**HEALTH FACILITIES &
SERVICES REVIEW BOARD**

Dale Galassie, Chairman
Illinois Health Facilities and Services Review Board
525 W. Jefferson Street
2nd Floor
Springfield, IL 62761

Dear Mr. Galassie:

I regret to inform you that Oak Brook Surgical Centre is **opposed** to the establishment of a limited specialty ambulatory surgical treatment center by Palos Hills Surgery Center, LLC.

There is not a need in our HFPB planning area for any additional surgical services. There are a multitude of office-based surgical facilities, ambulatory surgical centers, and hospitals with outpatient surgical facilities within our planning areas that are not operating at full capacity and the introduction of yet another ambulatory surgical center would impede the resources already available. It is feasible that the introduction of another ASC could negatively impact our organization by at least 10%.

Our facility does hereby **oppose** any plan by Palos Hills Surgical Center, LLC to establish any ambulatory surgical facility, as there are sufficient services to meet the needs of patients in our geographic area.

Sincerely,

Ali Nili
Chief Operating Officer
