Re: U.S. Renal Care Bolingbrook Dialysis

Dear Mr. Galassie:

I am a patient with chronic kidney disease writing in support of the proposed U.S. Renal dialysis facility to be built in Bolingbrook, Illinois. The Bolingbrook area has seen much growth and the current local dialysis clinic cannot accommodate all patients needing this service.

Healthcare for dialysis patients needs to be of high quality and patient choice of a facility and the doctors who treat them is very important to achieving and maintaining such quality. I support the approval of a U.S. Renal location to be built in Bolingbrook.

Sincerely,

A handwritten signature in cursive script, appearing to read "Dale H. Kitting", is written over a horizontal line. Below this line is another horizontal line, which is currently blank.
