, and sufficient financial resources exist to complete the proposed project.

### IV. Project Description & Other Background Information

**V. Applicable Rules for Permit Renewal Requests**

77 IAC 1130.740 specifies that a permit holder may request a change in the approved project completion date by applying for a permit renewal.

77 IAC 1130.740(b) states that failure to complete a project or to renew a permit within the prescribed timeframes will subject the permit holders to the sanctions and penalties provided in the Act and this Subpart.

77 IAC 1130.740(c) states that a permit renewal will commence on the expiration date of the original or renewed completion period.

77 IAC 1130.740(d) states that the State Board must be in receipt of a permit renewal request at least 45 days prior to the expiration date of the completion period, and include the following: 1) the requested completion date; 2) a status report on the project detailing what percent has been completed and a summary of project components yet to be finished and the amount of funds expended on the project to date; 3) a statement as to the reasons why the project has not been completed; and 4) confirmatory evidence by the permit holders' authorized representative that the project's costs and scope are in compliance with what the State Board approved and that sufficient financial resources are available to complete the project.

77 IAC 1130.740(e) states IDPH will review the request and prepare a report of its findings. If the findings are that the request is in conformance with all HFPB criteria, and if this is the first request for this project, then the request, IDPH's findings, and all related documentation shall be sent to the Chairman. The Chairman, acting on behalf of HFPB, will approve, deny or refer the request to the HFPB for action. If IDPH finds that all criteria are not positive or, if this is not the first request for this project, or if the Chairman refers this to HFPB for action, then HFPB will evaluate the information submitted to determine if the project has proceeded with due diligence (as defined in 77 IAC 1130.140). Denial of a permit renewal request constitutes HFPB's Notice of Intent to revoke a permit and the permit holders will be afforded an opportunity for an administrative hearing.

**VI. Other Information**

Appended to this report are the following: the permit holders' documents for a permit renewal, and a copy of the original State Agency Report.
