Dear Ms. Avery,

As the Dean of the Humboldt Park Vocational Education Center (HPVEC) of Wilbur Wright College, one of the City Colleges of Chicago, I am writing to voice my support of the proposed merger of Provena Health and Resurrection Health Care.

In my role as Dean of HPVEC, I have worked side by side with Saint Mary of Nazareth Hospital. We are located in the community served by Saint Mary of Nazareth Hospital, and given our role in serving the community residents, I strongly urge you to support this very important project. Resurrection Health Care hospitals have provided access to high quality care for some of the Chicago area's most challenged communities including many of our students. I am pleased that under the terms of this proposed merger, they will continue to provide the same levels of service to the poor and underserved.

A combined Resurrection Health Care and Provena Health will better position the new system's hospitals, long-term care facilities, outpatient centers and other programs and facilities to continue to serve the patients and communities that have traditionally looked to those facilities and programs for care. This system merger is intended to preserve access to Catholic health care; improve financial viability; improve patient, employee, and medical staff satisfaction through a shared culture and integrated leadership; and position the combined system for innovation and adaptation under health care reform.

I fully support the Certificate of Need that will bring this hospital into the new system formed by the merger of Provena Health and Resurrection Health Care.

Sincerely,

Madeline Roman-Vargas, Dean
