Re: Relinquishment of a Permit-10-065-Park Pointe - South Elgin Healthcare & Rehabilitation Center

Ms. Mitchell:

Pursuant to section 1130.775, Relinquishment of a Permit, Park Pointe South Elgin respectfully requests to withdraw and relinquish the permit issued for the skilled nursing facility in South Elgin for \$21,711,784

We are requesting this withdrawal due to the inability to provide further financing for this project. The funding and financing for this project was to be provided by private and/or EB5 funds as previously disclosed. Unfortunately, our Investor / Partner and EB5 Program Director passed away unexpectedly.

This permit issued in 2010 was based on need. After review of current inventory for Kane County it was determined that there is an excess of 258 beds. This excess of 258 beds, less our permit of 120 beds will still result in an excess 138 beds. These numbers clearly support that the need will still be met in the absence of this project.

In addition, recent market studies show that the average census in the primary market area averages 73% only further supporting how the bed need will be met in absence of the project.

We appreciate your patience with us on this project.
