Mr. Joseph Sheehy, CEO
The Pavilion Foundation
809 West Church Street
Champaign, IL 61820

Dear Mr. Sheehy,

I have the distinct pleasure of supporting the Pavilion Behavioral Health System in Champaign-Urbana by writing a letter of support for a Certificate of Need in order to expand their adult/youth acute-care psychiatric in-patient program. The Pavilion has consistently provided quality mental health services in the central and southern Illinois area for an unprecedented number of years. Over the years the challenge of the limited space for new clients has limited the Pavilion's ability to provide essential mental health services to the population served. Expanding the adult and youth acute care psychiatric in-patient program will address the need to design a modernized facility that will provide state-of-the-art care in mental health services in central and southern Illinois.

After reviewing the details of the expansion and data related to changes that they would like to make, it is clear that this project will have a significant positive impact upon the quality and availability of mental health care in our region.

Please be aware the Southern Illinois Regional Social Services of Carbondale, IL and the H Group of West Frankfort and Marion, IL are merging. Currently, I am the Crisis Manager at both locations. Please accept this letter as a letter of support for both agencies.

If I can provide additional information regarding my support of the Pavilion Behavioral Health System, please feel free to contact me at 618-457-6704 ext. 229 or 618-983-6483.

Sincerely,

Verletta A. Saxon, PhD, LCPC, CRC
Crisis Manager

Champaign, IL 61820

Dear Mr. Sheehy,

It has been brought to my attention that Pavilion Behavioral Health System in Champaign-Urbana is under consideration for a Certificate of Need regarding an expansion of their adult/youth acute-care psychiatric in-patient program. For many years, The Pavilion has played a vital role in providing the citizens of central and southern Illinois with quality mental health services. As Pavilion continues to grow, they clearly have exceeded the demands of their current infrastructure. This particular project addresses this need in designing a modernized facility that will provide state-of-the-art care in mental health services.

After reviewing the details of the expansion, it is clear that this project will have a significant positive impact upon the quality and availability of mental health care in our region.

Should you have any additional questions, I would be more than happy to discuss this matter with you further. I can be reached at 618-273-3326, ext. 2244.

Best regards,

Toni Anderson, MS, QMHP
