REF: Health Facilities Planning Act, Project #11-014 Hart Road Pain and Spine Institute

Dear Mr. Peters:

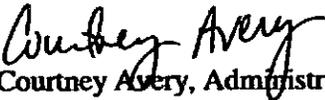

Thank you for your support of the Illinois Health Facilities and Services Review Board (the Board). The Board appreciates the valuable input and recommendations offered by the Illinois Hospital Association staff and its members. It is always a pleasure to experience positive focused collaborations.

In regards to your comments pertaining to Project #11-014, Hart Road Pain and Spine Institute, referrals for the establishment of a new Ambulatory Surgical Treatment Center (ASTC) must come from a health care facility licensed by the Illinois Department of Public Health. This includes a hospital or ASTC. Referrals from office practices are not included in the Board's staff review. The State Agency Report only reflects applicable referrals.

Please be assured that your comments are included in the State Agency Report and your letter in its entirety will be forwarded to HFSRB members. Also, for your information - the Hart Road Pain and Spin Institute, Project #11-014 is scheduled to be heard at the State Board June 28, 2011 State Board Meeting which will be held at the Holiday Inn Banquet & Conference Center, 411 South Larkin Avenue, Joliet, Illinois.

Again, thank you for your support and feedback. Should you have any questions or need additional information, I can be reached at 312 814 4825 or 217-782-3516.

Sincerely,

  
Courtney Avery, Administrator  
Illinois Health Facilities and Services Review Board
