Re: Crest Hill Dialysis Proj. No. 11-004

Dear Mr. Constantino:

Enclosed please find a certified copy of the Travel Time Study prepared by Sam Schwartz Engineering for Crest Hill Dialysis.

Please let me know if you have any questions about the Travel Time Study or need any additional information to complete your review.

Sincerely,

A handwritten signature in black ink, appearing to read "Anne M. Cooper".

Memorandum

To: Mr. Matthew Forsythe, DaVita, Inc.
From: Lynn M. Means, P.E., PTOE, Senior Transportation Engineer
David B. Miller, P.E., Senior Vice President and General Manager
Date: April 11, 2011
Re: Travel Time Survey – Proposed Dialysis Facility, Crest Hill, Illinois

Sam Schwartz Engineering, PLLC (SSE) was retained by DaVita, Inc. to conduct a travel time survey in connection with a proposed dialysis facility located at 20660 Caton Farm Road, within the Caton Crossing Center, in Crest Hill, Illinois.

The purpose of this travel time survey was to determine the travel times between the proposed dialysis facility site and other existing dialysis providers in the area. This memorandum documents SSE's survey methodology and presents a summary of the travel time data. Detailed travel time data for each surveyed route and time period is included in the Technical Appendix of this memorandum.

STUDY LOCATIONS

Travel time surveys were conducted between other existing dialysis providers in the area and the proposed dialysis facility (subject site) in Crest Hill, Illinois. Route origins and destinations were provided by the proposed facility representatives. The survey existing dialysis provider locations are listed below.

1. Silver Cross Renal West: 1051 Essington Road, Joliet
2. Fresenius Plainfield: 2320 Michas Drive, Plainfield
3. Sun Health: 2121 Oneida Street, Joliet
4. Fresenius Lockport: 1062 Thorton Street, Lockport
5. Fresenius Joliet: 721 East Jackson Street, Joliet
6. Fresenius Bolingbrook: 329 Remington Boulevard, Bolingbrook
7. Silver Cross Renal Center: 1200 Maple Road, Joliet
8. Silver Cross Renal Center Replacement Facility: 1890 Silver Cross Boulevard, New Lenox

Figure 1 illustrates the existing dialysis provider locations referenced as part of this travel time survey. The subject site representing the location of the proposed dialysis facility in Crest Hill is also shown.

DATA COLLECTION

Travel time data was collected for each subject site and existing dialysis provider route previously listed. A detailed account of the survey methodology is as follows.

Survey Methodology

The surveys were conducted on a non-holiday weekday during the typical weekday midday off-peak periods, on Tuesday, April 5, 2011 during the midday off-peak hours (9:31 AM to 3:29 PM). No more than one third of the round trips started or concluded during the weekday morning (6:30 to 9:30 AM) or weekday evening (3:30 PM to 6:30 PM) peak periods.

Each survey was based on a direct route between the subject site and each existing dialysis provider. For the purpose of consistency, each survey route was identified by referencing <http://maps.google.com/>. The drivers traveled in the platoon of traffic and/or at the prevailing speed along the survey route. Any occurrences of roadway construction or other abnormal traffic conditions observed during the survey were documented accordingly. Drivers began recording travel times as they were ready to progress forward at the subject site or and stopped when they reached the existing dialysis provider site and vice versa for the return trip. Travel time data was collected for six one-way trips (three in each direction) for each route identified for this study.

TRAVEL TIME DATA

All results for each individual run of the travel time survey were recorded into summary tables and are included in the attached technical appendix, along with the <http://maps.google.com/> survey route for each run. A concise summary of the findings for each survey route is presented in **Table 1** for the subject site and existing dialysis provider routes.

**Table 1: Summary of Travel Times:
Subject Site (Crest Hill) – Existing Dialysis Provider Routes**

To/From	Distance (miles)	Average Travel Time (mm:ss)
Silver Cross Renal West (Joliet)	3.9	11:08
Fresenius Plainfield (Plainfield)	5.4	14:10
Sun Health (Joliet)	3.5	9:57
Fresenius Lockport (Lockport)	6.2	13:20
Fresenius Joliet (Joliet)	5.3	14:09
Fresenius Bolingbrook (Bolingbrook)	13.6	21:58
Silver Cross Renal Center (Joliet)	6.1	15:39
Silver Cross Renal Center Replacement Facility (New Lenox)	10.0	21:38

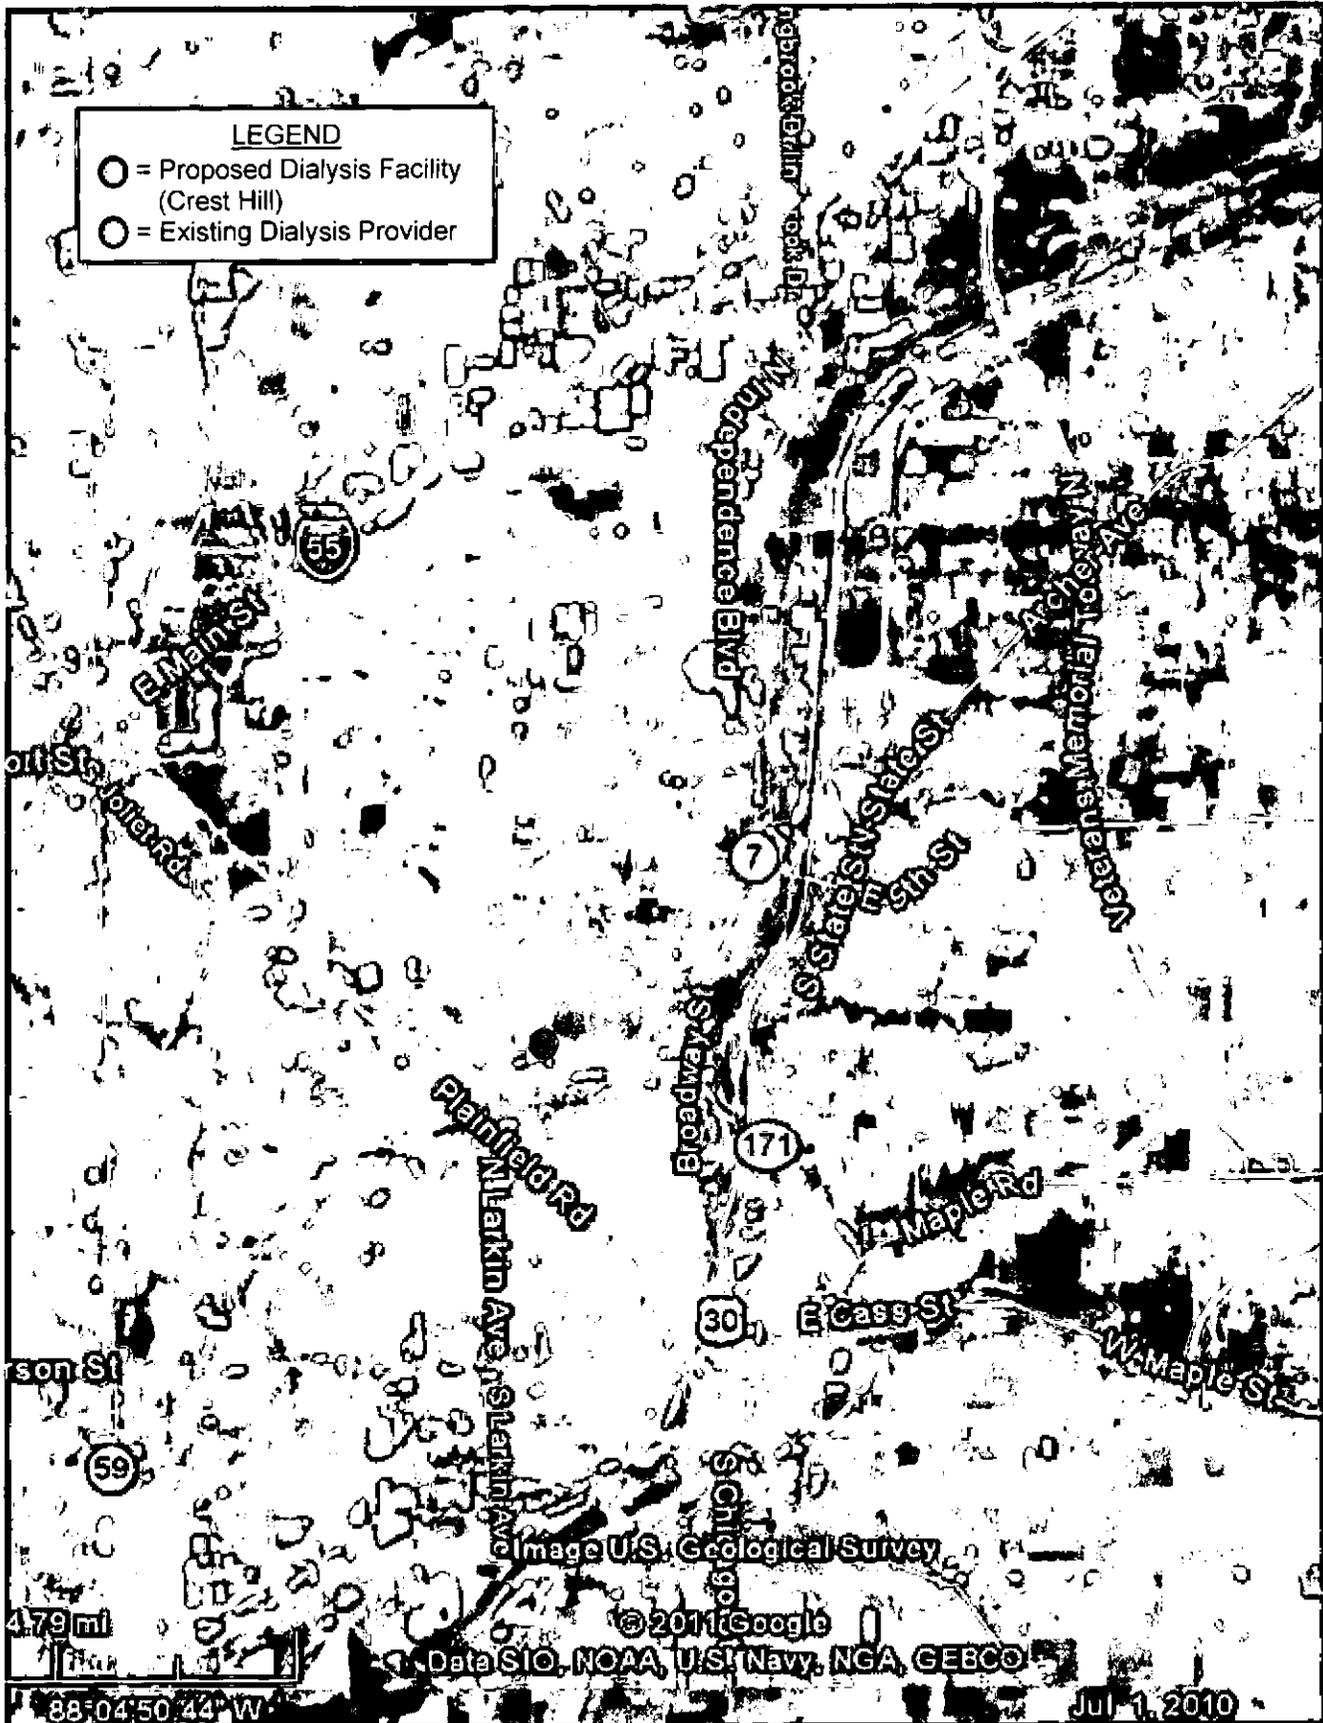

Should you have any questions, please do not hesitate to contact SSE at (630) 213 -1000.
