Re: UIMCC Alteration to Permit #10-073 Letter (10/27/16)  
HFSRB Determination Letter (11/22/16)

Dear Ms. Avery:

On October 27, 2015, The University of Illinois Medical Center (UI Health) and The University of Illinois Board of Trustees - Urbana submitted a letter to the Health Facilities and Services Review Board (HFSRB) with two requests. The first related to changes which the permit holders and their counsel consider necessary to report to the HFSRB but which did not require HFSRB approval prior to implementation. On November 22, Ms. Olson responded to the applicants and confirmed that, based on the information provided, the alteration pertaining to removal of the kitchen modernization from the project has been properly reported and did not require formal HFSRB approval.

The second request related to setting a date to meet with HFSRB Staff to discuss the potential of additional project changes. As of this date, we have not received any correspondence related to this meeting. We are very interested in moving forward with this meeting with whomever you deem appropriate. How might we best proceed?

Thank you for following up on this matter. If you have any questions, I can be reached at 312-996-3900 or by e-mail at [dhloff@uic.edu](mailto:dhloff@uic.edu).

Sincerely yours,

David H. Loffing  
Chief Operating Officer
