Dear Dr. Movva,

I am writing to thank you for the generosity you have shown me since finding myself without medical insurance coverage. As a patient of eleven years, I feel very blessed that I have been able to continue my gastrointestinal care with you in the outstanding clinical setting you provide. Over the years, you have been very attentive to my medical concerns and dutiful in your efforts to find solutions. When I found myself without insurance, I was unsure how I could continue care for my ailment without creating financial burden for myself. Your offer to perform an upper endoscopy at no charge to rule out the presence of polyps was an act of kindness which will never be forgotten. The peace of mind I enjoy as a result of the charity care received at Gastroenterology Consultants is invaluable.

With deepest appreciation,
